REPORT TO THE THIRTY-FIRST HAWAII STATE LEGISLATURE 2022

**IN ACCORDANCE WITH THE PROVISIONS OF SECTION 346-51.5,
HAWAII REVISED STATUTES, ON THE TEMPORARY ASSISTANCE FOR
NEEDY FAMILIES & TEMPORARY ASSISTANCE FOR OTHER NEEDY
FAMILIES PROGRAMS**

**DEPARTMENT OF HUMAN SERVICES
Benefit, Employment and Support Services Division
January 2022**

Section 346-51.5, Hawaii Revised Statutes (HRS), requires the Department of Human Services (DHS) to prepare a report on the Temporary Assistance for Needy Families (TANF) and Temporary Assistance for Other Needy Families (TAONF) programs that include:

- 1) A plan for expenditure of TANF funds to include, a) details how the funds received under TANF shall be expended; and b) descriptions of the desired outcomes from the expenditure of the funds; and
- 2) A report about a) the continuing strategic planning process, with the assistance of the Financial Assistance Advisory Council, to involve the community in planning for the future use of TANF funds and setting annual goals and outcomes for existing and new programs receiving TANF; b) on the effectiveness and level of success in reaching the desired outcomes from the previous two fiscal years using TANF funds; and c) on any funds received and expended supplemental to the TANF block grant, the purposes for which the funds were expended; and outcomes achieved.

PROGRAM OVERVIEW

Temporary Assistance for Needy Families (TANF) is a federal block grant program. TANF program requirements are per the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PL 104-193) (Welfare Reform). Before Welfare Reform, the Aid for Families with Dependent Children (AFDC) program did not distinguish between citizen or non-citizen or single or two-parent households. However, the 1996 Welfare Reform limited TANF eligibility to US citizens, single or two-parent households with dependent minor children, and certain single-parent immigrant households.

Recognizing the diversity of Hawaii's families and consistent with Article IX, Section 3, of the State Constitution, the Legislature created the state-funded Temporary Assistance for Other Needy Families (TAONF) program to continue to provide financial assistance to families that were eligible for benefits through AFDC but would no longer be eligible through TANF due to their citizenship. The state-funded TAONF program rules mirror TANF program rules and provide the same benefits and services to Hawaii's needy families with children, including mixed citizenship or non-citizenship single and two-parent households. Importantly, the general fund appropriation for TAONF also serves as a major portion of the State's Maintenance of Effort required to receive the TANF block grant.

TANF and TAONF programs are time-limited cash assistance programs for families with dependent children under 18 years old. Families may receive no more than sixty (60) months of cash assistance benefits in their lifetime through the TANF or TAONF Program. Family participation in the TANF or TAONF program depends on the household composition. When all members are US citizens, the family is eligible for federal-funded financial benefits

under TANF. Families with at least one non-citizen are eligible for state-funded benefits under TAONF. Other than the funding sources, the TANF and TAONF programs are identical.

These programs provide temporary financial relief to families and stabilize their current financial situation through participation with the First-To-Work (FTW) Program. TANF and TAONF recipient families must participate in the FTW Program, which provides education and vocational training support, job readiness training, job search assistance, employment placement services, case management, counseling services, and other supportive services so families may obtain and maintain employment. In addition, families may receive child care subsidies, assistance with transportation costs, worked- and education-related expenses while engaged in the FTW program to ensure success.

TANF and TAONF provide monthly cash benefits to families for food, clothing, shelter, and other essentials. To qualify for this assistance, a family must include children under 18 and earn a total gross income under 185% of the 2006 Federal Poverty level (FPL). For a household of three persons, this means the monthly gross income must be less than \$2,941, and the net income must be under \$610 if the household includes an employable adult. In addition, for households where all adults are disabled, care is required for a disabled household member or a child younger than six months of age, then the net income must be under \$763 per month. Effective April 18, 2013, DHS disregards assets under the TANF and TAONF programs.

CASELOAD OVERVIEW: COVID-19

The Governor's Sixth Supplementary Emergency Proclamation for COVID-19 signed on April 25, 2020, suspended sections 346-29 and 346-261, HRS, which established the TANF/TAONF application requirements and the mandatory FTW program for recipients. In addition, the Supplementary Proclamation provided the Director of the Department of Human Services the authority to modify the administrative rules to assist families in need and those impacted by the COVID-19 pandemic. The suspension of sections 346-53 and 346-261, HRS, ended effective August 7, 2021.

Although the Governor's Emergency Proclamation for COVID-19 expired, the Secretary of the US Department of Health and Human Services renewed the determination that a Public Health Emergency exists. On January 16, 2022, US Health & Human Services Secretary Xavier Becerra recently extended the Public Health Emergency for an additional 90 days to April 16, 2022.

The TANF/TAONF continued to align its application process with waivers approved for the Supplemental Nutrition Assistance Program (SNAP), such as telephonic signatures, waiver interviews, and postponed eligibility reviews, to ensure DHS met Hawaii residents' demand for financial assistance. In addition, the upfront work participation, required as a condition of initial eligibility, was waived for TANF and TAONF applicants. These waivers reduced the processing time of applications and allowed eligible families to receive their benefits sooner.

As a condition of eligibility, once families are determined to be eligible for TANF benefits are immediately referred to the FTW Program for participation. Participation in the FTW Program is an opportunity for TANF recipient families to receive much-needed supportive services, counseling, case management services, and resources, especially during this pandemic. Furthermore, the FTW Program will assist TANF recipient families impacted by the economic consequences of COVID-19 transition back into the workforce during the State's recovery.

The monthly average caseloads for TANF and TAONF in SFY 2021 were 5,330 and 1,452, respectively, for an average monthly total of 6,782. Incredibly, Hawaii experienced a 55.2% increase in its total caseload compared to SFY 2019 or pre-pandemic (4,369 total monthly average).

I. EXPENDITURE PLAN OF TANF FUNDS

A. Details How the Funds Received Under TANF Shall Be Expended

Please refer to Attachment 1.

B. Description of the Desired Outcomes from the Expenditure of Funds

Please refer to Attachment 2.

II. TANF STRATEGIC PLANNING AND LEVEL OF SUCCESS

A. The Financial Assistance Advisory Council (FAAC)

No meetings were conducted during fiscal year 2021.

B. TANF Measures of Effectiveness and Level of Success in Reaching Outcomes

The outcomes for the TANF Program, as reflected in the State Budget, are as follows:

1. Percentage of Households Determined Eligible for TANF Assistance

FY 2021 Planned = 35%

FY 2021 Actual = 22% average per month

FY 2022 Planned = 15%

2. Percentage of TANF Recipients in Work Program Exiting Due to Employment

FY 2021 Planned = 14% average per month

FY 2021 Actual = 1% average per month

FY 2022 Planned = 15%

For SFY 2021, the average wage of employed work program participants was \$14.49/hour. Based on 30 employment hours per week, the estimated gross earnings of \$1,883 per month would allow a family of three to be eligible for TANF benefits.

3. Percentage of TANF Recipients Who Obtained Employment

FY 2021 Planned = 15% (average per month)

FY 2021 Actual = 14.8% of recipient families (average per month)

FY 2022 Planned = 15% (average per month)

4. Percentage of TANF Households Exited Due to Earnings

FY 2021 Planned = 14%

FY 2021 Actual = Of the total families who exited TANF each month, 13.4% of the families exited due to earned income (average per month)

FY 2022 Planned = 14%

5. Supporting Employment Empowerment (SEE) Hawaii Work Program

The DHS implemented the SEE Program in 2006 to provide on-the-job training and employment opportunities with private sector employers for First-To-Work (FTW) Program participants that may have little or no work experience or basic work skills. Participants employed through the SEE Program may work a minimum of 24 hours per week for up to six (6) months.

Participating employers pay SEE employees' (FTW participants) wages and benefits. The State reimburses the employers 100% of the State's hourly minimum wage. For each additional \$1.00 per hour paid to the SEE employee, the State reimburses the employer \$0.50. The maximum hourly rate paid to the employee that may be subsidized is \$14.00, and the employee may work no more than 40 hours/week. Employers also are reimbursed 14% of the subsidized wages to cover the cost of training and other employment-related costs and overhead expenses. Additionally, the State provides SEE employees supportive service payments such as transportation and child care assistance.

a) *Participants Employed Through the SEE Program:*

SFY 2020 = 58 (unduplicated) FTW participants

SFY 2021 = 237 (unduplicated) FTW participants

b) *Average Work Hours and Wage:*

SFY 2020 = Average of 33 hours/week for an average wage of \$10.75/hour

SFY 2021 = Average of 40 hours/week for an average wage of
\$13.39/hour

c) *Transitioned from Subsidized to Unsubsidized Employment:*

SFY 2020 = 50% transitioned from SEE to unsubsidized employment

SFY 2021 = 76% transitioned from SEE to unsubsidized employment

d) *Businesses Participated in the SEE Program:*

Please refer to Attachment 3 – Hawaii Businesses Participating in Supporting Employment Empowerment (SEE) Program.

SFY 2020 = 267 SEE employers

SFY 2021 = 129 SEE employers

6. Work Participation Rates

The Federal government mandates that states meet two work participation rates as a condition of receiving and expending TANF Federal Block Grant and State Maintenance of Effort (MOE) requirements.

- a) *All-Family Participation Rate of 50%:* Of all TANF recipient cases that have at least one work-eligible individual who is complying with their federally mandated work activities.

The 50% compliance rate for the All-Family Rate is the federal baseline before factoring in the caseload reduction credit, the credit to the State for declining assistance caseloads.¹ Hawaii's Caseload Reduction Credit for Federal Fiscal Year (FFY) 2021 is estimated to be 72.6%. The adjusted All-Family work participation requirement to be met is zero percent (50% - 72.6% = 0%).¹

As of December 2021, 10.95% of mandatory households met the work participation requirements for FFY 2021. Therefore, Hawaii exceeds the required participation, 10.95% compared to zero percent.

Mandatory Households Meeting All-Family Work Participation Requirements

FFY 2021 Planned = 15%

Actual = 10.95% (prior to the application of the Caseload Reduction Credit)

FFY 2022 Planned = 15% (prior to the application of the Caseload Reduction Credit)

- b) *Two-Parent Participation Rate of 90%:* Of all TANF recipient cases that have two work-eligible parents who are complying with their federally mandated work activities.

¹ Pursuant to Section 407(b)(3) of the Social Security Act (the Act), the U.S. Department of Health and Human Services (HHS), Administration for Children and Families (ACF), reduces a state's required participation rate for a Federal Fiscal Year (FFY) when the number of percentage points that the average monthly number of families receiving assistance during the year immediately preceding the current fiscal year is less than the average monthly number of families that received assistance during the comparison year (FFY 1995). The statute prohibits this reduction from including any caseload declines due to requirements of Federal law or due to differences in state eligibility criteria. The reduction in the participation rate is referred to as the Caseload Reduction Credit.

The 90% compliance rate for the Two-Parent Rate is the federal baseline before factoring in the Caseload Reduction Credit. The same estimated Caseload Reduction Credit for FFY 2021 of 72.6% can be applied. The adjusted Two-Parent Participation Rate to be met is 17.4% (90% - 72.6% = 17.4%).

As of December 2021, 12.39% of mandatory two-parent met the work participation requirements for FFY 2021. Therefore, Hawaii did not meet the required two-parent participation rate, 12.39% compared to 17.4%.

Mandatory Households Meeting Two-Parent Families Work Participation Requirements

FFY 2021 Planned = 20%

FFY 2021 Actual = 12.39% (prior to the application of the caseload reduction credit)

FY 2022 Planned = 34% (prior to the application of the caseload reduction credit)

- c) The All-Family and Two-Parent work participation rates were at their lowest in the first quarter of FFY 2021, which may have been the consequence of Hawaii's high unemployment rate at 14% for October 2020 and 10.3% for November and December 2020.

The work participation rates started to increase as the unemployment rates declined for the remaining months of FFY 2021. At the end of FFY 2021, the All-Family Rate increased to 14.29% in September 2021, a 75.1% increase compared to October 2020 at 8.16%. The Two-Parent Rate saw a 114% increase at 17.19% in September 2021 versus 8.03% in October 2020.

Based on the data trend, the work participation rates for FFY 2022 are likely to increase as Hawaii's unemployment rate continues to decline.

7. Supplemental Funding

In addition to the annual TANF Block Grant, states may be eligible to receive a portion of the TANF Contingency Fund. The TANF Contingency Fund provides funding for states to provide benefits and services to needy families in times of economic downturns. A state may receive 1/12 of 20 percent of its annual block grant for each month that it qualifies as an "eligible state." If the State qualifies for the TANF Contingency Fund for the full fiscal year, such expenditures are multiplied by the State's Medicaid match rate to determine the amount that the State may keep. However, if the State is eligible for less than the full year, the match rate is reduced by the fraction of the year that the State qualified as an "eligible state." Thus, a state may receive up to 20 percent of its TANF Block Grant if eligible for an entire year.

To qualify for and expend TANF contingency funds, States must spend Maintenance of Effort (MOE) State dollars that equal 100% of the State's share of the FFY 1994 expenditures under the Aid to Families with Dependent Children (AFDC) and Job Opportunities and Basic Skills (JOBS) programs (i.e., pre-TANF), and meet one of two "needy state" triggers:

1. *High Unemployment Rate:* An unemployment rate for a 3-month period that is at least 6.5 percent and 100 percent of the rate for the corresponding period in either of the two preceding calendar years; or
2. *High Supplemental Nutrition Assistance Program (SNAP) Caseloads:* A SNAP (formerly known as Food Stamps) caseload that is 10 percent over the FY 1994-1995 level (adjusted for the impact of the 1995 welfare reform law's immigrant and Food Stamp provisions on the Food Stamp caseload).

Due to the MOE State expenditure requirement and available federal TANF reserve, the Department did not apply for the FFY 2021 TANF Contingency Funds.

Purpose 3: To prevent and reduce out-of-wedlock pregnancies

Purpose 4: To encourage the formation and maintenance of two-parent families

The following purchase of service contracts are a diverse set of programs to prevent teen pregnancy prevention through fostering positive youth development. The Department believes that: (1) adopting a broader positive youth development approach is more cost-effective than narrower teen pregnancy prevention approaches, and (2) a positive youth development approach yields numerous other social benefits relating to fostering self-sufficiency: (a) dropout prevention; (b) alcohol and drug abuse prevention; (c) character building; (d) job readiness; etc.

These services are in accordance with Code of Federal Regulations (CFR), Title 45, Part 260; to ensure compliance with requirements detailed in Part 263, Subpart A; and to avoid potential penalty outlined in Part 262.
