

GOV. MSG. NO. 1316

EXECUTIVE CHAMBERS
HONOLULU

DAVID Y. IGE
GOVERNOR

June 27, 2022

The Honorable Ronald D. Kouchi,
President
and Members of the Senate
Thirty-First State Legislature
State Capitol, Room 409
Honolulu, Hawai'i 96813

The Honorable Scott K. Saiki,
Speaker and Members of the
House of Representatives
Thirty-First State Legislature
State Capitol, Room 431
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on June 27, 2022, the following bill was signed into law:

SB573 SD1 HD1

RELATING TO WILDLIFE.
ACT 215

Sincerely,

DAVID Y. IGE
Governor, State of Hawai'i

Approved by the Governor

On JUN 27 2022

THE SENATE
THIRTY-FIRST LEGISLATURE, 2021
STATE OF HAWAII

ACT 215
S.B. NO. 573
S.D. 1
H.D. 1

A BILL FOR AN ACT

RELATING TO WILDLIFE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Section 195D-21, Hawaii Revised Statutes, is
2 amended by amending subsection (b) to read as follows:

3 "(b) (1) Except as otherwise provided by law, the board,
4 upon recommendation from the department, in
5 cooperation with other state, federal, county, or
6 private organizations and landowners, after a public
7 hearing on the island affected, and upon an
8 affirmative vote of [~~not~~] no less than two-thirds of
9 its authorized membership, may enter into a habitat
10 conservation plan, if it determines that:

11 (A) The plan will further the purposes of this
12 chapter by protecting, maintaining, restoring, or
13 enhancing identified ecosystems, natural
14 communities, or habitat types upon which
15 endangered, threatened, proposed, or candidate
16 species depend within the area covered by the
17 plan;

1 (B) The plan will increase the likelihood of recovery
2 of the endangered or threatened species that are
3 the focus of the plan; and

4 (C) The plan satisfies all the requirements of this
5 chapter.

6 In the event the board votes to enter into a habitat
7 conservation plan for which the majority of the
8 endangered species recovery committee recommended
9 disapproval, the board may not enter into the habitat
10 conservation plan unless the plan is approved by a
11 two-thirds majority vote of both houses of the
12 legislature. Habitat conservation plans may allow
13 conservation rental agreements, habitat banking, and
14 direct payments. Any habitat conservation plan
15 approved pursuant to this section shall be based on
16 the best available scientific and other reliable data
17 available at the time the plan is approved.

18 (2) Each habitat conservation plan shall:

19 (A) Identify the geographic area encompassed by the
20 plan; the ecosystems, natural communities, or
21 habitat types within the plan area that are the

1 focus of the plan; and the endangered,
2 threatened, proposed, and candidate species known
3 or reasonably expected to be present in those
4 ecosystems, natural communities, or habitat types
5 in the plan area;

6 (B) Describe the activities contemplated to be
7 undertaken within the plan area with sufficient
8 detail to allow the department to evaluate the
9 impact of the activities on the particular
10 ecosystems, natural communities, or habitat types
11 within the plan area that are the focus of the
12 plan;

13 (C) Identify the steps that will be taken to minimize
14 and mitigate all negative impacts, including
15 without limitation the impact of any authorized
16 incidental take, with consideration of the full
17 range of the species on the island so that
18 cumulative impacts associated with the take can
19 be adequately assessed; and the funding that will
20 be available to implement those steps;

- 1 (D) Identify those measures or actions to be
2 undertaken to protect, maintain, restore, or
3 enhance the ecosystems, natural communities, or
4 habitat types within the plan area; a schedule
5 for implementation of the measures or actions;
6 and an adequate funding source to ensure that the
7 actions or measures, including monitoring, are
8 undertaken in accordance with the schedule;
- 9 (E) Be consistent with the goals and objectives of
10 any approved recovery plan for any endangered
11 species or threatened species known or reasonably
12 expected to occur in the ecosystems, natural
13 communities, or habitat types in the plan area;
- 14 (F) Provide reasonable certainty that the ecosystems,
15 natural communities, or habitat types will be
16 maintained in the plan area, throughout the life
17 of the plan, in sufficient quality, distribution,
18 and extent to support within the plan area those
19 species typically associated with the ecosystems,
20 natural communities, or habitat types, including
21 any endangered, threatened, proposed, and

1 candidate species known or reasonably expected to
2 be present in the ecosystems, natural
3 communities, or habitat types within the plan
4 area;

5 (G) Include an agreement to enter into and maintain
6 an annual service contract with a stand-by and
7 response facility available to provide emergency
8 medical and rehabilitation services to native
9 wildlife affected by activities undertaken within
10 the plan area;

11 [~~(G)~~] (H) Contain objective, measurable goals, the
12 achievement of which will contribute
13 significantly to the protection, maintenance,
14 restoration, or enhancement of the ecosystems,
15 natural communities, or habitat types; time
16 frames within which the goals are to be achieved;
17 provisions for monitoring (such as field sampling
18 techniques), including periodic monitoring by
19 representatives of the department or the
20 endangered species recovery committee, or both;
21 and provisions for evaluating progress in

1 achieving the goals quantitatively and
2 qualitatively; and
3 [~~H~~] (I) Provide for an adaptive management strategy
4 that specifies the actions to be taken
5 periodically if the plan is not achieving its
6 goals."

7 SECTION 2. Statutory material to be repealed is bracketed
8 and stricken. New statutory material is underscored.

9 SECTION 3. This Act shall take effect upon its approval.
