STAND. COM. REP. NO. 072 -22

Honolulu, Hawaii **MAR 03** , 2022 RE: H.B. No. 1886

H.D. 1

Honorable Scott K. Saiki Speaker, House of Representatives Thirty-First State Legislature Regular Session of 2022 State of Hawaii

Sir:

Your Committee on Consumer Protection & Commerce, to which was referred H.B. No. 1886, H.D. 1, entitled:

"A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES,"

begs leave to report as follows:

The purpose of this measure is to:

- Ban hemp products that contain cannabinoids created through isomerization, including Delta 8 tetrahydrocannabinol; and
- (2) Add Delta 8 tetrahydrocannabinol to the list of schedule I controlled substances.

Your Committee received testimony in support of this measure from the Department of Health, Honolulu Police Department, and Mothers Against Drunk Driving Hawaii.

Your Committee finds that Delta 8 tetrahydrocannabinol (Delta 8 THC) is a psychoactive substance found in the *Cannabis sativa* plant. While Delta 8 THC is naturally produced in the cannabis plant, it is not found in significant amounts. As a result, concentrated amounts of Delta 8 THC are typically manufactured from hemp-derived cannabidiol.

STAND. COM. REP. NO. 692 -22 Page 2

Your Committee further finds that Delta 8 THC products have not been evaluated or approved by the United States Food and Drug Administration for safe use in any context and may be marketed in a manner that puts the public health at risk. This measure protects the public by prohibiting hemp products that contain Delta 8 THC and adding Delta 8 THC to the list of schedule I controlled substances.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1886, H.D. 1, and recommends that it pass Third Reading.

> Respectfully submitted on behalf of the members of the Committee on Consumer Protection & Commerce,

Chair
