7 agricultural land and other agricultural uses in the
8 vicinity.

9 For the purposes of this paragraph:

14 "wireless communication antenna" means communications
15 equipment that is either freestanding or placed upon
16 or attached to an already existing structure and that
17 transmits and receives electromagnetic radio signals
18 used in the provision of all types of wireless
19 communications services; provided further that "small
20 wireless facilities" shall have the same meaning as in

10 education programs are to occur and do not interfere
11 with surrounding farm operations. For the purposes of
12 this paragraph, "agricultural education programs"
13 means activities or events designed to promote
14 knowledge and understanding of agricultural activities
15 and practices conducted on a farming operation as
16 defined in section 165-2;
