

H.B. NO. 386

1 "Authorized collector" means any of the following persons
2 or entities that have entered into an agreement with a program
3 operator to collect covered drugs:

4 (1) A person or entity that is registered with the federal
5 Drug Enforcement Administration and that qualifies
6 under federal law to modify its registration to
7 collect controlled substances for the purpose of
8 destruction;

9 (2) A law enforcement agency; or

10 (3) An entity authorized by the department to provide an
11 alternative collection method for certain covered
12 drugs that are not controlled substances.

13 "Collection site" means the location where an authorized
14 collector operates a secure collection receptacle for collecting
15 covered drugs.

16 "Controlled substance" means a drug, substance, or
17 immediate precursor in schedules I through V of part II of
18 chapter 329.

19 "Covered drug" means a drug from a covered entity that the
20 covered entity no longer wants and that the covered entity has
21 abandoned or discarded or intends to abandon or discard.

H.B. NO. 386

1 "Covered drug" includes legend drugs and nonlegend drugs, brand
2 name and generic drugs, drugs for veterinary use for household
3 pets, and drugs in medical devices and combination products.

4 "Covered drug" does not include:

5 (1) Vitamins, minerals, or supplements;

6 (2) Herbal-based remedies and homeopathic drugs, products,
7 or remedies;

8 (3) Controlled substances contained in schedule I of part
9 II of chapter 329;

10 (4) Cosmetics, shampoos, sunscreens, lip balm, toothpaste,
11 antiperspirants, or other personal care products that
12 are regulated as both cosmetics and nonprescription
13 drugs under the Federal Food, Drug, and Cosmetic Act
14 (21 U.S.C. §§ 301-395);

15 (5) Drugs for which manufacturers provide a pharmaceutical
16 product stewardship or drug take-back program as part
17 of a United States Food and Drug Administration risk
18 evaluation and mitigation strategy under title 21
19 United States Code section 355-1;

20 (6) Biological drug products, as defined by title 21 Code
21 of Federal Regulations section 600.3(h) as it exists

H.B. NO. 386

- 1 on the effective date of this Act, for which
2 manufacturers:
- 3 (A) Provide a pharmaceutical product stewardship or
4 drug take-back program;
 - 5 (B) Provide the department with a report describing
6 the program, including how the drug product is
7 collected and safely disposed and how patients
8 are made aware of the drug take-back program; and
 - 9 (C) Update the department on changes that
10 substantially alter the manufacturers' drug take-
11 back program;
- 12 (7) Drugs that are administered in a clinical setting;
 - 13 (8) Emptied injector products or emptied medical devices
14 and their component parts or accessories;
 - 15 (9) Exposed needles or sharps, or used drug products that
16 are medical wastes; or
 - 17 (10) Pet pesticide products contained in pet collars,
18 powders, shampoos, topical applications, or other
19 forms.

20 "Covered entity" means a state resident or other
21 nonbusiness entity and includes an ultimate user, as defined by

1 regulations adopted by the United States Drug Enforcement
2 Administration. "Covered entity" does not include a business
3 generator of pharmaceutical waste, such as a hospital, clinic,
4 health care provider's office, veterinary clinic, pharmacy, or
5 law enforcement agency.

6 "Covered manufacturer" means a person, corporation, or
7 other entity engaged in the manufacture of covered drugs sold in
8 or into the State. "Covered manufacturer" does not include:

- 9 (1) A private label distributor or retail pharmacy that
10 sells a drug under the retail pharmacy's store label
11 if the manufacturer of the drug is identified under
12 section -3;
- 13 (2) A repackager if the manufacturer of the drug is
14 identified under section -3; or
- 15 (3) A charitable organization described in section
16 501(c)(3) of the Internal Revenue Code of 1986, as
17 amended, that repackages drugs solely for the purpose
18 of supplying a drug to facilities or retail pharmacies
19 operated by the corporation or an affiliate of the
20 corporation if the manufacturer of the drug is
21 identified under section -3.

H.B. NO. 386

1 "Department" means the department of public safety.

2 "Director" means the director of public safety.

3 "Drug" means:

4 (1) Substances recognized as drugs in the official United
5 States Pharmacopoeia, official Homeopathic
6 Pharmacopoeia of the United States, or official
7 National Formulary, or any supplement to any of them;

8 (2) Substances intended for use in the diagnosis, cure,
9 mitigation, treatment, or prevention of disease in man
10 or animals;

11 (3) Substances (other than food) intended to affect the
12 structure or any function of the body of man or
13 animals; and

14 (4) Substances intended for use as a component of any
15 article specified in paragraphs (1), (2), or (3).

16 "Drug" does not include devices or their components, parts, or
17 accessories.

18 "Drug take-back organization" means an organization
19 designated by a manufacturer or group of manufacturers to act as
20 an agent on behalf of each manufacturer to develop and implement
21 a drug take-back program.

H.B. NO. 386

1 "Drug take-back program" or "program" means a program
2 implemented by a program operator for the collection,
3 transportation, and disposal of covered drugs.

4 "Generic drug" means a drug that is chemically identical or
5 bioequivalent to a brand name drug in dosage form, safety,
6 strength, route of administration, quality, performance
7 characteristics, and intended use, regardless of whether the
8 inactive ingredients in a generic drug are identical to the
9 inactive ingredients in the chemically identical or
10 bioequivalent brand name drug.

11 "Legend drug" means a drug limited by section 503(b)(1) of
12 the Federal Food, Drug, and Cosmetic Act to being dispensed by
13 prescription only or restricted to use by practitioners only.

14 "Mail-back distribution location" means a facility, such as
15 a town hall or library, that offers prepaid, preaddressed
16 mailing envelopes to covered entities.

17 "Mail-back program" means a method of collecting covered
18 drugs from covered entities by using prepaid, preaddressed
19 mailing envelopes.

20 "Manufacture" means the production, preparation,
21 propagation, compounding, conversion, or processing of a

1 controlled substance, either directly or indirectly by
2 extraction from substances of natural origin, or independently
3 by means of chemical synthesis, or by a combination of
4 extraction and chemical synthesis, and includes any packaging or
5 repackaging of the substance or labeling or relabeling of its
6 container. "Manufacture" does not include the preparation or
7 compounding of a controlled substance by an individual for the
8 individual's own use or the preparation, compounding, packaging,
9 or labeling of a controlled substance:

10 (1) By a practitioner as an incident to the practitioner's
11 administering or dispensing of a controlled substance
12 in the course of the practitioner's professional
13 practice; or

14 (2) By a practitioner, or by the practitioner's authorized
15 agent under the practitioner's supervision, for the
16 purpose of, or as an incident to, research, teaching,
17 or chemical analysis and not for sale.

18 "Nonlegend drug" means a drug that may be lawfully sold
19 without a prescription.

20 "Pharmacy" means a place of business operating as a
21 pharmacy as permitted under chapter 461.

1 "Practitioner" means:

2 (1) A physician, dentist, veterinarian, scientific
3 investigator, or other person licensed and registered
4 under section 329-32 to distribute, dispense, or
5 conduct research with respect to a controlled
6 substance in the course of professional practice or
7 research in the State;

8 (2) An advanced practice registered nurse with
9 prescriptive authority licensed and registered under
10 section 329-32 to prescribe and administer controlled
11 substances in the course of professional practice in
12 the State; and

13 (3) A pharmacy, hospital, or other institution licensed,
14 registered, or otherwise permitted to distribute,
15 dispense, conduct research with respect to or to
16 administer a controlled substance in the course of
17 professional practice or research in the State.

18 "Private label distributor" means a company that has a
19 valid labeler code under title 21 Code of Federal Regulations
20 part 207 and markets a drug product under its own name, but does
21 not perform any manufacturing.

1 "Program operator" means a drug take-back organization,
2 covered manufacturer, or group of covered manufacturers that
3 implements or intends to implement a drug take-back program
4 approved by the department.

5 "Repackager" means a person who owns or operates an
6 establishment that repacks and relabels a product or package
7 containing a covered drug for further sale, or for distribution
8 without further transaction.

9 "Retail pharmacy" has the same meaning as "retail community
10 pharmacy" under section 431R-1.

11 "Wholesale prescription drug distributor" means a person
12 licensed under section 461-8.6.

13 **§ -2 Requirement to participate in a drug take-back**
14 **program.** A covered manufacturer shall establish and implement a
15 drug take-back program that complies with the requirements of
16 this chapter. A manufacturer that becomes a covered
17 manufacturer on or after July 1, 2021, shall, no later than six
18 months after the date on which the manufacturer became a covered
19 manufacturer, participate in an approved drug take-back program
20 or establish and implement a drug take-back program that
21 complies with the requirements of this chapter. A covered

1 manufacturer may establish and implement a drug take-back
2 program independently, as part of a group of covered
3 manufacturers, or through membership in a drug take-back
4 organization.

5 § -3 **Identification of covered manufacturers.** (a) No
6 later than October 1, 2020, a wholesale prescription drug
7 distributor that sells a drug within the State shall provide a
8 list of drug manufacturers to the department in a form
9 prescribed by the department. A wholesale prescription drug
10 distributor shall provide an updated list to the department on
11 January 15th of each year.

12 (b) No later than October 1, 2020, a retail pharmacy,
13 private label distributor, or repackager shall provide written
14 notification to the department identifying the drug manufacturer
15 from which the retail pharmacy, private label distributor, or
16 repackager obtains a drug that it sells under its own label.

17 (c) A person or entity that receives a letter of inquiry
18 from the department regarding whether or not it is a covered
19 manufacturer under this chapter shall respond in writing no
20 later than sixty days after receipt of the letter. If the

1 person or entity does not believe it is a covered manufacturer
2 for purposes of this chapter, it shall:

- 3 (1) State the basis for this belief;
- 4 (2) Provide a list of any drugs it sells, distributes,
5 repackages, or otherwise offers for sale within the
6 State; and
- 7 (3) Identify the name and contact information of the
8 manufacturer of the drugs identified under paragraph
9 (2).

10 **§ -4 Drug take-back program approval; program**

11 **modifications.** (a) By July 1, 2022, a program operator shall
12 submit a proposal for the establishment and implementation of a
13 drug take-back program to the department for approval. The
14 department shall approve a proposed program if the:

- 15 (1) Applicant submits a completed application;
- 16 (2) Proposed program meets the requirements of subsection
17 (b); and
- 18 (3) Applicant pays the appropriate fee established by the
19 department under section -11.

20 (b) To be approved by the department, a proposed drug
21 take-back program shall:

H.B. NO. 386

- 1 (1) Identify and provide contact information for the
2 program operator and each participating covered
3 manufacturer;
- 4 (2) Identify and provide contact information for the
5 authorized collectors for the proposed program and as
6 the reasons for excluding any potential authorized
7 collectors from participation in the program;
- 8 (3) Provide for a collection system that complies with
9 section -5;
- 10 (4) Provide for a disposal and handling system that
11 complies with section -7;
- 12 (5) Identify any transporters and waste disposal
13 facilities that the program will use;
- 14 (6) Adopt policies and procedures to be followed by
15 persons handling covered drugs collected under the
16 program to ensure safety, security, and compliance
17 with regulations adopted by the Drug Enforcement
18 Administration, as well as any applicable laws;
- 19 (7) Ensure the security of patient information on drug
20 packaging during collection, transportation,
21 recycling, and disposal;

H.B. NO. 386

- 1 (8) Promote the program by providing consumers,
2 pharmacies, and other entities with educational and
3 outreach materials as required by section -6;
- 4 (9) Demonstrate adequate funding for all administrative
5 and operational costs of the drug take-back program,
6 with costs apportioned among participating covered
7 manufacturers;
- 8 (10) Set long-term and short-term goals with respect to
9 collection amounts and public awareness; and
- 10 (11) Consider:
- 11 (A) The use of existing providers of pharmaceutical
12 waste transportation and disposal services;
- 13 (B) Separation of covered drugs from packaging to
14 reduce transportation and disposal costs; and
- 15 (C) Recycling of drug packaging.
- 16 (c) No later than one hundred twenty days after receipt of
17 a drug take-back program proposal, the department shall either
18 approve or reject the proposal in writing to the applicant. The
19 department may extend the deadline for approval or rejection of
20 a proposal for good cause. If the department rejects the
21 proposal, it shall provide the reason for rejection in writing.

H.B. NO. 386

1 (d) No later than ninety days after receipt of a notice of
2 rejection under subsection (c), the applicant shall submit a
3 revised proposal to the department. The department shall either
4 approve or reject the revised proposal in writing to the
5 applicant within ninety days after receipt of the revised
6 proposal, including the reason for rejection, if applicable.

7 (e) If the department rejects a revised proposal, the
8 department may:

- 9 (1) Require the program operator to submit a further
10 revised proposal;
- 11 (2) Develop and impose changes to some or all of the
12 revised proposal to address deficiencies;
- 13 (3) Require the covered manufacturer or covered
14 manufacturers that proposed the rejected revised
15 proposal to participate in a previously approved drug
16 take-back program; or
- 17 (4) Determine that the covered manufacturer is out of
18 compliance with the requirements of this chapter and
19 take enforcement action as provided in section -10.

1 (f) The program operator shall initiate operation of an
2 approved drug take-back program no later than one hundred eighty
3 days after approval of the proposal by the department.

4 (g) Proposed changes to an approved drug take-back program
5 that substantially alter program operations shall have prior
6 written approval of the department. A program operator shall
7 submit to the department any proposed change in writing at least
8 fifteen days before the change is scheduled to occur. Changes
9 requiring prior approval of the department include changes to
10 participating covered manufacturers, collection methods,
11 collection system requirements described in section -5(h),
12 policies and procedures for handling covered drugs, education
13 and promotion methods, and selection of disposal facilities.

14 (h) For changes to a drug take-back program that do not
15 substantially alter program operations, a program operator shall
16 notify the department at least seven days before implementing
17 the change. Changes that do not substantially alter program
18 operations include changes to collection site locations, methods
19 for scheduling and locating periodic collection events, and
20 methods for distributing prepaid, preaddressed mailers.

1 (i) A program operator shall notify the department of any
2 changes to the official point of contact for the program no
3 later than fifteen days after the change. A program operator
4 shall notify the department of any change in ownership or
5 contact information for participating covered manufacturers no
6 later than ninety days after the change.

7 (j) No later than four years after a drug take-back
8 program initiates operations, and every four years thereafter,
9 the program operator shall submit an updated proposal to the
10 department describing any substantive changes to program
11 elements described in subsection (b). The department shall
12 approve or reject the updated proposal using the process
13 described in subsection (c).

14 (k) The department shall make all proposals submitted
15 under this section available to the public and provide an
16 opportunity for written public comment on each proposal.

17 **§ -5 Collection system.** (a) At least one hundred
18 twenty days prior to submitting a proposal under section -4,
19 a program operator shall notify potential authorized collectors
20 of the opportunity to serve as an authorized collector for the
21 proposed drug take-back program. A program operator shall

1 commence good faith negotiations with a potential authorized
2 collector no later than thirty days after the potential
3 authorized collector expresses interest in participating in a
4 proposed program.

5 (b) A person or entity may serve as an authorized
6 collector for a drug take-back program voluntarily or in
7 exchange for compensation; provided that nothing in this chapter
8 shall be construed to require a person or entity to serve as an
9 authorized collector.

10 (c) A drug take-back program shall include as an
11 authorized collector any retail pharmacy, hospital, or clinic
12 with an on-site pharmacy, or law enforcement agency that offers
13 to participate in the program without compensation and meets the
14 requirements of subsection (e). A pharmacy, hospital, clinic,
15 or law enforcement agency that meets the requirements of
16 subsection (a) shall be included as an authorized collector in
17 the program no later than ninety days after receiving an
18 invitation to participate.

19 (d) A drug take-back program may also locate collection
20 sites at:

H.B. NO. 386

- 1 (1) A long-term care facility where a pharmacy, or a
2 hospital or clinic with an on-site pharmacy, operates
3 a secure collection receptacle;
- 4 (2) A substance use disorder treatment program; or
- 5 (3) An authorized collector that meets the requirements of
6 subsection (e).
- 7 (e) A collection site shall:
- 8 (1) Accept all covered drugs from covered entities during
9 the hours that the authorized collector is normally
10 open for business to the public;
- 11 (2) If located at a long-term care facility, only accept
12 covered drugs that are in the possession of
13 individuals who reside or have resided at the
14 facility;
- 15 (3) Use secure collection receptacles in compliance with
16 state and federal law, including any applicable on-
17 site storage and collection standards and Drug
18 Enforcement Administration regulations.
- 19 (f) The program operator shall provide a service schedule
20 that meets the needs of each collection site to ensure that each
21 secure collection receptacle is serviced as often as necessary

1 to avoid reaching capacity and that collected covered drugs are
2 transported to final disposal in a timely manner, including a
3 process for additional prompt collection service upon
4 notification from the collection site. Secure collection
5 receptacle signage shall prominently display a toll-free
6 telephone number and website for the program so that members of
7 the public may provide feedback on collection activities.

8 (g) An authorized collector shall comply with state and
9 federal law, including rules or laws concerning collection and
10 transportation standards, and federal laws and regulations
11 governing the handling of covered drugs, including Drug
12 Enforcement Administration regulations.

13 (h) A drug take-back program's collection system shall be
14 safe, secure, and convenient on an ongoing, year-round basis and
15 shall provide equitable and reasonably convenient access for
16 residents across the state.

17 (i) In establishing and operating a collection system, a
18 program operator shall give preference to locating collection
19 sites at retail pharmacies, hospitals, or clinics with on-site
20 pharmacies, and law enforcement agencies. Each county shall
21 have a minimum of one collection site. The department may adopt

1 rules to require a greater minimum number of collection sites
2 for a county.

3 (j) A program operator shall establish mail-back
4 distribution locations or hold periodic collection events to
5 supplement service to any area of the State that is underserved
6 by collection sites, as determined by the department. The
7 program operator, in consultation with the department, county
8 law enforcement agencies, and the local community, shall
9 determine the number and locations of mail-back distribution
10 locations or the frequency and location of these collections
11 events, to be held at least twice a year, unless otherwise
12 determined through consultation with the local community. The
13 program shall arrange any periodic collection events in advance
14 with county law enforcement agencies and conduct periodic
15 collection events in compliance with Drug Enforcement
16 Administration regulations and protocols and applicable state
17 laws.

18 (k) Upon request, a drug take-back program shall provide a
19 mail-back program free of charge to covered entities and retail
20 pharmacies that offer to distribute prepaid, preaddressed
21 mailing envelopes for the drug take-back program. A drug take-

1 back program shall permit covered entities to request prepaid,
2 preaddressed mailing envelopes through the program's web site,
3 the program's toll-free telephone number, and a request to a
4 pharmacist at a retail pharmacy distributing the program's
5 mailing envelopes.

6 (1) The program operator shall provide alternative
7 collection methods for any covered drugs, other than controlled
8 substances, that cannot be accepted or commingled with other
9 covered drugs in secure collection receptacles, through a mail-
10 back program, or at periodic collection events, to the extent
11 permissible under applicable state and federal laws. The
12 department shall review and approve of any alternative
13 collection methods prior to their implementation.

14 § -6 Drug take-back program promotion. (a) A drug
15 take-back program shall develop and provide a system of
16 promotion, education, and public outreach about the safe storage
17 and secure collection of covered drugs. This system may include
18 signage, written materials to be provided at the time of
19 purchase or delivery of covered drugs, and advertising or other
20 promotional materials. At a minimum, each program shall:

H.B. NO. 386

- 1 (1) Promote the safe storage of legend drugs and nonlegend
2 drugs by residents before secure disposal through a
3 drug take-back program;
- 4 (2) Discourage residents from disposing of covered drugs
5 in solid waste collection, sewer, or septic systems;
- 6 (3) Promote the use of the drug take-back program so that
7 where and how to return covered drugs is widely
8 understood by residents, pharmacists, retail
9 pharmacies, health care facilities, health care
10 providers, veterinarians, and veterinary hospitals;
- 11 (4) Establish a toll-free telephone number and website
12 publicizing collection options and collection sites
13 and discouraging improper disposal practices for
14 covered drugs, such as flushing covered drugs or
15 placing covered drugs in the garbage;
- 16 (5) Prepare educational and outreach materials that
17 promote safe storage of covered drugs; discourage the
18 disposal of covered drugs in solid waste collection,
19 sewer, or septic systems; and describe how to return
20 covered drugs to the drug take-back program. The
21 materials shall use plain language and explanatory

H.B. NO. 386

1 images to make collection services and discouraged
2 disposal practices readily understandable to all
3 residents, including residents with limited English
4 proficiency;

5 (6) Disseminate the educational and outreach materials
6 described in paragraph (5) to pharmacies, health care
7 facilities, and other interested parties for
8 dissemination to covered entities;

9 (7) Work with authorized collectors to develop a readily
10 recognizable, consistent design of collection
11 receptacles and standardized instructions for covered
12 entities on the use of collection receptacles. The
13 department may provide guidance to program operators
14 on the development of the instructions and design; and

15 (8) Include its promotion, outreach, and public education
16 activities in its annual report required by section

17 -9.

18 (b) If more than one drug take-back program is approved by
19 the department, the programs shall coordinate their promotional
20 activities to ensure that all residents can easily identify,
21 understand, and access the collection services provided by any

1 drug take-back program. Coordination efforts shall include
2 providing residents with a single toll-free telephone number and
3 single website to access information about collection services
4 for every approved program.

5 (c) Pharmacies and other entities that sell medication in
6 the State may promote secure disposal of covered drugs through
7 the use of one or more approved drug take-back programs. Upon
8 request, a pharmacy shall provide materials explaining the use
9 of approved drug take-back programs to its customers. The
10 program operator shall provide pharmacies with these materials
11 upon request and at no cost to the pharmacy.

12 (d) The department, the department of health, and any
13 other state or county agency that is responsible for health,
14 solid waste management, and wastewater treatment shall, through
15 their standard educational methods, promote safe storage of
16 prescription and nonprescription drugs by covered entities,
17 secure disposal of covered drugs through a drug take-back
18 program, and the toll-free telephone number and website for
19 approved drug take-back programs.

H.B. NO. 386

- 1 (e) The department:
- 2 (1) Shall conduct a survey of covered entities and a
- 3 survey of pharmacists, health care providers, and
- 4 veterinarians who interact with covered entities on
- 5 the use of medicines after the first full year of
- 6 operation of the drug take-back program, and again
- 7 every two years thereafter. Survey questions shall:
- 8 (A) Measure consumer awareness of the drug take-back
- 9 program;
- 10 (B) Assess the extent to which collection sites and
- 11 other collection methods are convenient and easy
- 12 to use;
- 13 (C) Assess knowledge and attitudes about risks of
- 14 abuse, poisonings, and overdoses from drugs used
- 15 in the home; and
- 16 (D) Assess covered entities' practices with respect
- 17 to unused, unwanted, or expired drugs, both
- 18 currently and prior to implementation of the drug
- 19 take-back program; and
- 20 (2) May, upon review of results of public awareness
- 21 surveys, direct a program operator for an approved

1 drug take-back program to modify the program's
2 promotion and outreach activities to better achieve
3 widespread awareness among residents and health care
4 providers about where and how to return covered drugs
5 to the drug take-back program.

6 § -7 **Disposal and handling of covered drugs.** (a)

7 Covered drugs collected under a drug take-back program shall be
8 disposed of at a permitted hazardous waste disposal facility
9 that meets the requirements of title 40 Code of Federal
10 Regulations parts 264 and 265, as they exist on the effective
11 date of this Act.

12 (b) If use of a hazardous waste disposal facility
13 described in subsection (a) is unfeasible based on cost,
14 logistics, or other considerations, the department, in
15 consultation with the department of health, may grant approval
16 for a program operator to dispose of some or all collected
17 covered drugs at a permitted large municipal waste combustor
18 facility that meets the requirements of title 40 Code of Federal
19 Regulations parts 60 and 62, as they existed on July 1, 2021.

20 (c) A program operator may petition the department for
21 approval to use final disposal technologies or processes that

H.B. NO. 386

1 provide superior environmental and human health protection than
2 that provided by the technologies described in subsections (a)
3 and (b), or equivalent protection at less cost. In reviewing a
4 petition under this subsection, the department shall take into
5 consideration regulations or guidance issued by the United
6 States Environmental Protection Agency on the disposal of
7 pharmaceutical waste. The department, in consultation with the
8 department of health, shall approve a disposal petition under
9 this section if the disposal technology or processes described
10 in the petition provides equivalent or superior protection in
11 the following areas:

- 12 (1) Monitoring of any emissions or waste;
 - 13 (2) Worker health and safety;
 - 14 (3) Air, water, or land emissions contributing to
15 persistent, bioaccumulative, and toxic pollution; and
 - 16 (4) Overall impact to the environment and human health.
- 17 (d) If a drug take-back program encounters a safety or
18 security problem during collection, transportation, or disposal
19 of covered drugs, the program operator shall notify the
20 department as soon as practicable after encountering the
21 problem.

H.B. NO. 386

1 **§ -8 Program funding.** (a) A covered manufacturer or
2 group of covered manufacturers shall pay all administrative and
3 operational costs associated with establishing and implementing
4 the drug take-back program in which they participate.

5 Administrative and operational costs shall include but not be
6 limited to:

- 7 (1) Collection and transportation supplies for each
8 collection site;
- 9 (2) Purchase of secure collection receptacles for each
10 collection site;
- 11 (3) Ongoing maintenance or replacement of secure
12 collection receptacles when requested by authorized
13 collectors;
- 14 (4) Prepaid, preaddressed mailers;
- 15 (5) Compensation of authorized collectors, if applicable;
- 16 (6) Operation of periodic collection events, including the
17 cost of law enforcement staff time;
- 18 (7) Transportation of all collected covered drugs to final
19 disposal;
- 20 (8) Environmentally sound disposal of all collected
21 covered drugs in compliance with section -7; and

1 (9) Program promotion and outreach.

2 (b) A program operator, covered manufacturer, authorized
3 collector, or other person shall not charge:

4 (1) A specific point-of-sale fee to consumers to recoup
5 the costs of a drug take-back program; or

6 (2) A specific point-of-collection fee at the time covered
7 drugs are collected from covered entities.

8 **§ -9 Annual program report.** (a) By July 1, 2023, and
9 each July 1 thereafter, a program operator shall submit to the
10 department a report describing implementation of the drug take-
11 back program during the previous calendar year. The report
12 shall include:

13 (1) A list of covered manufacturers participating in the
14 drug take-back program;

15 (2) The amount, by weight, of covered drugs collected,
16 including the amount by weight from each collection
17 method used;

18 (3) The following details regarding the program's
19 collection system:

20 (A) A list of collection sites with addresses;

H.B. NO. 386

- 1 (B) The number of prepaid, preaddressed mailers
- 2 provided;
- 3 (C) Locations where prepaid, preaddressed mailers
- 4 were provided, if applicable;
- 5 (D) Dates and locations of collection events held, if
- 6 applicable; and
- 7 (E) The transporters and disposal facility or
- 8 facilities used;
- 9 (4) Whether any safety or security problems occurred
- 10 during collection, transportation, or disposal of
- 11 covered drugs, and if so, completed and anticipated
- 12 changes to policies, procedures, or tracking
- 13 mechanisms to address the problem and improve safety
- 14 and security;
- 15 (5) A description of the public education, outreach, and
- 16 evaluation activities implemented;
- 17 (6) A description of how collected packaging was recycled
- 18 to the extent feasible;
- 19 (7) A summary of the program's goals for collection
- 20 amounts and public awareness, the degree of success in
- 21 meeting those goals, and if any goals have not been

H.B. NO. 386

1 met, what effort will be made to achieve those goals
2 the following year; and

3 (8) The program's annual expenditures, itemized by program
4 category.

5 (b) Within thirty days after each annual period of
6 operation of an approved drug take-back program, the program
7 operator shall submit an annual collection amount report to the
8 department that provides the total amount, by weight, of covered
9 drugs collected from each collection site during the prior year.

10 (c) The department shall make reports submitted under this
11 section available to the public on the department's website.

12 § -10 **Enforcement and penalties.** (a) The department
13 may audit or inspect the activities and records of a drug take-
14 back program to determine compliance with this chapter or
15 investigate a complaint.

16 (b) The department shall send a written notice to a
17 covered manufacturer that fails to participate in a drug take-
18 back program as required by this chapter. The notice shall
19 provide a warning regarding the penalties for violation of this
20 chapter. A covered manufacturer that receives a notice under
21 this subsection may be assessed a penalty if, sixty days after

H.B. NO. 386

1 receipt of the notice, the covered manufacturer continues to
2 sell a covered drug within the State without participating in a
3 drug take-back program approved under this chapter.

4 (c) The department may send a program operator a written
5 notice warning of the penalties for noncompliance with this
6 chapter if the department determines that the program operator's
7 drug take-back program is in violation of this chapter or does
8 not conform to the proposal approved by the department. The
9 department may assess a penalty on the program operator and
10 participating covered manufacturers if the program does not come
11 into compliance by thirty days after receipt of the notice. The
12 department may immediately suspend the operations of a drug
13 take-back program and assess a penalty if the department
14 determines that the program is in violation of this chapter and
15 the violation creates a condition that, in the judgment of the
16 department, constitutes an immediate hazard to the public or the
17 environment.

18 (d) The department shall send a written notice to a
19 wholesale prescription drug distributor or a retail pharmacy
20 that fails to provide a list of drug manufacturers to the
21 department as required by section -3. The notice shall

H.B. NO. 386

1 provide a warning regarding the penalties for violation of this
2 chapter. A wholesale prescription drug distributor or retail
3 pharmacy that receives a notice under this subsection may be
4 assessed a penalty if, sixty days after receipt of the notice,
5 the wholesale prescription drug distributor or retail pharmacy
6 fails to provide a list of drug manufacturers to the department.

7 (e) In enforcing this chapter, the department may:

8 (1) Require an informal administrative meeting;

9 (2) Require a person or entity to engage in or refrain
10 from engaging in certain activities pertaining to this
11 chapter; and

12 (3) Assess a fine of not more than \$2,000. Each day a
13 violation continues constitutes a separate violation.

14 In determining the appropriate amount of the fine, the
15 department shall consider the extent of harm caused by
16 the violation, the nature and persistence of the
17 violation, the frequency of past violations, any
18 action taken to mitigate the violation, and the
19 financial burden to the entity in violation;

20 provided that the department may not prohibit a covered

21 manufacturer from selling a drug within the State.

H.B. NO. 386

1 § -11 Department to set program fee. (a) By July 1,
2 2022, the department shall:

3 (1) Determine its costs for the administration, oversight,
4 and enforcement of this chapter;

5 (2) Set fees, by rules adopted pursuant to chapter 91, at
6 a level sufficient to recover the costs associated
7 with administration, oversight, and enforcement; and

8 (3) Adopt rules establishing requirements for program
9 operator proposals.

10 (b) The department shall not impose any fees in excess of
11 its actual administrative, oversight, and enforcement costs.
12 The fees collected from each program operator in calendar year
13 2022 and any subsequent year may not exceed ten per cent of the
14 program's annual expenditures as reported to the department in
15 the annual report required by section -9 and determined by
16 the department.

17 (c) The department may adjust its fees annually; provided
18 that the adjusted fees shall not exceed actual administration,
19 oversight, and enforcement costs. Adjustments for inflation may
20 not exceed the percentage change in the consumer price index for
21 all urban consumers as calculated by the United States

1 Department of Labor for the applicable county for the twelve-
2 month period ending with June of the previous year.

3 (d) The department shall collect fees from each program
4 operator by October 1, 2022, and annually thereafter.

5 (e) All fees collected under this section shall be
6 deposited into the general fund.

7 § -12 **Immunity from liability.** No cause of action
8 shall arise, nor shall any liability be imposed against any
9 person or entity for activities that are undertaken, reviewed,
10 and approved by the department in compliance with this chapter,
11 if the activities were performed in good faith and without
12 fraudulent intent or the intent to deceive.

13 § -13 **Federal preemption.** This chapter shall be deemed
14 repealed if a federal law or a combination of federal laws takes
15 effect that establishes a national program for the collection of
16 covered drugs that substantially meets the intent of this
17 chapter, including the creation of a funding mechanism for
18 collection, transportation, and proper disposal of all covered
19 drugs in the United States.

1 § -14 **Financial and proprietary information.** (a)
2 Financial or proprietary information, including trade secrets,
3 commercial information, and business plans, submitted to the
4 department under this chapter shall be considered confidential
5 and from public disclosure to the extent permitted by chapter
6 92F.

7 (b) General information collected by the department shall
8 be released or published only in aggregate amounts that do not
9 identify or allow identification of financial, production, or
10 sales data of a covered manufacturer or drug take-back
11 organization.

12 § -15 **Rules.** The department may adopt rules pursuant to
13 chapter 91 to implement and enforce this chapter."

14 SECTION 2. Chapter 329, Hawaii Revised Statutes, is
15 amended by adding a new section to be appropriately designated
16 and to read as follows:

17 "§329- Drug take-back program. It is not a violation
18 of this chapter to possess or deliver a controlled substance in
19 compliance with chapter ."

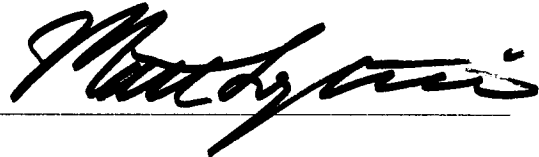

H.B. NO. 386

1 SECTION 3. New statutory material is underscored.

2 SECTION 4. This Act shall take effect on July 1, 2021.

H.B. NO. 386

Report Title:

Drug Manufacturers; Drug Take-Back Programs; Department of Public Safety; Covered Drugs; Drug Disposal

Description:

Requires drug manufacturers to establish and implement drug take-back programs or join drug take-back organizations for purposes of collecting and disposing of various types of prescription and nonprescription drugs. Specifies requirements for the department of public safety, covered manufacturers, drug take-back program operators, authorized collectors, and other entities who establish or participate in drug take-back programs.
