SENATE CONCURRENT RESOLUTION

REQUESTING THE HAWAII HEALTH SYSTEMS CORPORATION TO CONVENE A
TASK FORCE TO CONDUCT A FEASIBILITY STUDY FOR CONSTRUCTION
OF A HOSPITAL IN NORTH KONA.

1 WHEREAS, the population of North Kona on the island of
2 Hawai'i has significantly increased over the years, which has
3 corresponded with a steady increase in the need for convenient
4 access to medical services; and

5
6 WHEREAS, today the growing community of North Kona faces a
7 severe shortage of medical care and hospital services; and

8
9 WHEREAS, the residents of North Kona would greatly benefit
10 from the addition of a hospital in their community; and

11
12 WHEREAS, the accelerated and shifting economic and
13 population growth in North Kona has created a regional urban
14 core inconveniently far from Kona Community Hospital with a
15 population too large to be accommodated by the facility's
16 ninety-four bed capacity; and

17
18 WHEREAS, the island of Hawai'i is being impacted by the
19 coronavirus disease 2019 (COVID-19); and

20
21 WHEREAS, there are concerns about the shortage of staff in
22 hospitals on the island of Hawai'i due to demands created by
23 COVID-19; and

24
25 WHEREAS, there are also concerns that hospitals on the
26 island of Hawai'i will reach capacity and have insufficient
27 resources to adequately respond to COVID-19; and

28
29 WHEREAS, the island of Hawai'i has recently witnessed a
30 spike in COVID-19 cases, and a majority of those cases are on
31 the west side of the island of Hawai'i; and

S.C.R. NO. 53

1 WHEREAS, a hospital in the North Kona area would be
2 particularly beneficial should Kona Community Hospital become at
3 risk of surpassing its critical care and maximum bed capacity
4 due to COVID-19; and

5
6 WHEREAS, there has already been a long-time community
7 demand for a larger and more accessible hospital in North Kona;
8 now, therefore,

9
