
A BILL FOR AN ACT

RELATING TO MANUFACTURING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's economy has
2 been greatly impacted by the COVID-19 pandemic. Hawaii has some
3 of the highest levels of unemployment in the country as
4 joblessness rose to Great Depression-levels in the spring
5 following shutdown orders that were issued. During the April-
6 July 2020 period, the average unemployment rate, not seasonally
7 adjusted, was 18.5 per cent. Hawaii experienced a net loss of
8 115,000 non-agriculture payroll jobs during the April-July
9 period as compared with the same period a year ago and the
10 leisure and hospitality sector accounted for 58.7 per cent of
11 the total job loss at 67,500.

12 The legislature further finds that the State's tourism
13 industry has been profoundly impacted by the pandemic. Roughly
14 30,000 people arrived in Hawaii every day during 2019 with peak
15 arrivals exceeding 40,000 during the summer travel season. That
16 number has declined dramatically since the onset of the

1 pandemic. During the initial lockdowns in the spring, the
2 number of daily arrivals dropped below five hundred individuals.

3 The legislature further finds that the food manufacturing
4 industry in Hawaii can help the State's food security by
5 strengthening the link between farmers and other agricultural
6 producers and Hawaii's small business people who process raw
7 fruits, vegetables, grains, meats, and dairy products into
8 finished goods ready for the grocer or wholesaler to sell to
9 households, restaurants, or institutional food services. In
10 2015, Act 215 created the manufacturing development program that
11 provides assistance to manufacturing businesses in the State
12 through grants. The further development of the food
13 manufacturing industry in the State will prevent food waste and
14 broaden and diversify the economy away from its heavy reliance
15 on tourism.

16 The purpose of this Act is to establish an income tax
17 credit to incentivize the development of the food manufacturing
18 industry in the State.

19 SECTION 2. Chapter 235, Hawaii Revised Statutes, is
20 amended by adding a new section to be appropriately designated
21 and to read as follows:

1 "§235- Manufacturing development tax credit. (a) There
 2 shall be allowed to each qualified taxpayer subject to the tax
 3 imposed under this chapter, an income tax credit that shall be
 4 deductible from the qualified taxpayer's net income tax
 5 liability, if any, imposed by this chapter for the taxable year
 6 in which the credit is properly claimed.

7 (b) The amount of the tax credit shall be equal to the
 8 qualified expenses of the qualified taxpayer up to a maximum of
 9 \$ in any taxable year.

10 (c) In the case of a partnership, S corporation, estate,
 11 or trust, the tax credit allowable is for qualified expenses
 12 incurred by the entity for the taxable year. The expenses upon
 13 which the tax credit is computed shall be determined at the
 14 entity level. Distribution and share of credit shall be
 15 determined pursuant to section 704(b) of the Internal Revenue
 16 Code.

17 (d) The amount of the tax credits allowed under this
 18 section shall not exceed \$ for all qualified taxpayers
 19 in any taxable year; provided that any qualified taxpayer who is
 20 not eligible to claim the credit in a taxable year due to the
 21 \$ tax credit cap being reached for that taxable year

1 shall be eligible to claim the credit in the subsequent taxable
2 year.

3 (e) By March 31 of each year, each qualified taxpayer
4 claiming the tax credit for the previous taxable year, shall
5 submit a written, certified statement to the chairperson of the
6 board of agriculture identifying:

7 (1) Qualified expenses incurred in the previous year; and
8 (2) The amount of the tax credit claimed by the qualified
9 taxpayer pursuant to this section, if any, in the
10 previous taxable year.

11 (f) The department of agriculture shall:

12 (1) Maintain records of the names and addresses of the
13 qualified taxpayers claiming the credits under this
14 section and the total amount of the qualified expenses
15 upon which the tax credits are based;

16 (2) Verify the nature and amount of the qualified
17 expenses;

18 (3) Total all qualified and cumulative expenses that the
19 corporation certifies; and

1 (4) Certify the amount of the tax credit for each
2 qualified taxpayer of each taxable year and the
3 cumulative amount of the tax credit.

4 Upon each determination made under this subsection, the
5 department of agriculture shall issue a certificate to the
6 qualified taxpayer verifying information submitted to the
7 corporation, including amounts of qualified expenses, the credit
8 amount certified for the qualified taxpayer for each taxable
9 year, and the cumulative amount of tax credits certified. The
10 qualified taxpayer shall file the certificate with the qualified
11 taxpayer's tax return with the department of taxation.

12 The department of agriculture may assess and collect a fee
13 to offset the costs of certifying tax credit claims under this
14 section.

15 (g) The director of taxation:

16 (1) Shall prepare any forms that may be necessary to claim
17 a tax credit under this section;

18 (2) May require the qualified taxpayer to furnish
19 reasonable information to ascertain the validity of
20 the claim for the tax credit made under this section;

21 and

1 (3) May adopt rules under chapter 91 necessary to
2 effectuate the purposes of this section.

3 (h) If the tax credit under this section exceeds the
4 qualified taxpayer's net income tax liability, the excess of the
5 credit over liability may be used as a credit against the
6 qualified taxpayer's net income tax liability in subsequent
7 years until exhausted. All claims for the tax credit under this
8 section, including amended claims, shall be filed on or before
9 the end of the twelfth month following the close of the taxable
10 year for which the credit may be claimed. Failure to comply
11 with the foregoing provision shall constitute a waiver of the
12 right to claim the credit.

13 (i) As used in this section:

14 "Net income tax liability" means income tax liability
15 reduced by all other credits allowed under this chapter.

16 "Qualified expenses" means expenses incurred by a qualified
17 taxpayer for:

- 18 (1) The purchasing of food manufacturing equipment;
19 (2) Training of employees on the use of food manufacturing
20 equipment;

1 (3) Improving existing energy efficiency manufacturing
2 equipment or the purchase of improved energy
3 efficiency equipment in the food manufacturing
4 process; or

5 (4) Studying or planning the implementation of a new food
6 manufacturing facility.

7 "Qualified taxpayer" means any person or business entity
8 engaged in the food manufacturing industry in the State."

9 SECTION 3. New statutory material is underscored.

10 SECTION 4. This Act shall take effect upon its approval;
11 provided that section 2 of this Act shall apply to taxable years
12 beginning after December 31, 2021.

Report Title:

Food Manufacturing Development; Income Tax Credit

Description:

Creates an income tax credit to incentivize the food manufacturing industry in the State. Applies to taxable years beginning after December 31, 2021. (SD1)
