## SENATE RESOLUTION

REQUESTING THE DEPARTMENT OF HEALTH TO EXAMINE ISSUES AND BARRIERS TO ENFORCEMENT TO REDUCE NOISE FROM TWO-STROKE ENGINES, MOPEDS, AND SMALL OFF-ROAD ENGINES AND MAKE RECOMMENDATIONS TO THE LEGISLATURE TO HELP REDUCE NOISE POLLUTION FROM THESE SOURCES.

1           WHEREAS, noise pollution is a serious, prevalent, and  
2 increasing problem affecting peace, tranquility, and quality of  
3 life in the State, particularly in urban areas, but also in  
4 suburban and rural areas; and

5  
6           WHEREAS, Hawaii residents should not be exposed to noise  
7 pollution that is hazardous to their health or welfare as  
8 excessively loud and unabated noises can result in  
9 physiological, psychological, and economic damage; and

10  
11           WHEREAS, efforts to protect communities from noise  
12 pollution have been codified under chapter 342F, Hawaii Revised  
13 Statutes, and in chapter 11-46, Hawaii Administrative Rules; and

14  
15           WHEREAS, in addition, section 46-17, Hawaii Revised  
16 Statutes, authorizes any county to adopt ordinances regulating  
17 noise, among other things; and

18  
19           WHEREAS, existing regulatory measures lack effective  
20 enforcement and do not adequately address noise pollution; and

21  
22           WHEREAS, loud two-stroke engines, such as internal  
23 combustion engine mopeds, are significant contributors that have  
24 raised ongoing concerns in communities throughout the State; and

25  
26           WHEREAS, mopeds and other motor vehicles with after-market  
27 modifications to engine or exhaust systems are often many times  
28 louder than what is allowable; and

29  
30           WHEREAS, small off-road engines, which are used primarily  
31 in lawn and garden equipment, can also emit excessive noise; and

1  
2 WHEREAS, excessively loud vehicles and small off-road  
3 engines, such as leaf blowers and other lawn and garden  
4 equipment, are difficult to regulate because of the mobile and  
5 dispersed nature of this type of equipment; now, therefore,  
6

7 BE IT RESOLVED by the Senate of the Thirty-first  
8 Legislature of the State of Hawaii, Regular Session of 2022,  
9 that the Department of Health is requested to examine issues and  
10 barriers to enforcement of restrictions to reduce noise  
11 pollution, including the possibility of funding commercial  
12 rebates or similar incentive funding to support the transition  
13 to quieter operations by zero-emission mopeds and small off-road  
14 equipment; and  
15

16 BE IT FURTHER RESOLVED that the Department of Health is  
17 requested to prepare and submit a report of its findings and  
18 recommendations, including any proposed legislation, to the  
19 Legislature no later than thirty days prior to the convening of  
20 the Regular Session of 2023; and  
21

22 BE IT FURTHER RESOLVED that a certified copy of this  
23 Resolution be transmitted to the Director of Health.
