A BILL FOR AN ACT

RELATING TO SUNSCREENS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that two chemicals
2 contained in many sunscreens, oxybenzone and octinoxate, have
3 significant harmful impacts on Hawaii's marine environment and
4 residing ecosystems, including coral reefs that protect Hawaii's
5 shoreline. Beginning on January 1, 2021, Act 104, Session Laws
6 of Hawaii 2018, bans the sale, offer of sale, and distribution
7 in the State of any sunscreen, excluding facial cosmetics, that
8 contains oxybenzone or octinoxate, without a prescription.
9 Visitors to Hawaii may be unaware of the harmful impacts of
10 oxybenzone and octinoxate and may also be unfamiliar with
11 sunscreen products that do not contain these chemicals.

12 The purpose of this Act is to establish a two-year pilot
13 program at Waikiki beach, Pupukea beach park, Wailea beach, and
14 Honolua Bay beach in an effort to protect Hawaii's reefs and
15 combat skin cancers.

16 SECTION 2. The department of land and natural resources
17 shall establish a two-year sunscreen dispenser pilot program to

1 install sunscreen dispensers at Waikiki beach, Pupukea
2 beach park, Wailea beach, and Honolua Bay beach to provide
3 sunscreens that do not contain oxybenzone or octinoxate to
4 visitors. Each dispenser shall include informational signage to
5 educate visitors to the State about the harmful effects of
6 oxybenzone and octinoxate sunscreen on coral reefs and to
7 encourage visitors to the State to refrain from using sunscreen
8 containing oxybenzone or octinoxate.

9 SECTION 3. There is appropriated out of the general
10 revenues of the State of Hawaii the sum of \$ or so
11 much thereof as may be necessary for fiscal year 2022-2023 for
12 the two-year sunscreen dispenser pilot program.

13 The sum appropriated shall be expended by the department of
14 land and natural resources for the purposes of this Act.

15 SECTION 4. This Act shall take effect on July 1, 2022.
