INSURANCE FRAUD INVESTIGATION

The Insurance Fraud Investigations Branch (Fraud Branch) conducts a statewide program to prevent, investigate, and prosecute insurance fraud cases and complaints relating to all lines of insurance, except workers' compensation insurance. The Fraud Branch reviews referrals submitted by the insurance industry, other agencies, and the public and opens investigations in all cases where it suspects that a crime may have been or is currently being committed. State law requires that any insurer or insurer's employee or agent, who believes it has received a fraudulent claim, refer the case to the Fraud Branch within 60 days.

The Fraud Branch employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. The branch includes 10 employees, including prosecutors, investigators, and administrative staff.

During fiscal year 2020-2021 (FY 2021), the Fraud Branch received 535 referrals from insurance companies, various agencies, and the public. Of those accepted for prosecution, criminal indictments were obtained against 19 individuals with a fraud amount totaling \$193,587.00 for the FY 2021. The Fraud Branch obtained \$13,477.00 in restitution, with \$9,135.00 payable to the Crime Victim Compensation Fund, and \$2,000.00 in fines payable to the State of Hawaii. There were also probation service fees in the amount of \$1,725.00 and miscellaneous fees of \$1,538.00.

In addition to their duties and obligation to prevent, investigate, and prosecute insurance fraud cases and complaints, the Fraud Branch assisted the Compliance & Enforcement Branch in reviewing licensee applications and renewals. Specifically, the Fraud Branch assisted in screening over 2,400 applications and renewal applications for producer licenses for criminal convictions and administrative action histories.

The Fraud Branch works to prevent insurance fraud through disseminating brochures and conducting presentations and making copies of its informational brochure available to the public. However, due to COVID 19 restrictions and the safety of the community, all meetings or classes attended during this past year have been online. Likewise, all presentations or informative gatherings by the Fraud Branch were suspended. The online classes, discussions or seminars participated in included those sponsored by the National Health Care Anti-Fraud Association, the John Reid & Associates, the Hawaii Criminal Justice Data Center, the National Insurance Crime Bureau, and the National Association of Attorneys Generals.

HEALTH INSURANCE

The Health Insurance Branch is responsible for regulating health insurers, including health maintenance organizations and mutual benefit societies.

The Health Insurance Branch receives inquiries and complaints pertaining to federal and state laws governing health insurance, including long-term care insurance. Of the 112 complaints received by the Health Insurance Branch: 45 involved claims appeal; 20 involved denial of coverage; 12 involved unfair marketing; 7 involved policy coverage; 6 involved par/non par coverage; 6 involved termination of coverage; 6 involved reimbursement timeliness; 1 involved rate increase; 1 involved external review; 1 involved obtaining health insurance; and 7 involved no complaint type specified. Complaints resolved during this period saved consumers more than \$24,316.

In addition to addressing complaints, the Health Insurance Branch answers information requests from consumers, healthcare providers, and health insurance professionals by responding to e-mails and providing callers with information on health insurance matters. During the fiscal year 2020-2021 (FY 2021), the Health Insurance Branch handled more than 209 inquiries. The Health Insurance Branch reviewed producer licensee applications and renewals by screening 804 applications and renewal applications for criminal convictions and administrative action histories.

Pursuant to Hawaii Revised Statute (HRS) chapter 431, article 10, part I, the Health Insurance Branch reviews health insurance contracts and forms to ensure readability and the disclosure of required information. It also reviews premium rate filings of managed care plans pursuant to HRS chapter 431, article 14G. The Health Insurance Branch received 117 filings during the FY 2021, resulting in consumer savings of more than \$2,149,326.

The Health Insurance Branch also conducts independent external reviews of managed care plan coverage decisions that are appealed by plan members pursuant to HRS chapter 431E. During the FY 2021, it received 45 requests for external review, resulting in consumer savings of \$21,061.

INSURANCE LICENSING

The Insurance Licensing Branch is responsible for the initial licensing of insurance producers, adjusters, surplus lines brokers, managing general agents, limited lines producers, limited lines motor vehicle rental company producers, limited lines portable electronics producers, limited lines self-service storage producers, reinsurance intermediaries, life settlements providers and brokers, independent bill reviewers, pharmacy benefit managers, service contract providers, third party administrators, and vehicle protection product warrantors.

In addition to issuing new licenses, the Insurance Licensing Branch also renews, reactivates, amends, and inactivates licenses, conducts background checks on all resident license applicants, records the creation and termination of appointments, facilitates the Continuing Education (CE) Advisory Committee meeting to approve or reject CE providers and courses, processes CE providers and course renewals, and maintains a database of CE credits completed by producers.

During the fiscal year 2020-2021, the Insurance Licensing Branch issued 25,401 new licenses, reactivated 1,522 licenses, renewed 27,766 licenses, inactivated 894 licenses, non-renewed 14,698 licenses, created 66,582 new appointments, terminated 32,000 appointments, updated 14,929 addresses, created 2,556 agent reviews, activated 6 CE providers, inactivated 13 CE providers, activated 803 CE courses (407 life and health insurance, 396 property and casualty insurance), inactivated 464 CE courses (289 life and health insurance, 175 property and casualty insurance), and rejected 8 CE courses (6 life and health insurance, 2 property and casualty insurance). Producers completed 16,076 CE courses. The licensing and CE fees of \$10,882,486.67 were deposited into the Compliance Resolution Fund.

The Insurance Licensing Branch continues to expand its online offerings. Currently, via internet, the public can verify insurance licenses; licensees can download forms, update their contact information, and renew their licenses; producers may search for approved CE courses and check the balance of their CE credits; and starting June 1, 2021, individuals and business entities are mandated to submit electronic initial or renewal application, starting June 1, 2021, for producers, limited lines producers, limited lines motor vehicle rental company producers, surplus lines brokers, all adjusters, limited lines self-service storage producers, and third party administrators' licenses. All active licensees may print their active insurance licenses online. Confirmation notices are sent to the licensees electronically when changes are made and when licenses are ready to be printed online. Licenses are now searchable and viewable via mobile devices.

RATE AND POLICY ANALYSIS

The Rate and Policy Analysis Branch (RPA Branch) analyzes and approves or disapproves rate filings for property, casualty, motor vehicle, inland marine, surety, credit life and disability, long-term care, and Medicare supplement insurance. The RPA Branch also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, long-term care, Medicare supplement, temporary disability, and title insurance.

During fiscal year 2020-2021 (FY 2021), the RPA Branch reviewed approximately 3,693 filings. This figure represents a 1.3% increase in the volume of filings over the prior fiscal year. The 50% reduction in filing fees, which began in FY 2019, were continued through FY 2021.

The RPA Branch uses the System for Electronic Rate and Form Filing (SERFF), a state-of-the-art system established by the National Association of Insurance Commissioners (NAIC) for filing submittal, document management, and review access. First introduced in 2001 to a modest number of participating insurers in Hawaii, by 2013, one hundred percent of insurers used SERFF, thereby eliminating any need for paper filings. By 2019, Hawaii moved toward greater transparency for life and health filings by enabling SERFF Filing Access (SFA), an online portal through which the public may view SERFF filings. In 2020, property and casualty filings were made available on SFA.

Pursuant to HRS chapter 431, article 30, Hawaii may join with other states to regulate designated insurance products through an interstate insurance product regulation compact (IIPRC). The Commission for the IIPRC became effective May 2006 with 26-member states. Bylaws and operating procedures were adopted with input by members states, as well as product standards for life, annuity, disability income, and long-term care. All standards are audited every five years by IIPRC members. In 2020, there were 46-member states, over 250 filing companies, and nearly 100 product standards have been developed. The IIPRC approved 1,290 filings in calendar year 2020.

LONG-TERM CARE INSURANCE: Pursuant to HRS section 431:10H-217.5, insurers transacting long-term care insurance business on or after January 1, 2008, are required to comply with model disclosure and actuarial rate-making standards. Most insurers with rates and forms on file in Hawaii no longer actively sell stand-alone long-term care insurance but continue to service existing policyholders. There continues to be requests for premium increases for policies issued before 2008, but the current rate review process resulted in reducing those premium increases by approximately \$6.9 million. Life or annuity insurance products with a long-term care rider are increasingly becoming more available and are an alternative to the traditional, stand-alone long-term care products.

MEDICARE SUPPLEMENT INSURANCE: There are 14 insurers offering Medicare Supplement plans in Hawaii. The majority have added new plans as allowed by Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), and many provide a wide selection of plans. In FY 2021, the upward trajectory of utilization resumed after seeing a drop in utilization due to the hold put on elective office visits and procedures during the early months of the COVID-19 pandemic. The emergence of more virulent variations of the COVID-19 virus may put upward pressure on the rates.

MOTOR VEHICLE INSURANCE: The COVID-19 pandemic, which started in the latter half of FY 2020, significantly altered the driving habits of the entire state. The result was a continuation of premium refunds and temporary reduction of rates throughout FY 2021 which resulted in an estimated policyholder savings of \$38.9 million. The Division expects that the premium to return to the pre-COVID-19 rate levels as the state gradually reopens. The RPA Branch issues and posts an annual Vehicle Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HOMEOWNERS INSURANCE: Hawaii continues to see a robust homeowner (and renters and condominium) insurance market, with the exception of highest-risk lava zones 1 and 2, where Hawaii Property Insurance Association (HPIA) is the insurer of last resort. The lava events in 2014 and 2018 on Hawaii island continue to impact the availability of insurance and the rates remain high due to the significant cost of reinsurance. The RPA Branch encourages consumers to take interest and shop for the best rate by reviewing its annual Homeowners Insurance Guide and Premium Comparison publication, which is posted on the Insurance Division's website at the beginning of each calendar year.

HURRICANE INSURANCE: Hurricane insurance is available for a purchase separate from homeowners

insurance, unless it is specifically included in the homeowners' insurance. In FY 2021, there has been little change in the number of insurers offering hurricane insurance in Hawaii, due to some insurers exiting the market, while new insurers have entered the market.

WORKERS' COMPENSATION: Hawaii is a state that provides has some of the strongest worker protections in the country. Workers' compensation insurance in Hawaii continues to see a modest rate increases for the past several years. In comparison, workers' compensation insurance rate in other jurisdictions appears to be trending downward during the same period. This may be a confluence of contributing factors, such as outdated fee schedules, prescription drug dispensing, and recent court cases. On October 19, 2020, revisions to the National Council on Compensation Insurance, Inc.'s workers' compensation loss costs were approved with an overall increase of 5.8 percent, to reflect the projected experience and statutory benefits for January 1, 2021.

OTHER PROPERTY & CASUALTY INSURANCE: Rate filing review in other property & casualty lines of insurance resulted in an estimated savings of \$4 million. Trending are cyber insurance products which continue to see an increased interest due to growing threat of cyber-attacks, causing data breaches, ransomware demands, and massive disruption to operations. Companies who apply for cyber insurance should be aware that there is a strict underwriting requirement and the company must have adequate cyber security measures in place before an insurer will agree to insure the risk.

CAPTIVE INSURANCE

Established in 1998, the Captive Insurance Branch provides dedicated resources to help the Insurance Commissioner monitor, regulate, and develop captive insurance companies licensed under article 19 of chapter 431, Hawaii Revised Statutes (HRS).

Since the enactment of Hawaii's enabling captive legislation in 1986, Hawaii has established an exceptional worldwide reputation in this complex, cutting-edge area of insurance and risk financing. Hawaii is considered to be the premier domicile in the Pacific. The State is ranked eighth in the world and fifth in the United States based on the number of active licenses.

Both the rising number of states that have become captive domiciles (approximately 35 states) and an increase in global captive domiciles have created a competitive market for states to become home to new captive insurers. Consequently, new captive formations are being distributed among more states and global jurisdictions. Further, as many mid-size to large companies already use a captive insurance company, the market for companies capable of forming a captive constantly shrinking. Despite these obstacles, the Captive Insurance Branch issued 21 new captive licenses in calendar year 2020, with 10 captives closed through dissolution, mergers, or re-domestication. During calendar year 2020, total assets were approximately \$27.3 billion, combined total capital and surplus was \$6.1 billion, and combined total gross written and assumed premiums exceeded \$10.1 billion.

Hawaii has implemented several strategies to meet the challenges in this current environment, including providing more timely and relevant information to prospective and current captive organizers using internet and other digital technologies. Hawaii will maintain its prudent regulatory approach toward captives and continue to participate in developing national and international insurance standards. The Captive Insurance Branch will also review initiatives that provide potential opportunities for Hawaii's captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies in the United States and a growing number of Japan-based corporations that normally have few business contacts in the United States. These captives add millions of dollars in investments held in Hawaii and managed by local Hawaii banks and financial institutions. As of December 31, 2020, total investments held in Hawaii was \$1.5 billion. Hawaii's captive industry also supports many specialized local professional services including: public accounting, legal, claims administration, and other insurance-related services. The Captive Insurance Branch will continue to work with the public and private sectors by providing educational expertise and resources to support the long-term development and refinement of this niche business in Hawaii.

The following is an aggregated summary of information about Hawaii's captive insurance industry as of December 31, 2020 and 2019:

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

FINANCIAL SURVEILLANCE AND EXAMINATION

The Financial Surveillance and Examination Branch conducts financial analyses and examines Hawaii-domiciled insurance companies, agencies, health maintenance organizations, and mutual benefit societies, to confirm their financial condition, solvency, and compliance with applicable laws and regulations. To safeguard consumer interests and maintain the integrity of the insurance industry, the Financial Surveillance and Examination Branch also:

- Licenses more than 1,300 domestic, foreign and alien insurers.
- Processes and collects more than \$189 million in Premium tax and Surplus Lines tax on behalf of the General Fund and Workers' Compensation levies on behalf of the Department of Labor & Industrial Relations.
- Processes and administers the Qualified High Technology Business Investment Tax Credits and Low Income Housing Tax Credits claimed against Insurance Premium taxes.
- Authorizes and monitors accredited and trustee reinsurers.
- Registers purchasing groups and foreign risk retention groups.
- Regulates self-insurers.
- Maintains security deposits.
- Monitors market share and competitive standards of mergers and acquisitions.

The Insurance Division is subject to periodic review by the NAIC Financial Regulation Standards and Accreditation Program (FRSAP) which requires state insurance departments to regulate domestic insurers' corporate and financial affairs. The Financial Surveillance and Examination Branch introduces legislation and administrative rules to ensure that the Insurance Division has adequate statutory and administrative authority, and the resources necessary to satisfy its regulatory obligation. An independent FRSAP review team conducts a comprehensive review of all accredited state insurance departments at least once every five years to ensure their compliance with NAIC standards. First accredited by the NAIC FRSAP in 1996, the Insurance Division has been re-accredited in 2001, 2006, 2011, and 2016.
