A BILL FOR AN ACT

RELATING TO LAND USED BY THE UNITED STATES MILITARY IN HAWAII.

1 SECTION 1. The legislature finds that many properties in

10 (1) Create and maintain an inventory of all lands within
11 the State where the federal government claims
12 ownership or control, including a database of relevant
13 leases and their expiration dates and plans for
14 closure of military facilities on those lands,
15 building on but not necessarily limited to the
16 information contained in the latest edition of the

10 federal government;

12 and remediation of lands that may be occupied by the
13 United States in the future, including compensation
14 for prior occupation and damages to such properties;
- 15 (6) Negotiate with the appropriate federal agencies for
16 the return of ownership and control and environmental
17 remediation and restoration of parcels still under the
18 ownership or control of the federal government,
19 whether subject to return or not, and a timeline for
20 these actions; and

1 (7) Work on any other objectives deemed necessary by the
2 task force.

3 (c) The task force shall:

9 recommendations, including any proposed legislation,
10 to the legislature no later than twenty days prior to
11 the convening of the regular session of 2024.

13 specified in subsection (b).

14 (d) The director of planning and sustainable development
15 shall submit annual progress reports to the legislature no later
16 than twenty days prior to the convenings of the regular sessions
17 of 2025, 2026, 2027, 2028, and 2029. The progress reports shall
18 include updates regarding the implementation of the work
19 identified by the task force and any additional plans,
20 recommendations, or proposed legislation recommended based on
21 new information received by the office of planning and

1 sustainable development relating to the objectives of the task
2 force.

3 SECTION 3. This Act shall take effect upon its approval.
