The Honorable Scott K. Saiki,

Thirty-First State Legislature
State Capitol, Room 431
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on June 8, 2022, the following bill was signed into law:

SB2768 SD2 HD1 CD1

RELATING TO THE HAWAII YOUTH
CONSERVATION CORPS.
ACT 033

Sincerely,

DAVID Y. IGE
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO THE HAWAII YOUTH CONSERVATION CORPS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii went from
2 having one of the lowest unemployment rates of any state in the
3 United States to one of the highest, leaving many skilled and
4 promising young people out of work. Given the impact that
5 prolonged youth unemployment can have on the lifetime earnings
6 and well-being of individuals, the limited work opportunities
7 for youth and young adults require action on the part of the
8 State.

9 The legislature further finds that the Civilian
10 Conservation Corps was a work relief program created in 1933 to
11 employ Americans during the Great Depression through
12 conservation projects of local, state, and national benefit,
13 providing opportunities for displaced young adults. The State
14 of Hawaii established the Hawaii youth conservation corps, which
15 provided young people with opportunities in conservation on a
16 much smaller scale. This program currently operates within the
17 policies set out under chapter 193, Hawaii Revised Statutes.
18 Nationally and in Hawaii, the legacy of the Civilian

1 Conservation Corps continues through local and state service and
2 conservation corps, especially those accredited under the
3 national corps network.

4 The legislature also finds that during the regular session
5 of 2020, the legislature passed Act 9, Session Laws of Hawaii
6 2020 (Act 9), which used funds designated for the State by the
7 federal Coronavirus Aid, Relief, and Economic Security Act to
8 establish a workforce and training program that, among other
9 accomplishments, funded a short-term green jobs program in
10 partnership with the nonprofit Kupu. Under the Kupu Aina Corps,
11 over three hundred fifty displaced workers and recent graduates
12 were matched with work and training opportunities across the
13 State. Kupu's partnership with conservation and agricultural
14 host sites enabled individuals to work in their own communities
15 while also giving back to Hawaii's economy and environment.

16 The legislature additionally finds that more must be done
17 in order to support the diversification of Hawaii's economy, but
18 that the program established under part XV of Act 9 is no longer
19 active.

20 The purpose of this Act is to enable the same benefits of
21 the workforce program under Act 9 in terms of economic

1 diversification and stimulus, but with a greater focus on young
2 adults, and placing it within an existing, permanent program
3 established in law under the administration of the agency most
4 familiar with conservation and oversight of a conservation
5 corps. While retaining the State's existing authority to
6 administer the existing program, this Act also provides the
7 authority to administer a green jobs youth corps in partnership
8 with a qualified community organization.

9 SECTION 2. Section 193-32, Hawaii Revised Statutes, is
10 amended to read as follows:

11 " ~~[+]§193-32~~ Administration. To carry out the program
12 authorized by this part, the governor may:

6 designated to participate in the programs, without
7 regard to the original purpose of the
8 appropriations[-]; and
9 (4) Designate the department of land and natural resources
10 to administer or enter into an agreement for the
11 administration of a green jobs youth corps to provide

5 revenues of the State of Hawaii the sum of \$5,000,000 or so much
6 thereof as may be necessary for fiscal year 2022-2023 for the
7 green jobs youth corps as provided in this Act; provided that
8 the sum appropriated shall be used only for the payment of
9 salaries for not more than one thousand participants with
10 experience in the green jobs youth corps for a period of nine to
11 twelve months, subject to sufficient funds; provided further
12 that notwithstanding any law to the contrary, the department of
13 land and natural resources and its partner or partners shall be
14 permitted to obtain and utilize federal or other outside funding
15 for the purpose of matching state funds provided for the green
16 jobs youth corps.

17 The sum appropriated shall be expended by the department of
18 land and natural resources for the purposes of this Act.

19 SECTION 4. Statutory material to be repealed is bracketed
20 and stricken. New statutory material is underscored.

21 SECTION 5. This Act shall take effect on July 1, 2022.
