AMBULANCE SERVICE FOR THE TOWN OF MAKALEI IN THE COUNTY OF
HAWAI'I.

1 WHEREAS, the north Kona region on Hawai'i island is one of
2 the fastest growing regions in the State; and

3
4 WHEREAS, the steep increase in population in north Kona has
5 resulted in a corresponding steady increase in calls for
6 emergency medical services; and

7
8 WHEREAS, for residents of Makalei in north Kona, the
9 closest primary care services and facilities are a thirty-mile
10 drive away; and

11
12 WHEREAS, for residents in rural, isolated communities,
13 emergency medical services have become the main delivery method
14 and access to health care; and

15
16 WHEREAS, due to the lack of available health care services,
17 it is a common practice for paramedics to respond to ten or more
18 calls for emergency medical transportation during a twenty-four-
19 hour shift in north Kona; and

20
21 WHEREAS, a timely response to a 911 call is critical to
22 reduce death and disability among residents and visitors on
23 Hawai'i island; and

24
25 WHEREAS, in recent years, legislative efforts such as
26 Senate Bill No. 877 (2020) have requested funding to establish a
27 life support ambulance in Makalei; however, those efforts have
28 stalled due primarily to a lack of specific information
29 regarding costs of equipment and staffing; and
30

S.C.R. NO. 158

3 ambulance to be based in Makalei, as well as related personnel
4 costs for state-certified emergency medical services personnel;
5 now, therefore,

6
