
A BILL FOR AN ACT

RELATING TO THE COUNTY BOARDS OF WATER SUPPLY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Article XII, section 2, of the state
2 constitution states in part that "The State and its people do
3 further agree and declare that the spirit of the Hawaiian Homes
4 Commission Act looking to the continuance of the Hawaiian homes
5 projects for the further rehabilitation of the Hawaiian race
6 shall be faithfully carried out." This obligation held by the
7 State is also held by the counties, which are under article VIII
8 of the state constitution political subdivisions of the State.
9 Furthermore, the lack of available water has been and
10 remains a significant barrier to the State's ability to
11 faithfully carry out Hawaiian homes projects. The county boards
12 and departments of water supply have no administrative rules or
13 policies for differentiating and prioritizing the development
14 and provision of water for Hawaiian homes projects when compared
15 to other State or even private projects and, therefore, some
16 counties have treated the department of Hawaiian home lands like
17 any other developer.

H.B. NO. 968

1 Furthermore, working with the department of Hawaiian home
2 lands, the commission on water resource management has set some
3 ground water and surface water reservations for Hawaiian homes
4 projects on Kaua`i, O`ahu, Moloka`i, Lāna`i, Maui, and Hawai`i
5 islands, and continues to set additional reservations in partial
6 fulfillment of the requirements of section 174C-101(a), Hawaii
7 Revised Statutes.

8 Furthermore, this necessary action by the commission on
9 water resource management will result in being nothing more than
10 the noting of numbers on paper unless the counties as political
11 subdivisions of the State, and particularly their boards and
12 departments of water supply, fulfill their legal obligations to
13 faithfully take actions within their powers to fulfill the
14 Hawaiian Homes Commission Act in spirit and practice.

15 The purpose of this Act is to clarify requirements on the
16 county boards of water supply to fulfill the Constitutional
17 mandate.

18 SECTION 2. Chapter 54, Hawaii Revised Statutes, is amended
19 by adding to part II a new section to be appropriately
20 designated and to read as follows:

21 "§54- County boards of water supply and their obligation
22 to the department of hawaiian home lands. (a) Prior to June 30

1 of each fiscal year, each board of water supply shall transmit
2 to the department of Hawaiian home lands an accounting of all
3 water credits held by the county for all of their respective
4 systems. The department of Hawaiian home lands shall inform the
5 counties by no later than September 30 of that same fiscal year
6 the number of credits it requires for its uses under section 221
7 of the Hawaiian Homes Commission Act. The boards shall reserve
8 those credits for the use of the department of Hawaiian home
9 lands and not allocate them to any other user unless the
10 department of Hawaiian home lands surrenders those credits.

11 (b) In the negotiation of any water development, water
12 credit, or similar agreement, the counties shall not withhold
13 any water developed by the department of Hawaiian home lands for
14 the board of water supply's own use and allocation, but shall
15 instead credit the department of Hawaiian home lands the full
16 amount of credits justified by the water development.

17 (c) Each board of water supply shall develop policies to
18 implement in case of water shortage that do not call for equal
19 percentage reductions in use, but rather first require
20 reductions in non public trust uses of water, including the uses
21 on Hawaiian home lands under section 221 of the Hawaiian Homes
22 Commission Act.

1 (d) No later than July 30, 2022, each board of water
2 supply shall apply for water licenses of any waters they develop
3 or have in their system emanating from state lands, under
4 section 171-58.

5 (e) This section shall apply to the board of water supply
6 and the counties notwithstanding any provisions in a county
7 charter or ordinance to the contrary."

8 SECTION 3. Section 54-12, Hawaii Revised Statutes, is
9 amended to read as follows:

10 "**§54-12 Board of water supply.** If a county does not have
11 an existing board of water supply, there shall be a board of
12 water supply for each county consisting of seven members of whom
13 five shall be nominated, and by and with the advice and consent
14 of the council, appointed by the mayor, provided that at least
15 one of the five members shall represent the interests to be
16 served by the allocation of water for current and foreseeable
17 development and use of Hawaiian home lands as set forth in
18 section 221 of the Hawaiian Homes Commission Act, one of whom
19 shall be the state district engineer of the state department of
20 transportation and one of whom shall be the chief engineer of
21 the respective county.

1 No employee or officer of any county shall be eligible to
2 serve as a board member, except as otherwise provided herein.

3 The members of the board shall serve without pay, but shall
4 be reimbursed for their reasonable expenses incurred in the
5 discharge of their duties as members of the board.

6 The term of office of each appointed member of the board
7 shall be five years from the date of the member's appointment;
8 provided that of the initial members one shall be appointed for
9 a term to expire on January 1, 1963; one for a term to expire on
10 January 1, 1964; one for a term to expire on January 1, 1965;
11 one for a term to expire on January 1, 1966; and one for a term
12 to expire on January 1, 1967. Any vacancy occurring on the
13 board shall be filled in accordance with the foregoing
14 provisions for the unexpired portion of the term concerned."

15 SECTION 4. Section 54-52, Hawaii Revised Statutes, is
16 amended to read as follows:

17 "**§54-52 Appointment.** The eight appointive members of the
18 board of water supply shall be appointed by the chairperson of
19 the council of the county, with the approval of the council[-],
20 provided that at least two of the eight members shall represent
21 the interests to be served by the allocation of water for
22 current and foreseeable development and use of Hawaiian home

1 lands as set forth in section 221 of the Hawaiian Homes
2 Commission Act. The chairperson shall likewise designate the
3 chairperson of the board of water supply from among the
4 appointive members. The members of the board shall serve
5 without pay, but shall be reimbursed for their reasonable
6 expenses. Each member of the board shall be, at the time of the
7 member's appointment, an elector of the county of Hawaii and
8 shall have been such for at least three years next preceding the
9 member's appointment. Any member of the board may be removed
10 from office by the chairperson of the council of the county,
11 with the approval of the council.

12 Membership of the board shall include four members who are
13 residents of the district of North or South Hilo[+], provided
14 that at least one of the four members shall represent the
15 interests to be served by the allocation of water for current
16 and foreseeable development and use of Hawaiian home lands as
17 set forth in section 221 of the Hawaiian Homes Commission Act
18 and; one of the four members shall be the person who for the
19 time being shall be the legal incumbent of the office of the
