
SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF TRANSPORTATION TO CONVENE A TASK
FORCE TO CONDUCT A FEASIBILITY STUDY ON ALTERNATE EMERGENCY
ACCESS ROUTES TO SERVE THE HANALEI TO HA'ENA COMMUNITIES.

1 WHEREAS, the Hawaiian Islands have seen an increase in
2 severe storm events; and

3
4 WHEREAS, in Kauai County, events of flooding and landslides
5 render Hanalei and surrounding communities extremely vulnerable
6 to risks caused by severe weather events; and

7
8 WHEREAS, in 2018, catastrophic flooding and landslides
9 impaired access and isolated Hanalei Valley for several weeks
10 and the communities of Ha'ena and Wainiha for much longer; and

11
12 WHEREAS, just three years later, in 2021, a landslide
13 covered Hanalei Hill and cut off the entirety of Hanalei and
14 surrounding communities from the rest of Kauai for approximately
15 two weeks; and

16
17 WHEREAS, these natural disasters and their impacts on
18 access routes and infrastructure cut off vulnerable populations,
19 such as keiki and kupuna, from vital health services, affect
20 emergency services, and disrupt school and work access and the
21 flow of critical goods and services, impairing businesses and
22 livelihoods; and

23
24 WHEREAS, an alternative route for ingress and egress in the
25 event of natural disasters would provide an important evacuation
26 route for residents and visitors in the Hanalei area and help to
27 support community resiliency; and

28
29 WHEREAS, potential alternate access routes include the
30 previous access road, currently used for electric utility lines

1 and utility substation, and over United States Fish and Wildlife
2 Service lands; now, therefore,

3
