
A BILL FOR AN ACT

RELATING TO CORAL.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the commercial use
2 of coral contributes to the decline and degradation of the
3 State's coral reefs. The import and export of coral for
4 jewelry, curios, and other products lead to overharvesting and
5 risks damage to vulnerable reef ecosystems. The legislature
6 recognizes that while stony corals are legally protected in
7 Hawaii, the sale, import, and export of coral jewelry in the
8 State still threaten coral reefs and reef ecosystems in Hawaii
9 and other parts of the world.

10 Accordingly, the purpose of this Act is to prohibit the
11 sale, import, or export of coral products, with certain
12 exceptions.

13 SECTION 2. Chapter 187A, Hawaii Revised Statutes, is
14 amended by adding a new section to part I to be appropriately
15 designated and to read as follows:

16 "§187A- Sale, import, or export of coral products;
17 prohibited. (a) It shall be unlawful for any person to import

1 into, export from, sell in, or offer for sale in the State any
2 coral product.

3 (b) This section shall not apply to:

4 (1) Coral products imported, exported, sold, or offered
5 for sale for the purposes of:

6 (A) Research or scientific identification by an
7 accredited museum or university;

8 (B) Rehabilitation or restoration of historic and
9 culturally significant Hawaiian sites;

10 (C) Cultural practices and sacraments performed by
11 native Hawaiians;

12 (D) Use as limestone or construction materials,
13 cosmetics, or medicines;

14 (E) Education; or

15 (F) State-permitted harvesting; and

16 (2) Coral products expressly authorized by federal law or
17 federal permit.

18 (c) As used in this section:

19 "Coral" means a species of the phylum Cnidaria, including:

20 (1) All species of the orders Antipatharia (black corals),
21 Scleractinia (stony corals), Gorgonacea (horny

1 corals), Stolonifera (organpipe corals and others),
 2 Alcyonacea (soft corals), and Coenothecalia (blue
 3 coral) of the class Anthozoa; and
 4 (2) All species of the order Hydrocorallina (fire corals
 5 and hydrocorals) of the class Hydrozoa;
 6 provided that "coral" shall not include jellyfish or man o' war.
 7 "Coral product" means any product, including curios,
 8 jewelry, and other novel commercial products, that is made from
 9 dead coral or coral skeleton."

10 SECTION 3. No later than December 31, 2022, the department
 11 of land and natural resources shall amend its administrative
 12 rules in accordance with chapter 91, Hawaii Revised Statutes,
 13 and this Act.

14 SECTION 4. This Act does not affect rights and duties that
 15 matured, penalties that were incurred, and proceedings that were
 16 begun before its effective date.

17 SECTION 5. New statutory material is underscored.

18 SECTION 6. This Act shall take effect on July 1, 2050.
