Aloha Senator Dela Cruz

Thank you and the committee for working with us to develop processes that support the efforts to mitigate COVID19 in the State.

Our Director of Communications, Marisa Yamane, will work with Tim Sakahara at DOT and Anthology to improve the communications to the public regarding actions being taken to enforce the quarantine order.

Keith Regan continues to work with the Esri organization to develop a program that provides real time information on quarantined travelers for easy access by law enforcement. We expect this to be live by next week.
