
A BILL FOR AN ACT

RELATING TO TRANSIT-ORIENTED DEVELOPMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the promotion of
2 mixed-use development and affordable housing within transit-
3 oriented development areas within the State is one of the most
4 viable means for stimulating economic development opportunities
5 and addressing the need for affordable housing. The Hawaii
6 interagency council for transit-oriented development, co-chaired
7 by the director of the office of planning and sustainable
8 development and the executive director of the Hawaii housing
9 finance and development corporation, has been instrumental in
10 coordinating the preparation and subsequent implementation of
11 the state strategic plan for transit-oriented development. The
12 state strategic plan serves to guide the planning and
13 coordination of state and county transit-oriented development
14 efforts statewide.

15 Since 2016, following the establishment of the Hawaii
16 interagency council for transit-oriented development, the
17 legislature has appropriated capital improvement project funds

1 to the office of planning and sustainable development to support
2 planning of transit-oriented development projects on Oahu and
3 the neighbor island counties. To date, twelve state and county
4 agencies have received funds from these appropriations, which
5 have been and are being used to catalyze planning of fourteen
6 projects in the state strategic plan that will advance mixed-use
7 and affordable housing developments statewide. The legislature
8 further finds that the request for funds for this purpose each
9 year has exceeded the funds available.

10 Accordingly, the purpose of this Act is to provide
11 supplemental funds for fiscal year 2022-2023 to maintain and
12 enhance capacity to support planning of state and county
13 transit-oriented development projects.

14 SECTION 2. The director of finance is authorized to issue
15 general obligation bonds in the sum of \$2,000,000 or so much
16 thereof as may be necessary and the same sum or so much thereof
17 as may be necessary is appropriated for fiscal year 2022-2023
18 for the purpose of planning and coordination (BED144) for
19 transit-oriented development projects identified in the state
20 strategic plan for transit-oriented development statewide.

1 The sum appropriated shall be expended by the department of
2 business, economic development, and tourism for the purposes of
3 this Act.

4 SECTION 3. The appropriation made for the capital
5 improvement projects authorized by this Act shall not lapse at
6 the end of the fiscal biennium for which the appropriation is
7 made; provided that all moneys from the appropriation
8 unencumbered as of June 30, 2024, shall lapse as of that date.

9 SECTION 4. This Act shall take effect on July 1, 2050.

Report Title:

Transit-Oriented Development; Office of Planning and Sustainable Development; Department of Business, Economic Development, and Tourism; General Obligation Bonds; Appropriation

Description:

Authorizes the issuance of general obligation bonds and appropriates funds for certain transit-oriented development projects identified in the state Strategic Plan for Transit-Oriented Development. Effective 7/1/2050. (SD1)
