
A BILL FOR AN ACT

RELATING TO POLICING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that, in 2016, the
2 Washington D.C. Council unanimously passed the Neighborhood
3 Engagement Achieve Results (NEAR) Act, which provides a
4 comprehensive framework to promote public safety and reduce
5 crime in the District. Recognizing that a number of issues in
6 communities have been criminalized, thus leading to high rates
7 of incarceration and the breakdown of those communities, the
8 NEAR Act consists of several tools and public safety initiatives
9 designed to reduce violent crime, reform criminal justice
10 provisions, and improve community-police relations. One of
11 these tools is a requirement that the D.C. Metro Police
12 Department collect data on felony crimes, stops and frisks, and
13 use of force incidents in an effort to build transparency,
14 increase community trust, and improve internal accountability
15 and data analysis.

16 Accordingly, the purpose of this Act is to require each
17 county police department to collect certain data regarding

1 police stops, uses of force, and arrests, and submit to the
2 legislature annual reports to help the State identify offenses
3 that should be decriminalized; better determine conditions for
4 situations of interest, such as trends in the use of force;
5 safeguard law enforcement officers from injury; and allow
6 greater overall academic analysis of policing in the State.

7 SECTION 2. Chapter 52D, Hawaii Revised Statutes, is
8 amended by adding a new section to be appropriately designated
9 and to read as follows:
