

THOMAS JACOBS

Safety Manager

GOV. MSG. NO. 593

Years of Experience: 23 years in the industry

Tom has over two decades of experience in construction safety throughout all phases of construction. He is always eager to utilize new ideas and experiences to increase project safety. He has excellent written and oral communication skills, and works well with project management teams to incorporate safety with production. Tom has conducted numerous safety trainings, including OSHA 10 and 30-hour certification training, fall protection, respiratory protection, scaffolding safety, powered industrial truck safety, excavation and trenching safety, first aid/CPR training, and aerial lift platform safety.
