
A BILL FOR AN ACT

RELATING TO FIREARMS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the State has some
2 of the strongest gun safety laws in the nation, and in 2019
3 Hawai'i received an A-minus rating from the Giffords Law Center
4 to Prevent Gun Violence. Additionally, Hawai'i had the third
5 lowest number of gun deaths per capita among the states in 2019,
6 according to the Centers for Disease Control and Prevention.
7 The legislature is committed to protecting the safety and well-
8 being of its citizens. The fact that Hawai'i still allows any
9 firearm or rifle with the capacity to fire ammunition of fifty
10 caliber or higher is inconsistent with this commitment.

11 The purpose of this Act is to prohibit any firearm or rifle
12 with the capacity to fire ammunition of fifty caliber or higher
13 except shotguns and muzzle-loading firearms.

14 SECTION 2. Section 134-8, Hawaii Revised Statutes, is
15 amended by amending subsection (a) to read as follows:

16 "(a) The manufacture, possession, sale, barter, trade,
17 gift, transfer, or acquisition of any of the following is

1 prohibited: assault pistols, except as provided by
2 section 134-4(e); automatic firearms; rifles with barrel lengths
3 less than sixteen inches; shotguns with barrel lengths less than
4 eighteen inches; any firearm or rifle with the capacity to fire
5 ammunition of fifty caliber or higher except shotguns and
6 muzzle-loading firearms; cannons; mufflers, silencers, or
7 devices for deadening or muffling the sound of discharged
8 firearms; hand grenades, dynamite, blasting caps, bombs, [œ] ~~œ~~
9 bombshells, or other explosives; or any type of ammunition or
10 any projectile component thereof coated with [~~teflon~~] Teflon or
11 any other similar coating designed primarily to enhance its
12 capability to penetrate metal or pierce protective armor; and
13 any type of ammunition or any projectile component thereof
14 designed or intended to explode or segment upon impact with its
15 target."

16 SECTION 3. Statutory material to be repealed is bracketed
17 and stricken. New statutory material is underscored.

18 SECTION 4. This Act shall take effect on May 6, 2137.
