
A BILL FOR AN ACT

RELATING TO THE TRANSFER OF NON-AGRICULTURAL PARK LANDS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Act 90, Session Laws of Hawaii 2003, was
2 enacted to transfer certain non-agricultural park lands from the
3 department of land and natural resources to the department of
4 agriculture. The legislature finds that while three hundred
5 parcels consisting of approximately nineteen thousand acres have
6 been transferred over the past seventeen years, many parcels
7 have not been transferred.

8 The purpose of this Act is to set a deadline for the
9 transfer of certain non-agricultural park lands from the
10 department of land and natural resources to the department of
11 agriculture pursuant to Act 90, Session Laws of Hawaii 2003, and
12 chapter 166E, Hawaii Revised Statutes, and to require the two
13 departments to periodically meet to discuss the potential for
14 future land transfers.

15 SECTION 2. Section 166E-3, Hawaii Revised Statutes, is
16 amended to read as follows:

8 the management of existing encumbered and unencumbered
9 non-agricultural park lands and related facilities
10 shall be transferred to the department.

11 (b) The department shall administer a program to manage
12 the transferred non-agricultural park lands under rules adopted
13 by the board pursuant to chapter 91. The program and its rules
14 shall be separate and distinct from the agricultural park
15 program and its rules. Non-agricultural park lands are not the
16 same as, and shall not be selected or managed as are lands under
17 agricultural park leases. Prior to offering a lease, the
18 department shall inquire with the department of land and natural
19 resources regarding any easements required by the department of
20 land and natural resources on the lands subject to the lease.

21 Notwithstanding any other law to the contrary, the program shall

2 setting aside the lands shall be withdrawn and the lands shall
3 be returned to the department of land and natural resources.

4 (d) No later than one year after the effective date of
5 this Act, the department and the department of land and natural
6 resources shall meet and identify by mutual agreement the non-
7 agricultural park lands under the jurisdiction of the department
8 of land and natural resources that should be rezoned as
9 conservation district and remain under the jurisdiction of the
10 department of land and natural resources.

11 (e) All non-agricultural park lands under the jurisdiction
