ACT 213
S.B. NO. 2752

C.D. 1

A BILL FOR AN ACT

RELATING TO ABANDONED WELLS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that wells in a state of
2 disuse or disrepair can become conduits for contaminants to be
3 introduced into ground water. Abandoned wells can also become
4 receptacles for the disposal of waste, potentially resulting in
5 additional contamination and associated risk to public health
6 and the environment.

7 The legislature further finds that the commission on water
8 resource management has developed minimum standards relating to
9 water wells, including their sealing and abandonment, in order
10 to protect the quality and quantity of the State's ground water
11 resources.

12 The purpose of this Act is to require an owner of an
13 abandoned well to repair or seal the well at the owner's
14 expense.

15 SECTION 2. Section 174C-81, Hawaii Revised Statutes, is
16 amended by amending the definition of "abandoned well" to read
17 as follows:

18 "Abandoned well" means any well [~~that~~]:

- 1 (1) The purpose or use of which has been permanently
2 discontinued[. Any well shall be deemed abandoned
3 which is];
4 (2) That has served its purpose;
5 (3) That is not properly maintained;
6 (4) The physical condition of which is causing a waste of
7 ground water or is impairing or threatens to impair
8 the quality of the ground water resources; or
9 (5) That is in such a state of disrepair that its
10 continued use [for the purpose of obtaining ground
11 water] is impractical[-] or poses a hazard to public
12 health or safety."

13 SECTION 3. Section 174C-87, Hawaii Revised Statutes, is
14 amended to read as follows:

15 "§174C-87 [Abandonment] Sealing of abandoned wells. (a)
16 When a well is abandoned, the owner shall [fill and] seal the
17 abandoned well in a manner approved by the commission. Before
18 [abandonment,] sealing, the owner shall file with the commission
19 [a report showing the owner's name and address; the water use
20 permit number, if any; the name and address of the well driller
21 who will be employed to perform the work required for

1 ~~abandonment, the reason for abandonment, a description of the~~
2 ~~work to be performed to effect the abandonment,]~~ an application
3 for a well sealing permit signed by a driller licensed to do the
4 work and [such] other information [as] required by the
5 commission [may require].

6 (b) The owner of an abandoned well shall repair or seal
7 the well at the owner's expense, as provided by the well
8 construction and pump installation standards.

9 (c) Notwithstanding any other law to the contrary, if the
10 owner of real property that includes an abandoned well transfers
11 ownership of the real property, the owner shall notify the
12 commission on water resource management of that transfer upon
13 opening of escrow; provided that the presence or existence of
14 the abandoned well is:

15 (1) Within the knowledge of the owner; or

16 (2) Visible from an accessible area."

17 SECTION 4. This Act does not affect rights and duties that
18 matured, penalties that were incurred, and proceedings that were
19 begun before its effective date.

20 SECTION 5. Statutory material to be repealed is bracketed
21 and stricken. New statutory material is underscored.

1 SECTION 6. This Act shall take effect upon its approval.
