

# 2020 Senate District 24 Survey Results

On February 28, our office mailed our annual survey to 9294 households in Senate District 24, which included an online version to the survey. We received 1023 total responses. 453 surveys were mailed back, while 570 individuals submitted the online version.

## Notes on the survey:

- Surveys were sent to registered voter households only
- One survey was sent per household
- There was no limit on household participation; in many cases multiple household members took the online version of the survey
- Online participants who did not reside in Senate District 24 were excluded from the result
