
HOUSE RESOLUTION

REQUESTING THE HAWAII STATE DEPARTMENT OF TRANSPORTATION TO
CONVENE A WORKING GROUP AND VARIOUS COMMITTEES TO CREATE
AND RECOMMEND FEDERAL, STATE, AND COUNTY SUBSIDIES FOR THE
TRANSPORT OF WATERBORNE CARGO CONSISTENT WITH THE FINDINGS
AND RECOMMENDATIONS OF THE WATER CARRIERS WORKING GROUP'S
FINAL REPORT.

1 WHEREAS, Senate Resolution No. 125, S.D. 1, Regular Session
2 of 2020, requested that the Public Utilities Commission, in
3 collaboration with the Department of Commerce and Consumer
4 Affairs' Division of Consumer Advocacy and any interisland water
5 carriers operating in the State, convene a Water Carriers
6 Working Group to recommend mid-term and long-term solutions to
7 balance the need for continuous interisland water carrier
8 service throughout the State with the need for water carriers to
9 maintain financial sustainability; and

10
11 WHEREAS, on December 27, 2021, the Water Carriers Working
12 Group issued its final report on its findings and
13 recommendations; and

14
15 WHEREAS, the Water Carriers Working Group's final report
16 noted that:

- 17
18 (1) Hawaii's communities are mostly dependent on the
19 import of goods, as over eighty percent of goods
20 consumed in Hawaii are imported, of which over ninety-
21 eight percent is transported as waterborne cargo;
22
23 (2) Hawaii must rely heavily on transport of cargo by
24 water carrier, unlike other communities in the
25 continental United States that have alternative means
26 of transporting goods by truck and rail;
27
28 (3) The cost of shipping goods to and within Hawaii is
29 reflected in the cost of imported goods consumed in

1 Hawaii and has been calculated to be as much as 7.5
2 percent of the cost of the goods;

3
4 (4) Due to Hawaii's dependency on the import of goods,
5 maritime support to ensure food security in the State
6 is required; and

7
8 (5) While there are agricultural-specific subsidies, as
9 well as subsidies for aircrafts transporting to remote
10 destinations, subsidies do not currently exist for
11 general cargo transport to and within Hawaii; and
12

13 WHEREAS, the Water Carriers Working Group's final report
14 recommended that:

15
16 (1) A broad subsidy for trans-Pacific and interisland
17 cargo could reduce the cost of goods;

18
19 (2) The source of such subsidies could be from existing or
20 newly created federal, state, and county government
21 programs;

22
23 (3) The Legislature pass a resolution directing the Hawaii
24 State Department of Transportation to convene a
25 working group to create and recommend federal, state,
26 and county subsidies for the transport of waterborne
27 cargo and provide an update on the status of creating
28 these programs to the Legislature prior to the
29 convening of the Regular Session of 2023;

30
31 (4) The Hawaii State Department of Transportation lead a
32 committee to continue working and consulting with the
33 United States Department of Transportation in the
34 establishment of a federal waterborne cargo subsidies
35 program, including the drafting of legislation;

36
37 (5) The Hawaii State Department of Transportation lead a
38 committee to work and consult with the Hawaii
39 Congressional Delegation to sponsor a bill to
40 establish a federal waterborne cargo subsidies program
41 within the United States Department of Transportation;
42 and

- 1
2 (6) The Hawaii State Department of Transportation lead a
3 committee to work and consult with the Hawaii State
4 Senate and House of Representatives Standing
5 Committees on Transportation, county departments of
6 transportation, and county councils in the
7 establishment of local waterborne cargo subsidies
8 program, including the drafting of legislation; and
9

10 WHEREAS, on November 5, 2021, the National Conference of
11 State Legislatures passed a resolution that:
12

- 13 (1) Urges Congress to fund a broad subsidy for trans-
14 Pacific, trans-Atlantic, and interisland waterborne
15 cargo to improve the affordability of imported goods;
16 and
17

- 18 (2) Requests that the United States Department of
19 Transportation Maritime Administration develop and
20 implement a federal waterborne cargo subsidies program
21 and that sources of any subsidies may be from existing
22 or newly created federal programs; now, therefore,
23

24 BE IT RESOLVED by the House of Representatives of the
25 Thirty-first Legislature of the State of Hawaii, Regular Session
26 of 2022, that the Hawaii State Department of Transportation is
27 requested to convene a working group and various committees to
28 create and recommend federal, state, and county subsidies for
29 the transport of waterborne cargo consistent with the findings
30 and recommendations of the Water Carriers Working Group's final
31 report; and
32

33 BE IT FURTHER RESOLVED that the working group consist of
34 the following members:
35

- 36 (1) The Senate President, or the President's designee;
37
38 (2) The Speaker of the House of Representatives, or the
39 Speaker's designee;
40
41 (3) The mayor of each county, or the respective mayor's
42 designee;

- (4) One representative from the Department of Business, Economic Development, and Tourism;
- (5) One representative from the Hawaii State Department of Transportation;
- (6) One representative from the Department of Agriculture;
- (7) One representative from the Public Utilities Commission;
- (8) One representative from the Hawaii Farm Bureau;
- (9) One representative from a labor organization that represents longshoremen; and
- (10) One representative from the Hawaii Cattlemen's Council; and

BE IT FURTHER RESOLVED that the Hawaii State Department of Transportation is requested to convene a committee to continue working and consulting with the United States Department of Transportation Maritime Administration in the establishment of a federal waterborne cargo subsidies program, including the drafting of legislation; and

BE IT FURTHER RESOLVED that the Hawaii State Department of Transportation is requested to convene a committee to work and consult with the Hawaii Congressional Delegation to sponsor a bill to establish a federal waterborne cargo subsidies program within the United States Department of Transportation; and

BE IT FURTHER RESOLVED that the working group is requested to work and consult with the Senate and House of Representatives Standing Committees with the subject matter of Transportation, county departments of transportation, and county councils in the establishment of a local waterborne cargo subsidies program, including the drafting of legislation; and

BE IT FURTHER RESOLVED that the working group is requested to submit an interim report providing an update on the status of

1 establishing these waterborne cargo subsidies programs to the
2 Legislature no later than twenty days prior to the convening of
3 the Regular Session of 2023; and
4

5 BE IT FURTHER RESOLVED that the working group is requested
6 to submit a final report of its findings and recommendations,
7 including any proposed legislation, to the Legislature and
8 Governor no later than twenty days prior to the convening of the
9 Regular Session of 2024; and
10

11 BE IT FURTHER RESOLVED that certified copies of this
12 Resolution be transmitted to Hawaii's Congressional Delegation;
13 the Senate President; Speaker of the House of Representatives;
14 Chairperson of the Board of Agriculture; Director of Business,
15 Economic Development, and Tourism; Director of Transportation;
16 Chairperson of the Public Utilities Commission; mayors of each
17 county; Executive Director of the Hawaii Farm Bureau; President
18 of the International Longshore and Warehouse Union, Local 142;
19 and President of the Hawaii Cattlemen's Council.
