11 WHEREAS, residents on Hawaii Island, Molokai, and Hana,
12 Maui have historically experienced disruption in service,
13 dropped calls, and dead areas in rural communities; and

17 data, and geographical knowledge regarding "underserved" and
18 "unserved" communities; and
19

20 WHEREAS, the State has the responsibility to provide
21 equitable access to broadband internet and service for residents
