1. A brief description of the applicant's background;

In 2006, a group of homestead farmers created Molokai Homestead Farmers Alliance (MHFA). We organized to advocate for the protection of homestead farmers, evolving to all farmers in commercial operations and subsistence farming. We have since evolved to partnering with many other organizations and assisting the community of Molokai during this COVID 19 pandemic, providing medical services, safety gear, and food for the Molokai community. Since 2006 we have provided education to farmers and community by updating them on laws

pertaining to food and safety, water issues, certifications, agriculture laws, trainings, and innovative technology tools for farmers to expand their produce and product. The proposed project for MHFA is to provide mini health clinics on Molokai and support travel for students in health careers from Molokai, and Lanai students traveling to each island for health site visits . These Health Occupations Students of America (HOSA) health career students, and Area Health Education Center, (AHEC) Scholar's students would travel monthly to Lanikeha Community Center in Hoolehua, Molokai, receiving free training from nurses and physicians to provide a mini clinic, the ability to learn how to test for cholesterol, glucose, blood pressure, read results, patient charting and BMI. To learn professional bed side patient skills. These vitals are important part of one's health, and as we continue in this COVID 19 pandemic, more health care professional are encouraged. The students will provide these services, at no cost to the community members.

2. The goals and objectives related to the request:

The goal is to establish the Lanikeha Community Center as a mini clinic training site for students on Molokai, Lanai and Molokai, AHEC HOSA and AHEC Scholars.

- Objective # 1: To enroll Molokai and Lanai, HOSA and AHEC Scholar students for training and travel to Molokai
- Objective # 2: To increase the number of health career students on Molokai and Lanai by 40
- Objective #3: To coordinate training from the nurses/physicians and consultants in clinical skills
- Objective #: To coordinate a schedule of services for the community to access

The purpose is to provide a functional and friendly mini clinic user site to meet the needs of the public The need to provide the mini clinic on Molokai, and Lanai, and to prepare and train our own health career students. The COVID pandemic has created a larger shortage and lack of health careers professionals affecting all areas to provide mini clinics for the public. The CDC has warned the public, person(s) with heart disease, high blood pressure, and diabetes are at an increased risk and severity of lack in recovery. The symptoms from contacting COVID 19 pandemic. The students will have oversight by consultant 1, 2 and 3, and trained by the nurses/physicians, while serving the public, by providing free testing services requested by public members.

3. Describe the target population to be served; and

Rev 10/29/2021

1. Describe the target population to be served:

The Molokai HOSA and AHEC Scholars students to be trained are estimated to be 30, the Lanai HOSA and AHEC Scholars students to be trained are 10, increasing the total number of health career students by 40 students. The Molokai population is 6,570 of which 60% represent the agriculture/farming community. Molokai will serve and provide free testing serves to an estimated 1,250 people on island. Lanai, with a population of 2,705, will serve 125 community members.

2. Describe the geographic coverage:

Molokai is 38 miles long and 10 miles wide. The island of Lanai is 18 miles wide. These two islands are federally designated underserved rural areas, severally distressed census tract as identified, both islands are designated Enterprise Zones.

III. Service Summary and Outcomes

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request.

1. Describe the scope of work, tasks and responsibilities:

The scope of work includes performing the proposed project goals and objectives that includes training for Molokai and Lanai Health Occupations Students America, (HOSA), health career high school students, and Area Health Education Center Scholar college students, (AHEC). The consultant will coordinate all of the following: oversight of proposed project consultant(s), registered nurses and physicians. Nurses/Physicians and Consultants will train the students to provide mini clinics on a monthly schedule to the public in the following health screening areas: 1.) Cholesterol testing, 2.) Glucose testing 3.) Blood pressure reading, 4) BMI 5.) Patient charting, and 6.) reading test results. Although taught by medical professionals, these screening tests are not diagnostic for students to use. The students would also travel to other islands for site visits to health facilities. The public member participating in the mini clinic will receive a printed slip of results from there reading(s), and a copy placed in their chart, to recheck every month at no cost to the public, to monitor and maintain or improve their results. The knowledge and educational training gained through hands-on training to students is a valuable tool, and the public receives free health screening as well.

- 2. Provide a projected annual timeline for accomplishing the results or outcomes of the service;
 - 1st and 2nd week, Consultant 1 coordinate everyone
 - 3rd week, Molokai and Lanai students will enroll 40 students for training
 - 4th week, Nurses/Physicians set up trainings for students
 - 2nd month, Schedule Molokai mini clinics for the public
 - 5th month, Lanai will plan a pilot mini clinic for students.
 - 6th month, Schedule Lanai mini clinics for the public
 - 7th month, Students travel to do on-site visits to Health facilities and organizations
 - 3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results:

The MHFA Board will require monthly meetings and financial reports from Consultant 1, which also includes results of his/her oversight from other Consultant (s), and all related partners (nurses, physicians, and students). The meetings would be to monitor the timeline and determine where the project is in the line of accomplishments.

MHFA has and will continue to operate with all Government regulations and policies to include, but are not limited to, 501 (c) 3 non-profits. In addition, MHFA will follow the policies and procedures set forth by MHFA's by-laws. As required in the procurement process, reporting procedures to the State of Hawaii will be followed. In addition, an annual financial audit will be performed under the MFHA By-Laws policies and guidelines. It is planned that the proposed audit will be outsourced to the accounting office's firm.

Parameters to monitor progress are based on pretest and posttest surveys and discussions of improvements of the project. Evaluation of the progress will be based on a checklist of scheduled mini clinics, schedules, timelines, progress, and participant feedback, and surveys. Each progress report will include an account summary and/or detailed report each month.

1. Necessary Skills and Experience

The applicant shall demonstrate that it has the necessary skills, abilities, knowledge of, and experience relating to the request. State your experience and appropriateness for providing the service proposed in this application. The applicant shall also provide a listing of verifiable experience of related projects or contracts for the most recent three years that are pertinent to the request.

Our skills have progressed and over time as continued growth has built capacity of the organization at various levels of service. MHFA is a non-profit organization run by volunteers and a project manager to advocate for farmers since 2005, and now advocates with diverse partners to provide critical access to other partnerships and organizations. MHFA has expanded throughout Molokai and is also reaching out to other islands to share the knowledge, services, and benefits as we go through the COVID 19 pandemic. MHFA includes famers who continue to participate in food production and more recently, medical tele health services, health testing and education services, and different workshops by Zoom or in person as warranted.

Our skills and experience stem from perseverance and determination to succeed by promoting our produce and products for and by farmers of Molokai. Our skills have developed tremendously from the following partners.

2020 to present: Molokai Rural Health Community Association – A program geared toward Kupuna and elderly services, promoting health care and health careers for students providing health careers and educational support.

2021 to present: Sustainable Molokai – An organization formed to assist farmers, and provide healthy school meals, workshops, and provide food relief on Molokai.

2021 to present: Maui County Area Health Education Center – An organization to promote health careers, recruit and assist in training students interested in health careers. AHEC provides internships, and rotations to medical students throughout Maui County.

2019 to present: Molokai Hawaiian Homelands Kupuna Committee – The Kupuna provides support to the homestead communities and the community in traditional practices, and wisdom through an important cultural component to the MHFA
