
A BILL FOR AN ACT

RELATING TO HAWAII PRODUCTS PREFERENCE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the preference for
2 Hawai'i products was established to encourage the use of Hawaii
3 products by bidders to support local industries. However,
4 contractors and subcontractors have indicated that it is common
5 practice to source products locally due to availability and
6 pricing, which levels the playing field for all vendors. The
7 legislature further finds that the continued practice of
8 decreasing offers by a ten or fifteen per cent classification
9 preference could inflate industry rates, adding to the cost of
10 construction to the State and taxpayers. Since contractors and
11 subcontractors already use Hawaii products, this incentive is no
12 longer required, does not benefit the public, and would be
13 contrary to the goal of increasing the economy, efficiency,
14 effectiveness, and impartiality in the public works construction
15 procurement process.

16 However, the legislature finds that the preference for
17 Hawaii products is still necessary and advantageous with respect

1 to the procurement of agricultural goods, value-added products,
2 and commodities.

3 Accordingly, the purpose of this Act is to amend the
4 procurement preference for Hawaii products to only apply to the
5 procurement of agricultural goods, value-added products, and
6 commodities, subject to availability and policy considerations.

7 SECTION 2. Section 103D-1001, Hawaii Revised Statutes, is
8 amended by amending the definition of "Hawaii input" to read as
9 follows:

10 "'Hawaii input" means the part of the cost of a product
11 that is attributable to production, manufacturing, or other
12 expenses arising within the State. "Hawaii input" includes but
13 is not limited to:

14 (1) The cost to mine, excavate, produce, manufacture,
15 raise, ~~or~~ grow, assemble, or fabricate the materials
16 in Hawaii;

17 (2) The added value of that portion of the cost of
18 imported materials that is incurred after landing in
19 Hawaii, including but not limited to other articles,
20 materials, and supplies, added to the imported
21 materials;

(3) The cost of labor, variable overhead, utilities, and services, incurred in the production and manufacturing of materials or products in Hawaii; and

(4) Fixed overhead cost and amortization or depreciation cost, if any, for buildings, tools, and equipment, situated and located in Hawaii and used in the production or manufacturing of a product."

SECTION 3. Section 103D-1002, Hawaii Revised Statutes, is amended to read as follows:

"§103D-1002 Hawaii products. (a) This section shall only apply to bids and proposals for agricultural goods, value-added products, and commodities. A purchasing agency shall review all specifications in a bid or proposal for purchase of Hawaii products where these products are available~~(-)~~ and where procurement of these products will promote the State's goal of increasing agricultural production and sustainability.

(b) All invitations for bids and requests for proposals to which this section applies shall:

(1) Include a description of the products that are listed in the Hawaii products list established pursuant to this section, which may be used to complete the scope

1 of work specified in the invitation for bids or
2 request for proposals; or
3 (2) Allow as part of the offer, self-certification that
4 the Hawaii products qualify for preference;
5 provided that the offer may be evaluated along with any other
6 published criteria in the solicitation, including but not
7 limited to considerations such as specific nutritional content
8 or its equivalent, timing of delivery, quality or freshness, and
9 past performance, if applicable.

10 All Hawaii products in any bid or request for proposal
11 shall be made available for inspection, or additional
12 information may be requested to verify that the Hawaii product
13 meets the minimum specifications.

14 (c) All persons submitting bids or proposals to claim a
15 Hawaii products preference shall designate in their bids which
16 individual product and its price is to be supplied as a Hawaii
17 product.

18 (d) Where a bid or proposal contains both Hawaii and non-
19 Hawaii products, then for the purpose of selecting the lowest
20 bid or purchase price only, the price or bid offered for a
21 Hawaii product item shall be decreased by subtracting ten per

1 cent for class I Hawaii product items bid or offered, or fifteen
2 per cent for class II Hawaii product items bid or offered. The
3 lowest total bid or proposal, taking the preference into
4 consideration, shall be awarded the contract unless the bid or
5 offer provides for additional award criteria. The contract
6 amount of any contract awarded, however, shall be the amount of
7 the bid or price offered, exclusive of the preferences.

8 (e) Upon receipt and approval of application for Hawaii
9 products preference, the administrator shall include within the
10 Hawaii products list, the names of producers and manufacturers
11 in the State who are authorized to supply locally manufactured
12 soil enhancement products to state agencies under subsection
13 (k). The administrator of the state procurement office shall
14 maintain and distribute copies of the list to the purchasing
15 agencies of the various governmental agencies.

16 (f) Any person not on the Hawaii products list desiring a
17 preference pursuant to this section shall certify the Hawaii
18 product when submitting a response to a solicitation; provided
19 that the person certifies under penalty of sanctions that the
20 offered Hawaii products meet the requirements for the
21 preference.

1 The procurement officer may request additional information
2 deemed necessary to qualify a product and shall have sole
3 discretion in determining qualification for the preference.

4 Any offeror whose product is deemed not qualified for the
5 preference may appeal by filing a written request for
6 reexamination of facts to the procurement officer. Upon
7 determining that the offeror is qualified for the preference,
8 the procurement officer shall notify the administrator and the
9 administrator shall place the offeror on the Hawaii products
10 list.

11 (g) Solicitations shall contain a provision notifying
12 offerors who request application of the preference that in the
13 event of any change that materially alters the offeror's ability
14 to supply Hawaii products, the offeror shall immediately notify
15 the chief procurement officer in writing and the parties shall
16 enter into discussions for the purposes of revising the contract
17 or terminating the contract for convenience.

18 (h) Nothing in this section shall limit, restrict, or
19 preclude a Hawaii product from any preferences, set-asides, or
20 criteria that may be applied under section 103D-906, and this

1 section shall operate instead to mutually enhance the purpose of
2 this section and section 103D-906.

3 (i) This section shall not apply [~~whenever its~~] when at
4 least one of the following conditions is met:

5 (1) Its application will disqualify any governmental
6 agency from receiving federal funds or aid[-]; or

7 (2) The solicitation is for public works construction.

8 (j) Any purchase made or any contract awarded or executed
9 in violation of this section shall be void and no payment shall
10 be made by any purchasing agency on account of the purchase or
11 contract.

12 (k) The department of accounting and general services
13 shall provide written notice to all vendors of construction
14 products who are registered on the Hawaii products list with the
15 state procurement office regarding any amendments to this
16 section, including effective dates and dates of repeal.

17 [~~(k)~~] (l) For the purposes of this section, "soil
18 enhancement product" means any nonchemical soil preparation,
19 conditioner, or compost mixture designed to supplement aeration
20 or add organic, green waste, or decaying matter to the soil;
21 provided that the term does not include any plant fertilizer

1 intended to stimulate or induce plant growth through chemical
2 means. All state agencies shall include in their solicitations,
3 when required, the soil enhancement products identified on the
4 Hawaii products list pursuant to subsection (e)."

5 SECTION 4. Section 103D-1010, Hawaii Revised Statutes, is
6 amended to read as follows:
