SPEAKER'S OFFICE

The Honorable Scott K. Saiki
Speaker of the House
Hawaii State Capitol
415 South Beretania Street
Honolulu, HI 96813-2425

Dear Speaker Saiki:

We are all aware of the alleged DUI incident involving Representative Sharon Har. This is not the behavior we expect of our elected officials and we are appalled with her actions during and after the incident.

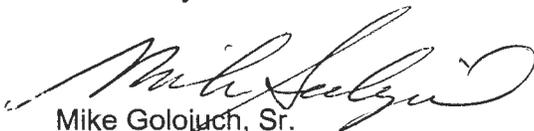

Representative Har apologized to her fellow legislators and the general public with an explanation of cause being medication and a single beer. Her constituents received correspondence from her on March 2nd.

Since the tragic incident, numerous conflicts between her and the police reports keep surfacing, including the footage of the police body cameras. Representative Har's statements have been unprofessional, and in direct opposition of her initial statements.

We, therefore, ask that her case be referred to the Standards of Conduct Committee for investigation and any appropriate action.

A response can be sent to 92-954 Makakilo Drive #71, Kapolei, HI 96707-1340.

Sincerely,

Mike Golojuch, Sr.
District 42 Chair
