Aloha Distict 13 Ohana,

The 2018 legislative session has come to an end, but there is still much work to be done!

Now that the interim is here I will have more time to visit the District and hear about the concerns in each community. With that being said, please feel free to contact my office if there are any areas that I should visit or issues I should be aware of.

This legislative session was a very successful one with many important bills making it through the legislative process and to the Governor for consideration.

Many important projects have also been funded in the community. The Paia Bypass received over \$50 million to start plan and design, and Lanai and Molokai airports received funding for improvements.

With this successful session now behind us, it is time to look to the future. There is still so much good to be done and communities to help. No one knows the issues that effect our District more then you. So I need your help to bring awareness and identifying what is needed.

Again, please contact my office with any feedback, I'd love to hear from you!

Mahalo,
