
A BILL FOR AN ACT

RELATING TO ELECTRONIC CITATIONS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that paper citations are
2 plagued by numerous deficiencies, such as untimely delivery of
3 citations from law enforcement agencies to the judiciary, and
4 difficulty in deciphering handwritten notes. In many instances,
5 these deficiencies lead to the dismissal of traffic citations or
6 delays in access to citations by the person who was cited.

7 The legislature further finds that electronic citation
8 technology provides numerous benefits to law enforcement, the
9 judiciary, and to the general public. These benefits include:

- 10 (1) Improved efficiency and accuracy in the issuance of
11 citations, which contributes to officer and motorist
12 safety by reducing the time spent on the ticketing
13 process, which often occurs in precarious roadside
14 locations;
15 (2) Easier-to-read citations;
16 (3) Improved efficiency and accuracy in citation data
17 entry into law enforcement and the judiciary's record

1 management systems, since electronic citations can
2 reduce redundant data entries;

3 (4) Elimination of in-person deliveries or mailing of
4 paper citations from police districts to the courts,
5 leading to faster access to citations for violators to
6 pay fines online or in person; and

7 (5) Improved traffic safety due to the availability of
8 electronic citation data analyses, such as types of
9 violations, geolocations, times of issuance, and other
10 related data points.

11 The legislature recognizes that a statewide electronic
12 citation system will streamline processes and that the time
13 savings will allow law enforcement to spend less time on
14 paperwork and data entry and more time on responding to calls
15 and community concerns.

16 The legislature further recognizes that an electronic
17 citation system will assist the judiciary in reducing clerical
18 issues, processing delays, and citation dismissals.

19 The purpose of this Act is to:

20 (1) Establish a statewide electronic citation program
21 under the judiciary; and
