

Allen Martin

GOV. MSG. NO. 782

To whom it may concern,

I can't list any number of job experiences as I've had my own business since the 70's. I'm a retired business owner who ran a small business till 2010.

I had to hire, train and fire if necessary. I also had to tackle advertising and customer sales and support.

I'm also a veteran having served in the US Coast Guard.

I've had experience in the past as a carpenters apprentice, and auto repair when I was younger and still do my own home repair and auto service.
