# A BILL FOR AN ACT

RELATING TO TRANSPORTATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that the protection of  
2 natural resources is critical to the future of the State's  
3 tourism industry. Many visitors choose to vacation in the State  
4 to experience the unique natural resources that can be found  
5 only in Hawaii and nowhere else in the world.

6           Even as the effects of climate change make natural resource  
7 protection ever more important, the legislature finds that the  
8 department of land and natural resources lacks the necessary  
9 funding to properly carry out its critical role as guardian of  
10 the environment. This lack of funding puts Hawaii's environment  
11 at risk and, therefore, seriously threatens an important  
12 foundation of the State's tourism industry.

13           The legislature further finds that other states have  
14 successfully used voluntary contribution check-off boxes to  
15 raise money for the protection of their natural resources. A  
16 similar program in Hawaii will raise funds for the State's own

1 environmental management and will engage visitors for this  
2 purpose.

3 The purpose of this Act is to provide the opportunity for  
4 persons renting cars in Hawaii to make a voluntary contribution  
5 toward the protection of the State's unique environment, which  
6 is a critical component of our tourism-based economy.

7 SECTION 2. Chapter 437D, Hawaii Revised Statutes, is  
8 amended by adding a new section to be appropriately designated  
9 and to read as follows:

10 "§437D- Optional environmental impact contribution. (a)  
11 Every lessor who is required to register with the director under  
12 section 251-3 shall include an option in each rental agreement  
13 for the lessee to make a voluntary contribution to the  
14 department of land and natural resources to preserve and protect  
15 the environment. The option shall be conspicuously printed in  
16 the rental agreement and the language of the option shall  
17 clearly state that the option is voluntary and does not affect  
18 the rental agreement. The department of land and natural  
19 resources shall develop and approve the option to be placed in  
20 each rental agreement.

1        (b) The lessor shall collect and keep all records of all  
2 contributions collected pursuant to this section and shall  
3 provide receipts to all lessees who elect to contribute.

4        (c) Contributions collected pursuant to this section shall  
5 be remitted to the department of land and natural resources,  
6 which shall deposit the contributions at the end of every fiscal  
7 year as follows:

8        (1) Fifty per cent into the conservation and resources  
9 enforcement special fund established under section  
10 199-1.5; and

11        (2) Fifty per cent into the land conservation fund  
12 established under section 173A-5."

13        SECTION 3. Section 173A-5, Hawaii Revised Statutes, is  
14 amended by amending subsection (d) to read as follows:

15        "(d) The appropriate percentage identified under section  
16 247-7 of all taxes imposed and collected under chapter 247 and  
17 contributions collected through rental agreements under section  
18 437D- shall be deposited in or credited to the fund every  
19 fiscal year."

20        SECTION 4. Section 199-1.5, Hawaii Revised Statutes, is  
21 amended by amending subsection (b) to read as follows:

1           "(b) The following shall be deposited into the  
2 conservation and resources enforcement special fund:

3           (1) Grants, awards, donations, gifts, transfers, or moneys  
4           derived from public or private sources for the  
5           purposes of enforcing the provisions of title 12;  
6           chapters 6D, 6E, and 6K; or any rule adopted  
7           thereunder;

8           (2) Fees, reimbursements, administrative charges, and  
9           penalties collected for activities related to the  
10          enforcement of natural, cultural, and historic  
11          resources protection laws and rules, except as  
12          otherwise provided by law that provides for deposits  
13          into other special funds administered by the  
14          department;

15          (3) Contributions collected through rental agreements  
16          under section 437D- ;

17          ~~(3)~~ (4) Moneys derived from interest, dividends, or other  
18          income from the above-mentioned sources; and

19          ~~(4)~~ (5) Appropriations by the legislature to the special  
20          fund."

1 SECTION 5. The department of land and natural resources  
2 shall adopt rules in accordance with chapter 91, Hawaii Revised  
3 Statutes, to effectuate the purpose of this Act by July 1, 2022.

4 SECTION 6. Statutory material to be repealed is bracketed  
5 and stricken. New statutory material is underscored.

6 SECTION 7. This Act shall take effect on January 1, 2023.
