
A BILL FOR AN ACT

RELATING TO SPECIAL MANAGEMENT AREAS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that targeted amendments
2 to the definition of "development" as it relates to special
3 management areas will promote, not undercut, the environmental
4 controls and quality that special management area regulations
5 are intended to protect. Currently, the broad definition of
6 "development" coupled with rising labor and materials costs can
7 result in a special management area use permit review being
8 required for improvements, facilities, and incidental structures
9 that may not warrant such intense scrutiny and the associated
10 costs and delays that go along with it.

11 The legislature further finds that exclusions from the
12 special management area definition of "development" are
13 desirable for the following activities:

- 14 (1) Demolition or removal of improvements, as well as
15 structures, except on historic sites, to allow for
16 activities such as the removal of shoreline hardening
17 materials that may not qualify as structures;

- 1 (2) Certain types of repairs and improvements of
2 pedestrian and bicycle facilities to reduce reliance
3 on vehicles;
- 4 (3) Trash removal, invasive vegetation control, and
5 fencing for invasive species control or preservation
6 of native habitats to improve the quality of the
7 environment;
- 8 (4) Improvements for inspection and maintenance of
9 utilities to decrease the likelihood of system failure
10 and environmental harm; and
- 11 (5) Improvements to lighting, fixtures, and equipment to
12 comply with standards at public recreational
13 facilities, including health and safety standards, to
14 protect native seabird populations and reduce light
15 pollution.

16 The purpose of this Act is to expand exclusions to the
17 definition of "development" in chapter 205A, Hawaii Revised
18 Statutes, to reduce the need for special management area permits
19 for certain activities.

1 SECTION 2. Section 205A-22, Hawaii Revised Statutes, is
2 amended by amending the definition of "development" to read as
3 follows:

6 management area that are included below:

12 shall not thereafter qualify for this exception with
13 respect to any subsequent subdivision of any of the
14 resulting parcels;

17 in height along existing corridors;

(19) Installation of fencing for invasive species control or preservation of native habitats on conservation land, including associated improvements and incidental structures; and

(20) Installation, maintenance, repair, and replacement of lighting, fixtures, and equipment to establish compliance with current standards at existing public recreational facilities;

provided that whenever the authority finds that any excluded use, activity, or operation may have a cumulative impact, or a significant environmental or ecological effect on a special

1 management area, that use, activity, or operation shall be
2 defined as "development" for the purpose of this part."

3 SECTION 3. This Act does not affect rights and duties that
4 matured, penalties that were incurred, and proceedings that were
5 begun before its effective date.

6 SECTION 4. Statutory material to be repealed is bracketed
7 and stricken. New statutory material is underscored.

8 SECTION 5. This Act shall take effect on July 1, 2050.
