
A BILL FOR AN ACT

RELATING TO VISION ZERO.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that vision zero is a
2 traffic safety program that seeks to end traffic deaths and
3 serious injuries.

4 The legislature further finds that the idea originated in
5 Sweden, which adopted vision zero as a national policy in 1997
6 and by 2013 had achieved a record low of road accident
7 fatalities. In 2000, the state of Washington became the first
8 in the United States to adopt the program and to set an
9 aggressive goal of zero traffic deaths and serious injuries by
10 2030. Washington reported that the state averaged twenty-two
11 fewer traffic fatalities and eighty fewer serious injuries each
12 year from 2002 to 2011.

13 The legislature finds that many of the country's large
14 cities, including Boston, Chicago, Los Angeles, New York, and
15 Washington, D.C., and certain states, including Maryland, North
16 Carolina, and North Dakota, have adopted vision zero or similar
17 programs. The Federal Highway Administration is also committed

1 to eliminating traffic fatalities and serious injuries, adopting
2 a policy called "toward zero deaths."

3 The purpose of this Act is to require the department of
4 transportation to implement a vision zero program.

5 SECTION 2. Section 286-7.5, Hawaii Revised Statutes, is
6 amended to read as follows:

7 "~~{}~~§286-7.5~~{}~~ **Vision Zero.** (a) The department of
8 transportation and the county transportation departments shall
9 ~~[adopt]~~ implement a Vision Zero ~~[policy.]~~ program by July 1,
10 2022.

11 (b) The goal of the Vision Zero program shall be to
12 eliminate all traffic fatalities and serious injuries in Hawaii
13 by 2045 through a combination of engineering, enforcement,
14 education, and emergency response strategies that focus on
15 equity.

16 (c) The department of transportation, in conjunction with
17 the counties, shall take the necessary steps to implement the
18 program.

19 (d) The director of transportation may adopt rules
20 pursuant to chapter 91 for the purposes of this section.

1 (e) No later than twenty days prior to the convening of
2 each regular session, the department of transportation shall
3 submit a report to the legislature, including any proposed
4 legislation, on the progress made toward the goal of eliminating
5 traffic fatalities and serious injuries."

6 SECTION 3. Statutory material to be repealed is bracketed
7 and stricken. New statutory material is underscored.

8 SECTION 4. This Act shall take effect upon its approval.

Report Title:

DOT; Vision Zero

Description:

Requires the Department of Transportation and the counties to implement a vision zero program in Hawaii by 7/1/2022. Establishes a goal of no traffic fatalities or serious injuries by 2045. (SD1)
