

JAN 21 2022

A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the purpose of "One
2 Shared Vision" is to establish closer professional interactions,
3 collaborations, and educational opportunities across the various
4 health, medical, specialty, social service, and environmental
5 health professions to simultaneously improve public health. In
6 response to the 2018 Kilauea eruption, the State, Hawaii county,
7 and non-profit agencies bonded in solidarity to provide
8 essential relief and services to affected residents. This
9 cooperative model resulted in sustained trust and partnering.

10 Health is a complex issue that requires examination of the
11 social determinants that involve continuous availability of
12 resources and coordinated efforts at all levels. The
13 legislature finds that the establishment of a strong health
14 network based in Hawaii county would allow the county to serve
15 as a model of collaboration for other areas. The success of
16 such a health network will result in Hawaii county plan, being
17 able to efficiently develop a ten-year health care, including

1 preventative and primary health care, specialty care, and urgent
2 and emergency care.

3 The purpose of this Act is to:

4 (1) Require the office of primary care and rural health to
5 facilitate discussions with key community health and
6 social service organizations within Hawaii county to
7 address the health and wellness needs of the most
8 vulnerable by aligning the goals and objectives of key
9 organizations into a 2030 one shared health vision
10 plan; and

11 (2) Require a report to the legislature.

12 SECTION 2. (a) The office of primary care and rural
13 health shall initiate a 2030 one shared health vision plan. A
14 pilot program shall be conducted in Hawaii county.

15 (b) The office of primary care and rural health shall
16 facilitate discussions with key community health and social
17 service organizations within Hawaii county to address the health
18 and wellness needs of the most vulnerable by aligning the goals
19 and objectives of appropriate community service providers.

20 (c) The office of primary care and rural health shall
21 submit a report on the 2030 one shared health vision plan for

1 Hawaii county, including any proposed long-term legislative
2 grant-in-aid requests, to the legislature no later than twenty
3 days prior to the convening of the regular session of 2023.

4 SECTION 3. This Act shall take effect upon its approval.
5

INTRODUCED BY:

A handwritten signature in black ink, appearing to be "D.K.", written over a horizontal line.

S.B. NO. 2914

Report Title:

Hawaii County; Office of Primary Care and Rural Health; Health and Wellness Needs; One Shared Health Vision Plan; Report

Description:

Establishes the one shared health vision plan with a pilot program to be in Hawaii county. Requires the Office of Primary Care and Rural Health to facilitate discussions with key community health and social service organizations within Hawaii county to address the health and wellness needs of the most vulnerable by aligning the goals and objectives of key organizations into a 2030 one shared health vision plan. Requires a report to the Legislature.
