# A BILL FOR AN ACT

RELATING TO ACUPUNCTURE.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that the regulation of  
2 medical professionals is important to ensure public safety and  
3 promote access to quality care. Acupuncture is one of the  
4 fastest growing fields in American health care due to expanded  
5 benefits under health insurance policies and medicare and is a  
6 popular treatment among patients seeking an alternative to  
7 prescription opioids and those with other medical conditions.  
8 The legislature further finds that a number of state laws  
9 regarding acupuncturists have not been updated in over twenty  
10 years, despite the growing demand for acupuncturists, changes to  
11 standards for national certifications, and expanded accredited  
12 educational programs, which now include master's and doctoral  
13 level degrees.

14           Accordingly, the purpose of this Act is to make  
15 comprehensive updates to chapter 436E, Hawaii Revised Statutes,  
16 regarding acupuncture practitioners to reflect modernized scopes  
17 of practice and licensing requirements.

1 SECTION 2. Chapter 436E, Hawaii Revised Statutes, is  
2 amended by adding two new sections to be appropriately  
3 designated and to read as follows:

4 "§436E-A Requirements for new licensure applications. (a)

5 To qualify for licensure after July 1, 2023, an applicant shall  
6 submit evidence satisfactory to the board that the applicant  
7 meets the following educational and examination requirements:

8 (1) An individual applying for new licensure shall have  
9 successfully completed an acupuncture medicine program  
10 from an accredited acupuncture medicine institution;  
11 provided that those applicants who graduated with an  
12 earned master's degree may apply to the board for the  
13 "L.Ac." license designation, and those applicants who  
14 graduated with an earned doctorate degree may apply to  
15 the board for the "D.Ac." license designation; and

16 (2) All new applications shall pass examinations and be  
17 certified by the National Certification Commission for  
18 Acupuncture and Oriental Medicine, or its successor  
19 entity.

20 (b) Applicants who have earned a bachelor's, master's, or  
21 doctoral degree from a foreign university or college shall

1 demonstrate curricula and standards equivalent to or higher than  
 2 accredited acupuncture medicine institutions in the United  
 3 States, which have been recognized and approved by the board.  
 4 The board may contract with a third-party agency to determine  
 5 equivalency, at cost to the applicant.

6 §436E-B Legacy exemptions. Any current acupuncture  
 7 licensees in the State as of July 1, 2023, shall be designated  
 8 legacy status by the board for their current license  
 9 designation, allowing for the practice of acupuncture medicine.  
 10 If a license that was issued before July 1, 2023, lapses and is  
 11 not restored within two years of its expiration date, the  
 12 licensee will be subject to the new licensure requirements  
 13 pursuant to section 436E-A."

14 SECTION 3. Section 436E-1, Hawaii Revised Statutes, is  
 15 amended to read as follows:

16 "[+]§436E-1[+] Declaration of necessity for regulation and  
 17 control. The legislature hereby finds and declares that  
 18 acupuncture medicine is an evidence-based medicine rooted in  
 19 traditional and modern modalities and that the practice of  
 20 acupuncture [is a theory and method for] medicine includes  
 21 examination, evaluation, diagnosis, and treatment of [illness

1 ~~and disability and for strengthening and invigorating the body~~  
 2 ~~and as such affects] the patient, therefore requiring regulation~~  
 3 ~~and control for public health, safety, and welfare[, and~~  
 4 ~~therefore there is a necessity that individuals practicing~~  
 5 ~~acupuncture be subject to regulation and control]."~~

6 SECTION 4. Section 436E-2, Hawaii Revised Statutes, is
