A BILL FOR AN ACT

RELATING TO HOUSING SUPPLY PLANS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that there is a severe shortage of affordable housing in Hawaii, and the shortage places an immense strain on lower-income households. As several government studies have concluded that the State does not have and is not producing enough new housing units to meet normal population growth projections to 2025, it is critical for the counties to also take initiative in increasing the production of housing to meet the anticipated housing demands in their respective counties.

The purpose of this Act is to require the counties to be proactive in planning for new housing at all price points to meet anticipated demand.

SECTION 2. Chapter 46, Hawaii Revised Statutes, is amended by adding a new section to part VII to be appropriately designated and to read as follows:

"§46- Housing elements; housing supply plan. (a) Each county shall prepare a housing supply plan, which shall plan for

1 a projected increase in the housing supply to meet housing
2 demands of all income levels in the State. The housing supply
3 plan shall identify and analyze existing and projected housing
4 needs for all income levels to preserve, improve, and develop
5 housing. The housing supply plan shall identify adequate sites
6 for housing, including rental housing.

7 (b) The housing supply plan shall include an assessment of
8 housing needs and an inventory of resources and constraints
9 relevant to the meeting of housing needs, which shall include:

10 (1) An analysis of population and employment trends and
11 documentation of projections and a quantification of
12 the county's existing and projected housing needs for
13 all income levels;

14 (2) An analysis and documentation of household
15 characteristics, including level of pay compared to
16 ability to pay, housing characteristics, including
17 overcrowding, and housing stock condition;

18 (3) An inventory of land suitable and available for
19 residential development, including vacant sites and
20 sites having realistic and demonstrated potential for
21 redevelopment;

1 (4) An analysis of potential and actual governmental
2 constraints upon the maintenance, improvement, or
3 development of housing, including land use controls,
4 building codes, fees, and any county ordinance that
5 directly impacts the cost and supply of housing
6 development, for all income levels and persons with
7 disabilities; provided that the analysis shall
8 demonstrate the county's effort to remove governmental
9 constraints;

10 (5) An analysis of potential and actual nongovernmental
11 constraints upon the maintenance, improvement, or
12 development of housing for all income levels,
13 including the availability of financing, the price of
14 land, and the length of time between receiving
15 approval for a housing development and submittal of an
16 application for building permits; provided that the
17 analysis shall demonstrate the county's effort to
18 remove nongovernmental constraints;

19 (6) An analysis for special housing needs, including
20 housing for the elderly, persons with disabilities,
21 large families, and farmworkers;

1 (7) An analysis of opportunities for energy conservation
2 with respect to housing development, including energy
3 efficiency measures that encompass the building
4 envelope, its heating and cooling systems, and its
5 electrical systems; and

6 (8) An analysis of existing assisted housing developments
7 that are eligible to change from low-income housing
8 uses during the next ten years due to termination of
9 subsidy contracts, mortgage prepayment, or expiration
10 of restrictions on use; provided that the analysis
11 also shall:

12 (A) Include a listing of each development by project
13 name and address, the type of governmental
14 assistance received, and the earliest possible
15 date existing assisted housing developments will
16 change from low-income housing uses;

17 (B) Include an estimated total cost of producing new
18 rental housing that is comparable in size and
19 rent levels to replace assisted housing
20 developments changing from low-income housing
21 uses; and

1 (C) Identify public and private nonprofit
2 corporations that have legal and managerial
3 capacity to acquire and manage the assisted
4 housing developments.

5 (c) The housing supply plan shall include the maximum
6 number of housing units by income levels, including low-income,
7 that can be constructed, rehabilitated, and conserved over a
8 five-year time period for each county.

9 (d) The housing supply plan shall identify actions that
10 will be taken to make sites or land available to develop housing
11 for all income categories and include how each county plans to
12 acquire, or what means are necessary to acquire, adequate sites
13 to develop housing for all income levels.

14 (e) The housing supply plan shall define the appropriate
15 housing demand, including a ratio of jobs to residents, which
16 shall account for latent housing demands within the county.

17 (f) Each county shall include the housing supply plan in
18 the respective county's general plan.

19 (g) For purposes of this section:

20 "Assisted housing development" means multi-family rental
21 housing that receives governmental assistance.

1 "Person with disabilities" has the same meaning as in
2 section 103D-1001."

3 SECTION 3. Each county shall submit its housing supply
4 plan to the legislature no later than twenty days prior to the
5 convening of the regular session of 2023.

6 SECTION 4. There is appropriated out of the general
7 revenues of the State of Hawaii the sum of \$2,000,000 or so much
8 thereof as may be necessary for fiscal year 2022-2023 to conduct
9 the studies required by this Act; provided that the funds shall
10 be appropriated as follows:

- 11 (1) \$500,000 for the county of Hawaii;
12 (2) \$500,000 for the county of Maui;
13 (3) \$500,000 for the county of Kauai; and
14 (4) \$500,000 for the city and county of Honolulu.

15 The sum appropriated shall be expended by each respective
16 county for the purposes of this Act.

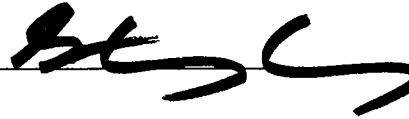

17 SECTION 5. New statutory material is underscored.
18

1 SECTION 6. This Act shall take effect on July 1, 2022.

S.B. NO. 2247

Report Title:

Counties; Housing Supply Plan; Housing Demand; Appropriation

Description:

Requires each county to prepare a housing supply plan to plan for projected increases in the State's housing supply to meet housing demands of the respective county, identify and analyze existing and projected housing needs for all income levels, define the term "housing demand" including a ratio of jobs to residents to account for latent demand, and identify adequate sites for housing, including rental housing. Requires housing supply plans to be submitted to the Legislature. Appropriates funds for the counties to conduct the required studies.
