# A BILL FOR AN ACT

RELATING TO IDENTIFICATION CARDS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that the federal REAL ID  
2 Act of 2005, P.L. 109-13, requires states to comply with  
3 federally mandated eligibility criteria in issuing driver's  
4 licenses and identification cards, which are often referred to  
5 as "REAL ID compliant". However, the REAL ID Act specifically  
6 allows states to issue driver's licenses and identification  
7 cards that do not comply with the requirements of the REAL ID  
8 Act.

9           The legislature recognizes that many residents who are  
10 young adults, elderly persons, houseless persons, undocumented  
11 immigrants, or lawfully present non-immigrants do not drive and  
12 are also unable to meet the stringent requirements for a REAL  
13 ID-compliant identification card. These residents are therefore  
14 unable to access state-issued identification.

15           The legislature further finds that the coronavirus disease  
16 2019 (COVID-19) pandemic has exacerbated the already difficult,  
17 but necessary, process of proving one's identity. Restaurants,

1 theaters, public libraries, and other public venues now require  
2 valid proof of vaccination and identity for entry. Before the  
3 COVID-19 pandemic, state office buildings, including the Queen  
4 Liliuokalani and Princess Ruth Keelikolani buildings, required  
5 valid proof of identity for entry.

6 The legislature notes that pursuant to Act 172, Session  
7 Laws of Hawaii 2015, the limited purpose driver's license,  
8 limited purpose provisional driver's license, and limited  
9 purpose instruction permit were made available to individuals  
10 who otherwise satisfy the requirements for a driver's license,  
11 provisional driver's license, or instruction permit except for  
12 the individual's inability or refusal to provide satisfactory  
13 proof of authorized presence in the United States under federal  
14 law. The legislature believes that a similar limited purpose  
15 identification card would benefit the residents of the State by:

- 16 (1) Helping emergency personnel, including police and  
17 emergency response teams, to better identify persons  
18 in distress and other persons that these emergency  
19 personnel encounter;
- 20 (2) Providing access to public services to individuals  
21 previously unable to obtain a government-issued

1 identification card, including having prescriptions  
2 filled; picking up packages at post offices; and  
3 enjoying kamaaina discounts at museums, hotels, and  
4 public parks, including Hanauma Bay;

5 (3) Promoting public safety by easing many undocumented  
6 immigrants' fears of interacting with law enforcement  
7 while lacking valid identification; and

8 (4) Providing access to financial services offered by, and  
9 allowing more residents to open accounts at, banks  
10 that honor state identification cards, which will, in  
11 turn:

12 (A) Increase the personal safety of these residents  
13 as they will no longer have to personally carry  
14 large amounts of cash; and

15 (B) Make these residents less reliant on  
16 check-cashing businesses that may charge fees of  
17 up to five per cent or \$5 per transaction.

18 Accordingly, the purpose of this Act is to authorize the  
19 issuance of limited purpose identification cards for individuals  
20 who otherwise satisfy the requirements for a government-issued  
21 identification card except for the individual's inability or

1 refusal to provide satisfactory proof of authorized presence in  
2 the United States under federal law.

3 SECTION 2. Chapter 286, Hawaii Revised Statutes, is  
4 amended by adding a new section to part XVI to be appropriately  
5 designated and to read as follows:

6 "§286- Limited purpose identification cards. (a)  
7 Every person who submits an application for an identification  
8 card that satisfies the requirements of this part except for the  
9 applicant's inability or refusal to provide satisfactory proof  
10 of authorized presence in the United States under federal law  
11 shall be issued a limited purpose identification card that is  
12 uniquely identified as being not in compliance with the REAL ID  
13 Act of 2005. The examiner of drivers shall accept various types  
14 of documentation for the purpose of establishing the applicant's  
15 identity and residency in the State, which may be established by  
16 more than one document. Acceptable documentation includes:

17       director.
- 18       (b) Every application under this section shall be made  
19       upon the form and in the manner required by section 286-303 and  
20       shall be accompanied by the fee established for non-limited

1 purpose identification cards pursuant to section 286-309. The  
2 examiner of drivers shall not:

3 (1) Require any applicant under this section to furnish  
4 information regarding the applicant's eligibility or  
5 ineligibility for a social security number; or

6 (2) Disclose the identity of any applicant who does not  
7 provide a social security card or social security  
8 number.

9 (c) Every limited purpose identification card issued  
10 pursuant to this section shall on its face and in a machine  
11 readable zone bear the phrase, "Not acceptable for official  
12 federal purposes", and be of a unique design or color indication  
13 that clearly distinguishes the limited purpose identification  
14 card from the State's federally compliant identification cards.  
15 If the United States Department of Homeland Security determines  
16 that any limited purpose identification card issued pursuant to  
17 this section do not satisfy the requirements of title 6 Code of  
18 Federal Regulations section 37.71, the examiner of drivers,  
19 under the direction of the department of transportation, shall

9 holds, or presents a limited purpose identification card.

10 (g) A limited purpose identification card issued pursuant  
11 to this section shall not be used to consider a person's
