
A BILL FOR AN ACT

RELATING TO HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 187, Session
2 Laws of Hawaii 2012, established the Hawaii health corps program
3 as a means of addressing the State's longstanding health care
4 provider shortage. This program is aimed at increasing Hawaii
5 residents' ability to obtain timely medical services by
6 incentivizing family physicians, physician assistants, and nurse
7 practitioners to provide medical services in underserved and
8 rural areas in the State in return for repayment of loans.

9 The legislature further finds that because of the impact of
10 the "SARS-CoV-2" virus, there is an increased need across the
11 State for the services provided by social workers and
12 psychologists. However, under the current Hawaii health corps
13 program, social workers and psychologists are ineligible to
14 participate.

15 The purpose of this Act is to:

- 1 (1) Expand the Hawaii rural health care provider repayment
2 program to include eligible social workers and
3 psychologists;
- 4 (2) Make the department of health responsible for
5 administration of the Hawaii rural health care
6 provider repayment program; and
- 7 (3) Make an appropriation for the Hawaii rural health care
8 provider repayment program.

9 SECTION 2. Section 309H-1, Hawaii Revised Statutes, is
10 amended by adding two new definitions to be appropriately
11 inserted and to read as follows:

12 ""Psychologist" means a person licensed as a psychologist
13 under chapter 465.

14 "Social worker" means a person licensed as a social worker
15 under chapter 467E."

16 SECTION 3. Section 309H-2, Hawaii Revised Statutes, is
17 amended to read as follows:

18 **"§309H-2 Hawaii health corps program established.** The

2 social workers, and nurse practitioners, with priority given to
3 a rural area county. The Hawaii health corps program shall be
4 administered by the University of Hawaii John A. Burns school of

3 of social workers to participate in the Hawaii rural

9 who do not meet their service commitments under the
10 Hawaii rural health care provider loan repayment
11 program;
- 12 (6) Publicize the program, particularly to maximize
13 participation by individuals who live in areas of a
14 county where there is a shortage of physicians,
15 physician assistants, psychologists, social workers,
16 and nurse practitioners;
- 17 (7) Solicit and accept grants and donations from public
18 and private sources for the Hawaii rural health care
19 provider loan repayment program, including maximizing
20 the use of federal matching funds; and

1 (8) Establish criteria and procedures for calling Hawaii
