OVERVIEW

A. Background and Mission

1. Background

Upon statehood in 1959, Section 5(f) of the Admission Act directed the State to hold lands in trust for five purposes, one of which was “the betterment of the conditions of Native Hawaiians,” as defined in the Hawaiian Homes Commission Act of 1920. In 1978 a Constitution Convention reviewed and revised the responsibilities of Hawai‘i’s government. Among the provisions incorporated into the new State constitution was the establishment of the Office of Hawaiian Affairs (OHA), as a public trust with mandates to better the conditions of Native Hawaiians and Native Hawaiian community in general. In 1979, the legislature enacted Chapter 10 of the Hawai‘i Revised Statutes (HRS) which created OHA as a semi-autonomous self-governing body. Subsequent legislation has defined the amount of the revenue streams accruing to OHA. OHA’s Board of Trustees is composed of nine trustees, five of whom represent specific island districts. OHA’s key administrators include a Chief Executive Officer, Chief Operating Officer and five Departmental Directors (www.oha.org).

Hawai‘i is an ethnically-diverse state. Currently, one in five (21.67%) of our island population define themselves as Native Hawaiian. Native Hawaiian households typically consist of larger, multi-generational families with more children, yet have less income per person than other populations residing in the State of Hawai‘i (American Community Survey, U.S. Census Bureau, 2015). Native Hawaiians live in each county, with greater density in rural areas than metro cities.

2. Mission

OHA’s mission is to mālama (protect) Hawai‘i’s people, environmental resources and assets, toward ensuring the perpetuation of the culture, the enhancement of lifestyle, and the protection of entitlements of Native Hawaiians, while enabling the building of a strong and healthy Hawaiian people and nation, recognized nationally and internationally. According to Hawai‘i Revised Statutes Chapter 10, OHA is the principal public agency in the State of Hawai‘i responsible for:

- Betterment of conditions of Native Hawaiians;
- Performance, development, and coordination of programs and activities relating to Native Hawaiians;
- Assessing the policies and practices of other agencies impacting Native Hawaiians;
- Conducting advocacy efforts for Native Hawaiians; and,
- Serving as a receptacle for reparations.

OHA carries out its mission through the strategic allocation of its limited resources. Consistent with best practices among foundations and endowments, and with the purpose of ensuring the continued viability of its Native Hawaiian Trust Fund (NHTF), OHA’s Board of Trustees adopted its first Spending Policy in 2003. This Policy limits its annual spending to 5% of the rolling 20

quarter average of the NHTF to help ensure sufficient resources are available for future generations. FY 2018 is used as an example to depict OHA's net assets and core operating budget.

Figure 1. OHA's FY 2018 Net Assets (unaudited) = \$662,915,500

OHA's Spending Policy limits the amount of annual withdrawals from its investment portfolio for operations.

For FY 2018 the spending limit was \$17,555,826, which was an increase of \$256,762 from FY 2016 of \$17,299,064.

Figure 2. OHA's FY 2018 Funding Sources for Core Operations = \$36,127,702

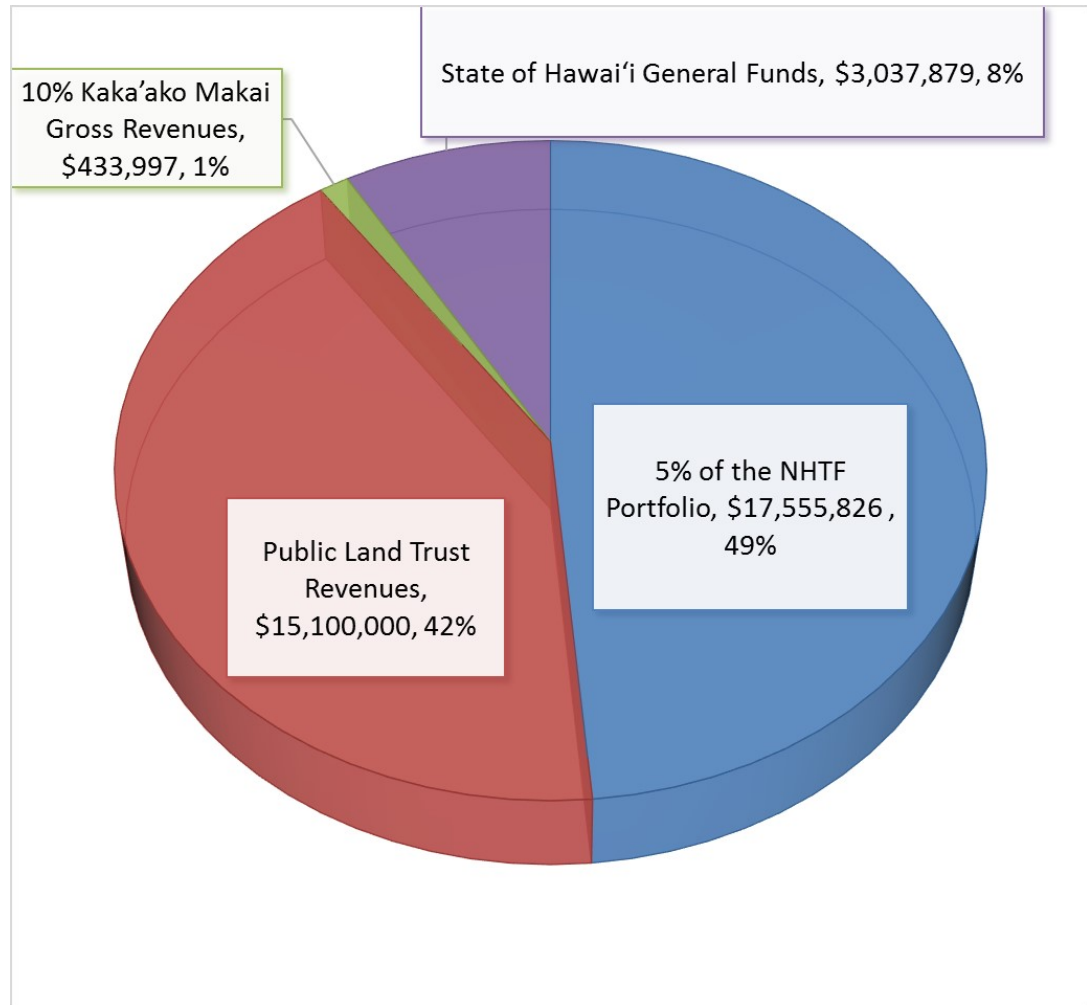

Figure 3. OHA's FY 2018 Core Operating Budget = \$35,603,263

Each year, OHA publishes its activities and financial performance in its Annual Report. This year's report illustrates how the organization continues to make inroads on our three main goals: providing resources, advocating for Native Hawaiians on a range of issues, and facilitating collaboration among key stakeholders.

We encourage you to review the 2018 Office of Hawaiian Affairs Annual Report. The complete report can be downloaded from www.oaha.org/about/annual-reports/.

OHA's 2010-2018 Strategic Plan guides the achievement of its vision and mission. **Table 1** outlines the progress made on key strategic indicators related to the priorities and expected future outcomes outlined in this request. OHA has begun the challenging process of updating the Strategic Plan. Administrative staff has presented the Board of Trustees with the key steps and timetable for the update process. Developing the content of the plan will require interaction between the Board and staff, with final approval of the plan resting with the Board.

In alignment with the DOE’s updated targets, an update to OHA’s strategic target is currently under consideration.

** = Future progress expected to be consistent with the ratio of funding provided to meet each strategic indicator.

B. Current Economic Conditions & Notable Performance

1. Impact of Current Economic Conditions

Budget cuts on the State and Federal levels, combined with a volatile stock market have significant indirect impact to OHA's operational funds, programs and/or needs of OHA's beneficiaries in a number of ways.

- **Reductions.** In general, any loss of government funding to beneficiary programs and the organizations that serve them will cause an increased demand for supplemental funding from OHA to ensure that the health, education, legal, housing, and other daily needs of our beneficiaries are met. Reduced State appropriations have created a reduction in beneficiary assistance, from non-OHA programs, including but not limited to reductions in: 1) emergency financial assistance programs, 2) case management services which assist beneficiaries to access community resources, 3) clinicians providing mental health and substance abuse counseling and support, and 4) health monitoring/navigation programs that assist those with chronic disease to get needed medical care.
- **Reduced Program Funds.** Trust funds available to OHA increased in FY2018 but OHA notes a decrease in the first half of FY2019 due to the current volatile stock market.
- **Beneficiaries.** Due to many factors, Hawai'i continues to experience increases to costs of living (i.e. housing and food) that exceed increases in wage and income. This has exacerbated Native Hawaiians' housing instability, high rates of homelessness, and higher rates of poverty. Additionally, although Native Hawaiians participate in the labor force at higher rates than the state average (66.7% versus 65.3%), Native Hawaiian per capita income is substantially lower than the state population, \$24,188 compared to \$33,882 (U.S. Census Bureau, 2018; U.S. Census Bureau, 2018).
- **Bottom Line.** State and federal budget cuts may have reduced services and programs that previously serviced OHA beneficiaries. When there are cuts beneficiaries often turn to OHA to fill the gap. Also, increasingly non-profits and other social services organizations have looked to other avenues to support their work and have turned to OHA for support.

2. Notable Performance, Results and Expected Outcomes

Enhanced performance measures. In the quest to improve conditions for Native Hawaiians, OHA continues to work closely with many community-based partners who continue to play a critical role in the successes presented in Table 1. OHA remains encouraged by visible signs of progress in helping Hawai'i's citizens improve their health; improve their economic self-sufficiency; secure stable housing; improve skills in reading and math; and protect legal rights. Within the last year OHA has continued to align its funded projects with its strategic priorities, increased its grants monitoring, strengthened its grants performance measures, and

streamlined its grant processes with input from past and current providers. Additionally, trustees have adopted new guidelines for its Kulia grants program and are in the process of amending trustee allowance policies and its fiscal reserve policy. Currently, all OHA community grant applications, from each county and for every grant type, are submitted online at OHA's updated website - www.oha.org. Finally, OHA's Board approved a policy amendment that requires Board approval for all grants and sponsorships and therefore these decisions will be made in open public meetings.

Significant Return on Investment via OHA and Community Commitment. For FY18 and FY19 OHA successfully leveraged \$3,347,660 of general funds into \$14,160,959 in the areas of social services, legal services, education, and income, a 4.23 : 1 total impact.

Strong demand continues for OHA grant money to help tackle priority issues. Community partners increasingly tailor marketable services to OHA priorities to meet critical needs across the State. Organizations contribute a minimum 20% cash match in each grant request. In turn, OHA anticipates that it will be as successful as it was in this past fiscal biennium, and through continued partnerships with the State and many well-connected organizations, we will leverage OHA funds as much as 8.4 : 1 (in the area of housing).

Bottom Line. State General Funds are highly leveraged through its partnership with OHA, as evidenced by an impressive overall **4.23 : 1 total impact** as depicted in Table 2.

In other words, OHA will turn **\$4.1 million** into **\$17.4 million** to strengthen Hawai'i families and communities

FEDERAL FUNDS

C. Impending Loss of Direct Federal Funds

OHA currently administers one (1) Federally-funded pass-through program and one (1) Federally-funded direct program. As of this time, these awards have not lost, or are not at risk, of losing federal funding. They are summarized as follows:

Federal Grantor / Pass-through Grantor / Program Title	<u>Federal CFDA Number</u>
U.S. Department of Transportation - Federal Highways --	
Pass-through Program: Department of Transportation, State of Hawai'i Interstate Route H-3	20.205
U.S. Department of Health and Human Services --	
Direct Program: Native American Program, Native Hawaiian Revolving Loan Program	93.612

1. The Hälawā Luluku Interpretive Development (HLID) Project is a pass-through from the State's Department of Transportation. Its three basic goals are compliance, mitigation, and community support relating to the adverse impacts as a result of construction of Interstate Highway H-3.
2. The Native Hawaiian Revolving Loan Fund (NHRLF), whose mission is to enhance access for all persons of Native Hawaiian ancestry to credit, capital, and financial services to create jobs, wealth, and economic and social well-being for all the people of Hawai'i, issued its first loan in 1989.

The Native American Programs Act (NAPA) of 1974, as amended, requires the Administration for Native Americans to submit an Annual Report to the Congress on the NHRLF. The most recent report, submitted in March 2016, noted that through FY 2015 (June 30, 2015), "OHA has successfully revolved the Fund twice by lending a cumulative \$57 million to more than 2,000 Native Hawaiians. More importantly, the Fund has contributed to the economic self-sufficiency of Native Hawaiians." The report continues by informing the Congress of joint efforts to develop a Three-Year Business Plan that "will demonstrate that the \$26 million Fund can be self-sustaining and continue to advance the economic and social self-sufficiency of Native Hawaiians."

BUDGET REQUEST

E. Budget Development Process and Priority Requests

1. Budget Development

As documented in Figure 4, OHA's request centers on both the State and OHA's commitment to Native Hawaiians. The process involves an assessment of priorities, previous progress and needs by OHA's Executive Team prior to Board Approval and eventual Legislative Submission.

Figure 4. OHA's General Funds Biennial Budget Development Process

2. Summary of Priority Requests

Historical Funding. OHA has received State General Funds since 1981 for a portion of its personnel and operating cost and to provide services. Through its FY 2018 - FY 2019 appropriations, OHA currently supports services to beneficiaries in the priority areas of **Social Services, Legal Services, Education, and Income**. OHA considers all of its programmatic request (Social Services, Legal Services, Education, and Housing) as well as support provided for personnel and operations as priorities.

Budget Changes. OHA is requesting an increase in programmatic support totaling \$500,000/year in the areas of Housing, as well as an increase in personnel support totaling \$562,130/year as explained in Section E. Significant Adjustments and Related Outcomes below.

In summary, OHA requests **\$7,921,158** including **\$4,108,800** for **programmatic support** plus **\$3,852,358** for **personnel and operations** during the next biennium. OHA hopes to leverage State's General Funds provided for programmatic support of **\$4,108,800** to a projected **\$17,365,818** or **4.23:1**, as summarized in Table 2.

As of this time, OHA considers all budget requests, including changes, as a priority since these funds will be used as leverage to heavily invest over the next two years in addressing four specific priority areas that are ultimately about helping statewide efforts to strengthen families and communities.

F. Significant Budget Adjustments and Related Outcomes

OHA's FB 20/21 State General Funds request includes the following significant adjustments:

Budget Adjustments/Changes

HOUSING:

- **Increase** request for the combined areas of \$500,000/year.

INCOME:

- **Decrease** request of \$119,430/year.

PERSONNEL:

- **Increase** request totaling \$562,130/year and \$1,124,260/FB 20/21.

OHA is one of few State agencies whose primary source of funding is non-State-General Funds. Therefore, OHA has and will continue to be severely impacted by the large and unexpected increase in the State's fringe rate. Increased General Funds would allow OHA to more easily absorb the impact of the fringe rate increase and continue to service. As stated previously in this testimony, State and federal budget cuts have reduced services and programs that previously serviced OHA beneficiaries. As a result, these beneficiaries often turn to OHA to fill the gap. Also, increasingly non-profit and other social services organizations have looked to other avenues to support their work and have turned to OHA for support. Strong demand continues for OHA grant money to help tackle priority issues.

Community partners increasingly tailor marketable services to OHA priorities to help them stay afloat and meet critical needs across the State. Organizations contribute a 20% cash match in each grant request. In turn, OHA funding will allow many well-connected organizations to leverage OHA funds as much as 8.4 : 1 (see Table 2. Leveraged Impact, under “Housing”).

Changes for the upcoming FB 20/21 biennium are summarized in **Table 3** below:

Although OHA requests State General Funds each year, OHA’s support to the State and its programs far exceeds its ask. During the same period of time (FY 11-FY 19) in which OHA committed over **\$54 million in support of State agencies and its University**, it received less than half that amount, or **\$25 million** in State General Funds, as summarized in **Table 4** to the right.

The infographics on the pages following summarize OHA’s overall budget request as well as its projected leveraged impact as it relates to the four priority areas.

Summary of OHA’s Budget Request and Projected State Leveraged Impact

In its quest to improve the conditions of Native Hawaiians, OHA has worked closely with a number of community-based partners to bring attention, needed resources, and advocacy to address the many urgent issues facing the Native Hawaiian community and the State as a whole. OHA remains encouraged by signs of progress in Native Hawaiians’ ability to secure stable housing, improved socioeconomic conditions, increased financial stability, and greater awareness of and ability to protect their legal rights. In the months and years ahead, the immediate challenge will be maintaining and building upon this progress.

Strong demand remains for OHA grant money to help tackle these issues and OHA has seen community partners increasingly tailor their services to align with OHA’s priorities. Many of these community partners have already proved their value in enhancing OHA’s efforts to help create a solid future for Native Hawaiians and Hawai’i residents.

Figure 5. Summary Infographic (See Appendix A-1 for larger image)

OHA’s grants program has substantially enhanced its community impact by requiring projects to align with OHA’s strategic priorities, and by closely monitoring grant projects to ensure adequate progress toward specific, measurable outcomes. Therefore, it is with optimistic enthusiasm that OHA is now requesting \$4.1 million (over half of OHA’s \$7.9 million total budget request) in programmatic state funds for the 2020-2021 fiscal biennium. OHA hopes to leverage \$4.1 million in State funds into a \$17.4 million investment in four specific areas that further existing State efforts to strengthen Hawai’i’s families and communities.

OHA is committed to further leveraging the requested state funds by requiring a 20% cash match by all providers awarded funds under OHA’s community grants program.

1. Social Services

In partnership with the State, OHA hopes to continue to provide support and funding for social services to at-risk Native Hawaiians. Through its grants program, OHA works with and funds organizations that serve Native Hawaiians who may be struggling financially or facing unexpected crises.

Unfortunately, the need for social services support within the Native Hawaiian community remains high. The most recent data from 2017 reveals that 12% of Native Hawaiian individuals and 10% of Native Hawaiian families live in poverty (U.S. Census Bureau, 2018). These rates are nearly 2.4% points higher than that of the total state population (U.S. Census Bureau, 2018). In fact, although Native Hawaiians participate in the labor force at higher rates than the state average (66.7% versus 65.3%), Native Hawaiian per capita income is only 71% of that of the total state population, \$24,188 compared to \$33,882 (U.S. Census Bureau, 2018; U.S. Census Bureau, 2018).

For many in our communities who are already living paycheck-to-paycheck and struggling to survive financially, emergency situations such as natural disasters, sudden unemployment, medical issues, or family

crises, exacerbate their already dire financial situation. In 2018, we saw many Native Hawaiian families affected by extreme flooding in Wainiha and Hā'ena, and by lava flows in Kalapana-Kapoho and Pāhoā.

OHA's emergency assistance program, funded through our social services proviso, collaborates with community partners to provide relief to struggling Native Hawaiians faced with unforeseen circumstances by providing funds to pay for necessities like rent and utilities, helping to ensure that they do not fall deeper into poverty, lose employment, or become homeless. Financial literacy training remains a condition for this emergency assistance, which is part of a larger effort to encourage financial self-sufficiency.

Figure 6. Social Services Infographic (See Appendix A-2 for larger image)

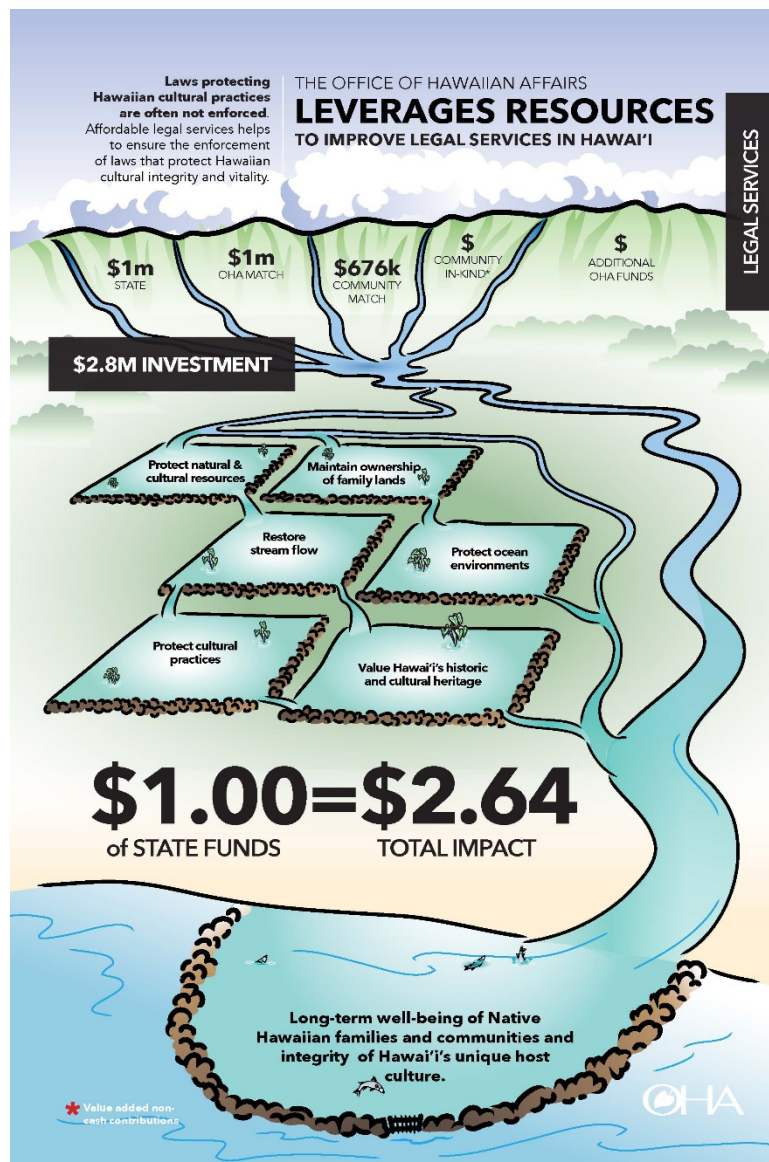

OHA is committed to matching \$830,000 from the State over the next two years, and leveraging these funds with contributions from community partners to help more at-risk Native Hawaiians and their families address unexpected crises, and make smart-money- management decisions meant to improve their economic well-being and self-sufficiency.

2. Legal Services

Over the next two years, OHA will continue to support access to justice for Native Hawaiians seeking to perpetuate their culture, and maintain a connection to their ‘āina, their communities, and their ‘ohana. The Legislature has found that the “historic and cultural heritage of the State is among its important assets” and has declared that it is the policy of the State to “provide leadership in preserving, restoring, and maintaining historic and cultural property . . . in a spirit of stewardship and trusteeship for future generations.” However, Native Hawaiians continue to have unique legal needs relating to issues such as quiet title, land title, traditional and customary practices, protection of significant places, and protection of natural and cultural resources. Accordingly, OHA’s legal services program provides funding that ensure state laws passed by the Legislature are upheld and Native Hawaiians have access to affordable legal services.

Figure 7. Legal Services Infographic (See Appendix A-3 for larger image)

OHA hopes to leverage \$1,040,800 in state funds over the next two years for a total investment of \$2.77 million in legal services that can improve and consistently uphold state laws that are meant to protect Native Hawaiians’ rights and interests.

3. Education

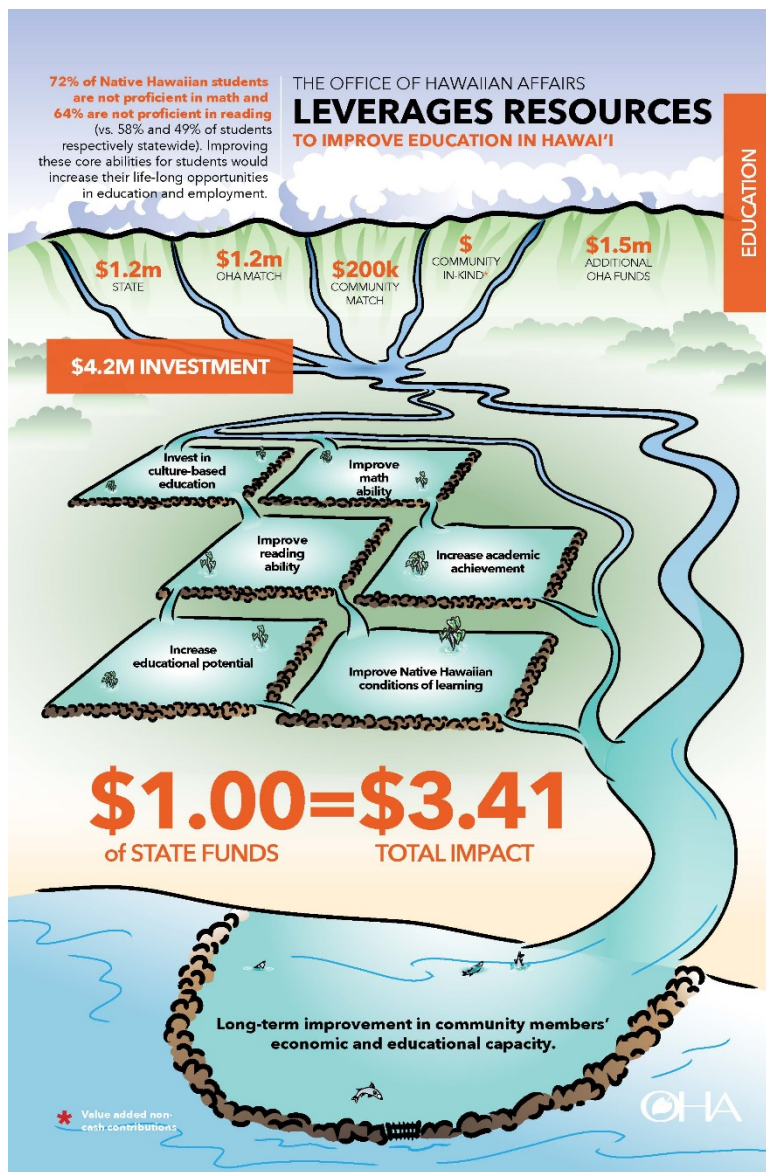

In the year ahead, OHA will continue to focus on closing the persistent achievement gap between Native Hawaiian students and their peers across the State, particularly in math and reading. OHA recognizes the need to reverse this trend, which threatens to undermine the future success of Native Hawaiian students. Last school year, 2017-18, 74% of Native Hawaiian students were not proficient in math and 62% were not proficient in reading (vs 58% and 46% of all students respectively) (DOE, 2018).

In order to close this gap, OHA seeks to support programs that provide Native Hawaiian students with learning opportunities that are culturally-based, that strengthened students' sense of well-being, and that provide specific strategies to help them understand the math and reading concepts with which they are struggling. Research shows that teaching environments using a culture-based education approach positively influence

key student outcomes, including improved community connections and cultural relationships, increased self-efficacy and a sense of belonging, and increased college aspirations. (Kanaiaupuni et al., 2017).

In addition, OHA believes that successful educational outcomes for all students, are critical to supporting the State's economy, overcoming our present and future social and environmental challenges, and maintaining a culturally enriched and socially conscious island society.

Figure 8. Education Infographic (See Appendix A-4 for larger image)

OHA is hoping to continue to partner with the state and other organizations to leverage an anticipated \$1,230,000 from the State, to invest in closing educational achievement gaps and ensuring a brighter future for Native Hawaiian students. With the requested state funding, OHA and its partners will be able to invest an additional \$2.97 million into educational programs designed to help Native Hawaiian students succeed academically. These students will also graduate with the skills needed to obtain well-paying jobs and/or pursue a college education.

4. Housing

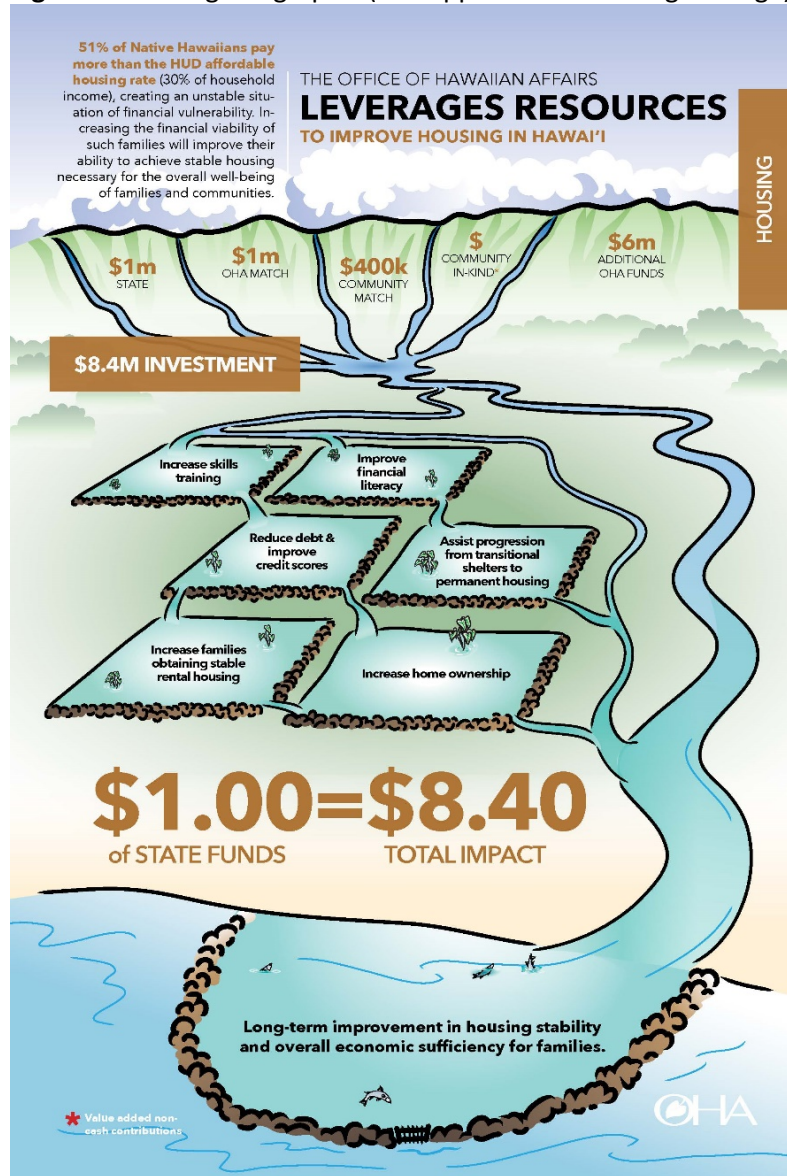

OHA continues to focus on helping more Native Hawaiians achieve housing stability, as many continue to struggle to achieve homeownership, afford adequate rental housing, and avoid homelessness. According to the latest available figures from 2017, only 54% of Native Hawaiians reside in owner-occupied housing, compared to 58.5% of residents of the state/State (U.S. Census Bureau, 2018). Of Native Hawaiian households planning to buy a home, the average amount available for a down payment was half that of non-Hawaiian households, \$24,440 compared to \$59,225; Native Hawaiians' median affordable monthly mortgage payment was \$1,000 less (HHFDC, 2016).

Meanwhile, more than half of Native Hawaiian renters live in homes they are struggling to afford, and many may also live in overcrowded situations to reduce rental payments (U.S. Census Bureau, 2018). In fact, one in four Native Hawaiian homes are occupied by two or more families in order to share housing costs and 14% include "hidden homeless" persons. These rates are more than two times that of non-Hawaiian households (10% doubled-up and 4% with hidden homeless). (HHFDC, 2016). In addition to being burdened by the same unaffordable housing costs as the rest of Hawai'i, Native Hawaiians also earn substantially less—nearly \$10,000 less—than that of the per capita income of the State (U.S. Census Bureau, 2018).

Among the State's homeless populations, Native Hawaiians represent the largest ethnic group, comprising 27% of all clients receiving homeless services statewide (Yuan & Cauci, 2018) and 32% of surveyed homeless on O'ahu (PIC, 2017). In fact, 25% of emergency shelter clients and 32% of transitional housing clients are Native Hawaiian (Yuan, 2017). Additionally, 22% of Native Hawaiian households are at-risk of becoming homeless (HHFDC, 2016).

In response to this data, OHA is advocating for appropriate affordable housing policies, and hoping to leverage \$500,000 from the State over the next two years to improve housing stability. OHA is accepting grants to assist Native Hawaiians improve housing stability, including Native Hawaiians that are currently homeless, at risk of homelessness, in transitional housing, in unstable or unaffordable rentals, and/or those pursuing homeownership.

Figure 9. Housing Infographic (See Appendix A-5 for larger image)

OHA and community partners expect to invest \$8.4 million into helping Native Hawaiians achieve housing stability, become more creditworthy, improve financial management, and increase their home ownership rate.

OHA has already seen real results through past grantees that have successfully helped Native Hawaiians, including homeless families and renters, become more economically self-sufficient and housing secure across the State.
