
SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF TRANSPORTATION TO REVIEW, REVISE,
AND UPDATE PLANS FOR THE DANIEL K. INOUE INTERNATIONAL
AIRPORT TO PREPARE FOR FUTURE PANDEMICS, PRIORITIZE USER
EXPERIENCE, ESTABLISH A HAWAII SENSE OF PLACE, INCORPORATE
GREEN BUILDING STANDARDS, AND MODERNIZE HAWAII'S LARGEST
AIRPORT.

1 WHEREAS, in 2019, approximately twenty million travelers
2 passed through the Daniel K. Inouye International Airport (HNL);
3 and
4

5 WHEREAS, Hawaii's largest airport serves as the very first
6 gateway to the United States for countless visitors from East
7 Asia and from around the Pacific Rim; and
8

9 WHEREAS, the airport also serves as the first introduction
10 to Hawaii for visitors who often expect to arrive in a Pacific
11 island paradise; and
12

13 WHEREAS, current infrastructure at HNL is a patchwork of
14 different architectural styles and functional designs dating
15 back to statehood; and
16

17 WHEREAS, residents and visitors frequently comment on the
18 airport's concrete terminals, claustrophobic bagging areas, dark
19 curbside pickup areas, and unpleasant views of surrounding
20 industrial areas; and
21

22 WHEREAS, due to the patchwork construction of airport
23 facilities over many years, navigating the airport experience,
24 from its start at the freeway offramp to its culmination at the
25 airline gate, is often unintuitive and disjointed; and
26

27 WHEREAS, in spite of these challenges, the best parts of
28 the airport experience, as commonly cited by residents and

1 visitors, are the open-air atmosphere of certain portions of the
2 airport and, above all, the open and lush gardens and vegetation
3 in some areas that help to create a relaxed, Hawaii sense of
4 place; and

5

6 WHEREAS, the Department of Transportation has made
7 significant efforts to begin improving HNL, including
8 modernizing restrooms, constructing a new mauka concourse,
9 consolidating rental car facilities, and beginning the process
10 of planning a new Diamond Head terminal to add capacity; and

11

12 WHEREAS, the Department of Transportation also recently
13 undertook commendable emergency work to rapidly deploy plans and
14 take action to screen passengers at HNL during the COVID-19
15 pandemic; and

16

17 WHEREAS, the Department of Transportation expects to
18 commence billions of dollars in renovations and new projects at
19 HNL once the impacts of the COVID-19 pandemic are resolved and
20 the situation has sufficiently stabilized; and

21

22 WHEREAS, until that time, there is an opportunity to
23 reassess future airport plans and priorities to incorporate
24 lessons learned from the COVID-19 pandemic and to address
25 longstanding issues that have impacted resident and visitor
26 experiences at HNL; and

27

28 WHEREAS, currently, other major airports are similarly
29 rethinking their future plans and placing them on hold in light
30 of the possibility of future pandemics as well as a rapidly
31 evolving revenue environment; now, therefore,

32

33 BE IT RESOLVED by the Senate of the Thirty-first

- 27 renovation projects may increase revenue generation,
- 28 including the addition of entertainment and other
