Approved by the Governor

HOUSE OF REPRESENTATIVES
THIRTY-FIRST LEGISLATURE, 2022
STATE OF HAWAII

ACT 144
H.B. NO. 1568
H.D. 2
S.D. 2
C.D. 1

A BILL FOR AN ACT

RELATING TO AGRICULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that supporting local
2 businesses and encouraging the production and use of local
3 agricultural products are a matter of statewide concern.
4 The legislature further finds that the department of
5 education, department of health, department of public safety,
6 department of defense, and University of Hawaii system are the
7 state entities that purchase some of the greatest amounts of
8 agricultural products. For example, according to the department
9 of public safety, it consistently spent more than \$10,000,000
10 annually from 2007 to 2011 to feed Hawaii's inmate population.
11 For the department of health, under section 11-174-3, Hawaii
12 Administrative Rules, the inclusive rate for routine and
13 ancillary services per patient of the Hawaii state hospital is
14 \$133 per day. Routine and ancillary services include food and
15 nutrition services, among other services and supplies.
16 The department of education operates the twelfth-largest
17 school system in the United States. Prior to the coronavirus

1 disease 2019 pandemic, the department of education served lunch
2 to 103,786 students daily and an additional 32,352 breakfasts
3 daily. During fiscal year 2017-2018, the department spent more
4 than \$45,640,000 on food for school meals. In 2020, even during
5 an abbreviated school year, the department spent about
6 \$30,000,000 on food.

7 The legislature notes that the department of defense
8 oversees the Hawaii national guard youth challenge academy and
9 serves breakfast, lunch, and dinner to its residential students.
10 The Hawaii national guard youth challenge academy is seventy-
11 five per cent funded by a federal National Guard Bureau grant,
12 with meal and food purchases for the year having a federal
13 budget cap of \$25 a day for each cadet participating in the
14 academy.

15 Therefore, the purpose of this Act is to require the
16 department of education, department of health, department of
17 public safety, department of defense, and University of Hawaii
18 system to ensure that a certain percentage of food that is
19 purchased is locally grown to ensure the continued growth of
20 local food, support local farmers and ranchers, and guarantee
21 that revenue derived from locally grown food remains in the

1 State. This Act is not meant to capture departmental or
2 University of Hawaii system staff travel expenses, office staff
3 procurement, any other staff meals separate from each
4 department's offered meal services or programs, or other staff
5 meals separate from the University of Hawaii system's offered
6 meal services or programs.

7 SECTION 2. Section 27-8, Hawaii Revised Statutes, is
8 amended to read as follows:
