

Testimony of the Board of Pharmacy

**Before the
Senate Committee on Commerce and Consumer Protection
Tuesday, February 22, 2022
10:00 a.m.
Via Videoconference**

**On the following measure:
S.B. 3382, S.D. 1, RELATING TO PRESCRIPTIONS**

Chair Baker and Members of the Committee:

My name is James Skizewski, and I am the Executive Officer of the Board of Pharmacy (Board). The Board appreciates the intent of and offers comments on this bill.

The purpose of this bill is to allow the utilization of post office boxes for controlled substances prescriptions by amending the definition of "address" under chapter 329, Hawaii Revised Statutes.

The Board appreciates the intent of this measure to allow post office boxes to be used for controlled substances prescriptions, as long as the physical address is readily accessible. This would save pharmacists time because they would not have to take the required steps to change the post office box number to a physical address.

Thank you for the opportunity to testify on this bill.

Testimony of
Jonathan Ching
Government Relations Director

Before:
Senate Committee on Commerce and Consumer Protection
The Honorable Rosalyn H. Baker, Chair
The Honorable Stanley Chang, Vice Chair

Re: SB 3382, SD1, Relating to Prescriptions

Chair Baker, Vice Chair Chang, and committee members, thank you for this opportunity to provide testimony on SB 3382, SD1, which permits the utilization of post office boxes for controlled substance prescriptions by amending the definition of "address" under chapter 329, Hawaii Revised Statutes.

Kaiser Permanente Hawai'i SUPPORTS SB 3382, SD1.

Kaiser Permanente Hawai'i is Hawai'i's largest integrated health system that provides care and coverage for approximately 265,000 members. Each day, more than 4,400 dedicated employees and more than 650 Hawai'i Permanente Medical Group physicians and providers come to work at Kaiser Permanente Hawai'i to care for our members at our 20 medical facilities, including Moanalua Medical Center, providing high-quality care for our members, and delivering on our commitment to improve the health of the 1.4 million people living in the communities we serve.

With high prescription volumes and patient care responsibilities, Kaiser Permanente Hawai'i regularly evaluates our pharmacy operations to ensure we eliminate waste and redundancy. **Kaiser Permanente Hawai'i supports SB 3382, SD1 because it increases workflow efficiencies by saving pharmacists time and making good use of technology, while maintaining safety and effective chain of custody of controlled substances.**

Currently, if a controlled substance prescription has a post office box address, before dispensing, pharmacists must 1) verify the patient's ID; 2) note the ID number on the prescription; 3) change the address. SB 3382, SD1 *permits* pharmacists to eliminate these steps *if* the physical address is already on file. The volume of prescriptions received with post office box addresses is significant, especially on the neighbor islands. Therefore, we believe SB 3382, SD1 would save pharmacist time and permits pharmacists to address other patient care responsibilities.

Thank you for the opportunity to provide testimony on this important measure.

SB-3382-SD-1
