HOUSE OF REPRESENTATIVES
THIRTY-FIRST LEGISLATURE, 2022
STATE OF HAWAII

ACT 108

H.B. NO. 1991
H.D. 2
S.D. 2
C.D. 1

A BILL FOR AN ACT

RELATING TO CONSUMER PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the theft of
2 personal items may significantly impact a person financially as
3 well as in other ways, such as the loss of work data or school
4 notes on a laptop or the loss of memories on a cellular phone.
5 Bicycle thefts further impact the State's sustainability goals
6 of reducing carbon emissions and utilizing low carbon
7 transportation as residents are inhibited in investing in and
8 using bicycles for transportation. Reducing resale
9 opportunities for these items is one way to decrease the
10 motivation to steal them.

11 The legislature further finds that while bicycles are
12 required to be registered with the county and the failure to do
13 so subjects the owner to fines, these requirements have been
14 insufficient to stop the theft and subsequent resale of
15 bicycles. The legislature believes that the creation of a
16 publicly available database of stolen bicycle serial and emblem

1 numbers would help deter the theft of bicycles and the resale of
2 stolen bicycles.

3 The legislature notes that stolen items are occasionally
4 resold through pawnshops, businesses that purchase secondhand
5 items, and online sales platforms. Businesses with a physical
6 presence and monetary transactions in the State must be licensed
7 to operate and are required to submit records of transaction to
8 county police departments. However, records of these
9 transactions are currently being submitted in hard copy. This
10 manual inputting of data by the county police departments
11 creates an unnecessary lag and is an impediment to quickly
12 comparing and identifying potentially stolen items against
13 itemized lists from recent burglaries and thefts.

14 The legislature also finds that allowing pawnbrokers and
15 secondhand dealers to submit electronic records will enable
16 county police departments to process these records in a more
17 efficient manner and decrease the time frame for record
18 retention. Authorizing electronic submittal for records of
19 transaction would also allow articles to be properly
20 categorized, listed, itemized, and accounted in real time. An
21 electronic submission system that contains detailed descriptions

1 or pictures of all markings, inscriptions, serial numbers of
2 bicycles, and serial numbers of electronics would allow
3 detectives to quickly identify stolen items and could be shared
4 to other law enforcement agencies in the State.

5 The purpose of this Act is to:

- 6 (1) Prohibit, in counties with a population of five
7 hundred thousand or more, the sale of a bicycle that
8 is reported as stolen and listed on a publicly
9 available online stolen bicycle database;
- 10 (2) Require the police department or other designated
11 agency in counties with a population of five hundred
12 thousand or more to establish the publicly available
13 online stolen bicycle database; and
- 14 (3) Update the recordkeeping and retention requirements
15 for businesses that buy previously owned articles.

16 SECTION 2. Chapter 293, Hawaii Revised Statutes, is
17 amended by adding a new section to be appropriately designated
18 and to read as follows:

19 "§293- Prohibition of sale; stolen. (a) In any county
20 with a population of five hundred thousand or more, no person

1 shall sell or offer for sale a bicycle on an online sales
2 platform, at a dealer, or elsewhere if the bicycle:

3 (1) Has been reported as stolen to a county police
4 department; and

5 (2) Is listed on a publicly available online stolen
6 bicycle database as provided in subsection (b).

7 (b) In any county with a population of five hundred
8 thousand or more, the county police department or any other
9 agency as designated by the county shall establish the publicly
10 available online stolen bicycle database that allows persons to
11 verify if a bicycle serial number or emblem number has been
12 reported as stolen.

13 (c) Any person who violates this section shall be guilty
14 of a misdemeanor and shall be fined either \$500, the listed sale
15 price on the advertisement, or the actual sale price, whichever
16 is greater.

17 (d) For purposes of this section:

18 "Dealer" has the same meaning as in section 486M-1.

19 "Online sales platform" means an internet website or
20 application that:

21 (1) Is open to the public;

- 1 (2) Operates in the State; and
2 (3) Enables the sale of goods between persons using any
3 medium of facilitation.
4 (e) The prosecution need not prove the person's state of
5 mind as to the attendant circumstance of the offense occurring
6 in a county with a population of five hundred thousand or more.
7 (f) It shall be an affirmative defense that the person
8 viewed the publicly available online stolen bicycle database and
9 did not see the bicycle listed before selling or offering to
10 sell the bicycle."

11 SECTION 3. Section 486M-2, Hawaii Revised Statutes, is
12 amended to read as follows:
