
A BILL FOR AN ACT

RELATING TO SCHOOL IMPROVEMENTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. (a) The department of education shall conduct
2 an electrical assessment on all public and conversion charter
3 schools in the State to determine whether each school's
4 electrical capacity will allow for the installation of air
5 conditioning units and other air purifying devices in each
6 classroom to improve ventilation.

7 (b) The department of education shall submit a report of
8 its findings and recommendations regarding whether the
9 electrical capacity will allow for the installation of air
10 conditioning units and other air purifying devices in each
11 classroom of all public and conversion charter schools in the
12 State to the legislature no later than December 31, 2021. The
13 report shall note the level of need for air conditioning units
14 in the classrooms of all public and charter school in the State.

15 SECTION 2. This Act shall take effect upon its approval.

Report Title:

Education; Electrical Capacity; Air Conditioning; Schools;
Department of Education; Report

Description:

Requires the department of education to conduct an electrical assessment on all public and conversion charter schools in the State to determine whether its electrical capacity will allow for the installation of air conditioning units and other air purifying devices and note the level of need in each classroom. Requires the department of education to submit a report of its findings and recommendations to the legislature no later than December 31, 2021. (SD1)
