
A BILL FOR AN ACT

RELATING TO ELECTRONIC SMOKING DEVICES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the introduction of
2 flavored e-cigarettes, electronic smoking devices, and other
3 electronic nicotine delivery systems into the marketplace has
4 had a negative impact on Hawaii's youth. According to the
5 Hawaii Youth Risk Behavior Survey, Hawaii suffers from the
6 highest rate of usage of e-cigarettes among middle school
7 students and the second highest rate of usage among high school
8 students in the nation. The United States Surgeon General,
9 United States Department of Health and Human Services, and
10 Centers for Disease Control and Prevention caution against the
11 use of electronic nicotine delivery systems due to the highly
12 addictive nature of nicotine and its potential detriment to
13 developing adolescents.

14 There has been recent federal action to better regulate
15 electronic nicotine delivery systems, with the implementation of
16 the premarket tobacco product applications--the equivalent of a
17 federal Food and Drug Administration scientific certification.

1 All manufacturers of existing tobacco products and new tobacco
2 products were required to submit premarket tobacco product
3 application to the Food and Drug Administration by September 9,
4 2020, to continue legal sales of those products. In January
5 2021, the Food and Drug Administration began issuing warning
6 letters to manufacturers that failed to submit premarket tobacco
7 product applications for products being marketed for sale.

8 The legislature further finds that at the end of December
9 2020, Congress passed and the President signed the Consolidated
10 Appropriations Act, 2021 (P.L. 116-260). Title VI of division
11 FF of the Consolidated Appropriations Act, 2021, named the
12 "Preventing Online Sales of E-Cigarettes to Children Act",
13 extended the restrictions on interstate shipping and sales of
14 cigarettes and smokeless tobacco, and extended the prohibition
15 on the mailing of cigarettes through the United States Postal
16 Service to include electronic nicotine delivery systems. This
17 has the effect of ensuring only private package delivery
18 companies, such as the United Parcel Service and FedEx, can
19 deliver electronic nicotine delivery systems. This federal
20 legislation helps to close the loopholes in underage illegal
21 purchasing of electronic nicotine delivery systems, as all

1 deliveries of electronic nicotine delivery systems will now
2 require verification that a person is at least twenty-one years
3 of age with a government-issued identification.

4 The purpose of this Act is to:

- 5 (1) Expand the purposes for which moneys in the tobacco
6 enforcement special fund may be used to include all
7 functions of the department of the attorney general;
- 8 (2) Better regulate and ensure the removal of unsafe,
9 noncertified electronic nicotine delivery systems from
10 the marketplace by expanding the scope of the
11 electronic smoking device retailer registration unit
12 within the department of the attorney general;
- 13 (3) Establish a special fund for the deposit of moneys
14 collected for violations of electronic smoking device
15 compliance; and
- 16 (4) Curb the use of electronic smoking devices and tobacco
17 products by amending the fine amounts for persons
18 under twenty-one years of age who purchase or possess
19 such devices or products.

20 SECTION 2. Section 28-15, Hawaii Revised Statutes, is
21 amended by amending subsection (b) to read as follows:

1 "(b) The tobacco enforcement special fund shall be
2 administered by the department of the attorney general and shall
3 be used for administering, operating, monitoring, and ensuring
4 compliance with and enforcement of:

5 (1) The Master Settlement Agreement as defined in chapter
6 675 and any other statutes or programs relating to
7 that agreement;

8 (2) Chapter 675;

9 (3) Tobacco prevention programs;

11 any other statutes or programs relating to that
12 chapter;

7 is reasonably necessary to protect the health, safety, or
8 welfare of consumers of electronic smoking devices and for the
9 enforcement of the laws that regulate the sale of electronic
10 smoking devices."

11 SECTION 5. Section 28-166, Hawaii Revised Statutes, is
12 amended to read as follows:

19 possession of any books, papers, and records, and the person's
20 agents and employees, are directed and required to give the unit
21 opportunities for examination of applicable records.

1 (b) The unit may inspect the operations, premises, and
2 storage areas of any entity engaged in the retail sale of
3 electronic smoking devices as necessary.

4 (c) The unit shall enforce compliance of any electronic
5 smoking device with the Federal Food, Drug, and Cosmetic Act, as
6 amended by the Family Smoking Prevention and Tobacco Control Act
7 and its regulations, and shall have all powers necessary for the
8 enforcement of compliance, including but not limited to
9 inspection warrants, search warrants, warning letters, seizure
10 and disposal, injunction, and criminal prosecution and fines, in
11 addition to any other administrative or judicial remedy provided
12 by law.

13 (d) There is established in the state treasury the
14 electronic smoking device retailer registration and enforcement
15 unit special fund to be administered by the department of the
16 attorney general and into which shall be deposited all moneys
17 collected for violations of electronic smoking device compliance
18 pursuant to subsection (c). Moneys in the special fund shall be
19 used to support a portion of the operating expenses of the
20 unit."

1 SECTION 6. Section 712-1258, Hawaii Revised Statutes, is
2 amended by amending subsection (6) to read as follows:
3 "(6) Any person who violates subsection (1) or (4), or
4 both, shall be fined \$500 for the first offense. Any subsequent
5 offenses shall subject the person to a fine [~~not~~] no less than
6 \$500 nor more than \$2,000. Any person under twenty-one years of
7 age who violates subsection (5) shall be fined [~~\$10~~] \$ _____
8 for the first offense. Any subsequent offense shall subject the
9 violator to a fine of [~~\$507~~] \$ _____, no part of which shall
10 be suspended, or the person shall be required to perform [~~not~~]
11 no less than forty-eight hours nor more than seventy-two hours
12 of community service during hours when the person is not
13 employed and is not attending school. Any tobacco product or
14 electronic smoking device, as those terms are defined in
15 subsection (7), in the person's possession at the time of

17 to the State, and destroyed by law enforcement following the
18 conclusion of an administrative or judicial proceeding finding
19 that a violation of subsection (5) has been committed. The
20 procedures set forth in chapter 712A shall not apply to this
