The Senate  
Thirty-First State Legislature  
State Capitol, Room 215  
Honolulu, Hawai'i 96813

Aloha Senator Misalucha:

I am pleased to let you know that my administration has released funding for the following Capital Improvement Project (CIP):

Name: Kamā'ule'ule Building (DOH Laboratory), Air Handlers Replacement and Improvements, O'ahu

Description: This project involves the design and construction to replace and improve the air conditioning system air handling units at the Kamā'ule'ule Building on O'ahu.

Mahalo for your work on behalf of the residents of your district to secure these funds. Projects such as these are critical components of the public infrastructure and contribute to building a better home for our kūpuna, keiki, and all the residents of Hawai'i.

A list of released CIP and CIP Grants-in-Aid (GIA) will be emailed once a month.

By working together, we can solve the great challenges of our time, create a more sustainable Hawai'i, and establish the Hawaiian Islands as a place that future generations will choose to call home.

With warmest regards,
