

**TESTIMONY OF
THE DEPARTMENT OF THE ATTORNEY GENERAL
THIRTY-FIRST LEGISLATURE, 2022**

ON THE FOLLOWING MEASURE:

S.B. NO. 2114, RELATING TO THE CHILDREN'S JUSTICE PROGRAM.

BEFORE THE:

HOUSE COMMITTEE ON JUDICIARY AND HAWAIIAN AFFAIRS

DATE: Thursday, March 17, 2022 **TIME:** 2:00 p.m.

LOCATION: State Capitol, Room 325, Via Videoconference

TESTIFIER(S): Holly T. Shikada, Attorney General, or
Farshad M. Talebi, Deputy Attorney General

Chair Nakashima and Members of the Committee:

The Department of the Attorney General (Department) supports this bill.

This bill would update the purpose of the children's justice program to include supporting suspected or confirmed child witnesses to crime or violence, as well as supporting the interagency investigation and management of cases involving victims of suspected or confirmed child sex trafficking, commercial sexual exploitation of children, and other child maltreatment.

The children's justice program currently plays a vital role in providing support for the special needs of child victims and witnesses of child sex abuse and serious physical child abuse. The bill recognizes that victims of child sex trafficking, commercial sexual exploitation of children, and other child maltreatment and child witnesses to crime or violence are also vulnerable and experience various forms of complex trauma, and would benefit from the support of the children's justice program. Expanding the purpose of the program to include these additional victim populations aligns with the mission of the children's justice program and will help reduce and prevent unnecessary trauma while ensuring justice for children and their families.

The Department respectfully asks the Committee to pass this bill. Thank you for the opportunity to testify.

Bill No. and Title: Senate Bill No. 2114, Relating to Children's Justice Program.

Purpose: Updates the purpose of the Children's Justice Program to include investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence. Makes conforming amendments.

Judiciary's Position:

The Hawai'i State Judiciary is in strong support of Senate Bill No. 2114, Relating to the Children's Justice Program.

The Children's Justice Program was established within the Hawai'i State Judiciary to ensure a fair and neutral process for the handling of reports of alleged child sexual abuse that protects the rights of both victims and alleged perpetrators. The Program operates children's justice centers, ("The Children's Justice Center," "CJC," or "Center"), statewide, where specially-trained professionals conduct forensic interviews of child victims and witnesses in a safe and neutral setting.

Since its establishment, CJC's operations have expanded to include cases involving child abuse or neglect, generally, and child witnesses. Its current priorities are for cases involving: (1) sexual abuse of a child; (2) serious physical child abuse; (3) child sex trafficking/commercial

SUBJECT: **SB 2114 – RELATING TO THE CHILDREN'S JUSTICE PROGRAM.**

HEARING: March 17, 2022, 2:00 p.m.

DEPARTMENT'S POSITION: The Department of Human Services (DHS) supports this bill.

PURPOSE: The purpose of this bill is to update the purpose of the Children's Justice Program to include investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence.

The continued collaboration with the Judiciary's Children's Justice Centers (CJC) is crucial for DHS Child Welfare Services Branch (CWS) to ensure children's well-being and safety. CWS has a working agreement with the Children's Justice Program to conduct joint interviews, whenever possible at the CJC, in cases of intrafamilial child sex abuse, sexual exploitation of a child, and serious physical child abuse. The purposes of this coordinated investigative interview are to ensure that the child is seen and assessed in a timely manner, in a child-friendly environment, by a trained team member who will gather the necessary information and minimize the number of interviews the child undergoes to reduce any re-traumatization of the child while involved in the child welfare and or criminal justice systems.

CWS protocols are currently in place to ensure that child victims of sex trafficking, commercial sex exploitation, and child abuse or neglect are immediately identified, assessed, and provided with appropriate services and protections, regardless of parental abuse or neglect. In addition, DHS has a contracted provider that provides statewide victim-centered, trauma-informed, comprehensive services that are individualized and responsive to the needs, values, culture, and gender identity of child victims of all forms of human trafficking.

The CJs, located statewide, also coordinate multidisciplinary team meetings; DHS and its contracted provider participate in these team meetings. The primary purposes of these meetings are to discuss case planning and implementation of coordinated services for the child victims of sex trafficking and serious physical child abuse cases.

The updated priorities of the Children's Justice Program to include all types of child abuse and neglect will ensure that the CJs are authorized to provide the same services to all child victims who are subject to harm or threatened harm with priority given to sexual abuse or sexual exploitation of a child, serious physical child abuse, child trafficking, and cases involving child witnesses.

Thank you for the opportunity to provide testimony in support of this bill.

Dear Chair Nakashima and Committee Members:

We are submitting testimony in **SUPPORT** of SB2114. This bill appropriately expands the program's jurisdiction into suspected or confirmed cases of child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence.

TESTIMONY IN SUPPORT OF SB 2114: RELATING TO THE CHILDREN'S JUSTICE PROGRAM

TO: House Committee on Judiciary & Hawaiian Affairs

FROM: Rob Van Tassell, President and CEO, Catholic Charities Hawaii

Hearing: Thursday, 3/17/22; 2:00 PM; via videoconference

Chair Nakashima, Vice Chair Matayoshi, and Members, Committee on Judiciary & Hawaiian Affairs:

Thank you for the opportunity to provide testimony **in strong support** of **SB 2114**, which updates the purpose of the Children's Justice Program to include investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence. I am Rob Van Tassell, with Catholic Charities Hawaii.

Catholic Charities Hawaii (CCH) is a tax exempt, non-profit agency that has been providing social services in Hawaii for over 75 years. CCH has programs serving elders, children, families, homeless, and immigrants. Our mission is to provide services and advocacy for the most vulnerable in Hawaii. Catholic Charities Hawaii has a long history of working in the areas of affordable housing and homelessness.

Catholic Charities Hawaii strongly supports this bill to amend the Children's Justice Program's statute, HRS 588. We support including definitions to include sexual exploitation, serious physical abuse, and child witnesses to crime and child trafficking.

Catholic Charities Hawaii supports the Children's Justice Center's role in the community as a trusted partner in providing social justice and healing to children who experienced maltreatment in any form. Their expertise and ability to lead the community to protect children would do the same for the children who were trafficked. The Center has been providing services for years for children who experienced sexual abuse, physical abuse and other forms of maltreatment. As a partner agency with the Center, we have seen their effectiveness over the years. This bill would enhance their ability to collaborate and meet the special needs of children impacted by sex trafficking and other sexual exploitation.

We urge your support for this bill and ask for your assistance in its passing during this legislative session.

RE: TESTIMONY IN SUPPORT OF SB 2114 RELATING TO THE CHILDREN'S JUSTICE PROGRAM

We support SB 2114 which updates the purpose of the children's justice program to include investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence, and makes conforming amendments.

Our agency has collaborated with the Children's Justice Centers on Maui and Oahu in supporting and providing integral services to children and families that have been impacted by child abuse, neglect, domestic violence, child sexual exploitation. The staff are excellent at bringing together community providers and facilitate impactful and focused multi-disciplinary meetings to support families and children with services that can assist them in healing from the trauma that they have experienced. This interagency coordination, information sharing, and gathering provides a needed safety net and identification of clear roles so each of us can best support the family without overwhelming them. The exchange of information assists families at every stage of recovery and throughout the often difficult and challenging process of navigating the criminal justice system.

We support the change in this bill that will add to the current purview of the children's justice program to include the investigation and management of cases involving suspected or confirmed child sex trafficking, commercial sexual exploitation of children, other child maltreatment, and child witnesses to crime or violence. As providers of services to victims and survivors of domestic violence, child abuse, and child sex trafficking, we work with the aftermath of the trauma that individuals who have experienced this type of violence live with every day. Survivors of abuse experience significant and life-long psychological, emotional, and physical

pain that impacts their ability to feel safe in their community, to lead lives without fear and anxiety, and to tell their story without shame.

The children's justice center has built a foundation of care – from investigation to case management – that supports a child fully as they tell their story of abuse, trauma, and pain. Survivors of trauma need a place where they feel safe, supported, and heard – a place where their story will not be lost, but honored and guided to justice. The CJC has been doing this work for years and will continue to be there for the children and families that walk through their doors to offer their support and hope and to give a voice to those that are often silenced.

Founded in 1968, Parents And Children Together (PACT) is one of Hawaii's not-for-profit organizations providing a wide array of innovative and educational social services to under-resourced families. Assisting more than 17,000 people across the state annually, PACT helps families identify, address and successfully resolve challenges through its 20 programs. Among its services are: early education programs, domestic violence prevention and intervention programs, child abuse prevention and intervention programs, childhood sexual abuse supportive group services, child and adolescent behavioral health programs, sex trafficking intervention, poverty prevention and community strengthening programs.

Thank you for the opportunity to testify in **support of SB 2114**, please contact me at (808) 847-3285 or rkusumoto@pacthawaii.org if you have any questions.

Relating to the Children's Justice Center

Hearing: March 17, 2022, 2:00 PM

Good Morning Chair Nakashima and Vice Chair Matayoshi, and Members of the Committee on Judiciary and Hawaiian Affairs:

The Sex Abuse Treatment Center (SATC) is in support of SB 2114, Relating to the Children's Justice Center.

The Children's Justice Center (CJC) has long been a leader in managing the interagency and inter professional coordination and cooperation between agencies who handle the treatment, identification, and investigation (civil and criminal) of child abuse both physical and sexual. Over the course of many years it has established professional relationships with government and non-government agencies that respond to child abuse.

The proposed legislation in SB 2114 is a natural extension of the statutory purview of the CJC in developing and coordinating a seamless system response to child abuse, to include child sex trafficking and commercial sexual exploitation of children.

The SATC supports the continued work of the CJC and supports SB 2114. Thank you for your consideration.
