JUSTIFICATION SHEET

DEPARTMENT: Budget and Finance

TITLE: A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM.

PURPOSE: Clarify the definition of "compensation" for retirement benefit computation purposes to ensure that retirement benefits are computed fairly and equitably for all public employees and to facilitate employer reporting of compensation on a consistent and timelier basis.

MEANS: Amend sections 88-21 and 88-21.5, Hawaii Revised Statutes.

JUSTIFICATION: This bill amends sections 88-21 and 88-21.5 to define "compensation" as the base compensation rate designated by the employee's personnel action report notification or certification. The ERS receives payroll reports from eight separate employers, which include the State of Hawaii and the counties. Currently, the various employers define and report base compensation inconsistently and in order to fairly compute retirement benefits for the employees of all employers the ERS proposes, with this bill, a definition by which all employees' retirement benefits will be computed fairly and equitably.

Impact on the public: None.

Impact on the department and other agencies: Would facilitate employer reporting of compensation on a more consistent and timelier basis. May require additional personnel and payroll review of data for required field definitions.

GENERAL FUND: None.

OTHER FUNDS: For employees with membership dates after June 30, 2012, possible reduction of retirement benefits due to deletion of recurring and shortage differentials.

PPBS PROGRAM
DESIGNATION: BUF-141/Retirement.

OTHER AFFECTED
AGENCIES: State and counties.

EFFECTIVE DATE: Upon approval and shall apply to reported transactions after December 31, 2021.
